ADMINISTRATION

ARTICLE I – GENERAL CODE PROVISIONS

DIVISION I - TITLE

1-1-1 TITLE. Upon the adoption by the County Board, this Code is hereby declared to be and shall hereafter constitute the official **"Clinton County Code"**. The Clinton County Code shall be known and cited as the **"County Code"**, and it is hereby published by authority of the County Board and shall be kept up-to-date as provided in **Section 1-1-3** under the direction of the State's Attorney, acting for the County Board. Any reference to the number of any section contained herein shall be understood to refer to the position of the same number, its appropriate chapter and article heading and to the general penalty clause relating thereto as well as to the section itself when reference is made to this County Code by title in any legal document. **(See 55 ILCS Sec. 5/5-29003)**

1-1-2 ACCEPTANCE. The County Code as hereby presented in printed form shall hereafter be received without further proof in all courts and in all administrative tribunals of this State as the ordinances of the County of general and permanent effect, except the excluded ordinances enumerated in **Section 1-1-8**.

1-1-3 AMENDMENTS. Any ordinance amending this County Code shall set forth the article, chapter, and section number of the section or sections to be amended, and this shall constitute a sufficient compliance with any statutory requirement pertaining to the amendment or revision by ordinance of any part of this County Code. All such amendments or revisions by ordinance shall be forwarded to the codifiers and the ordinance material shall be prepared for insertion in its proper place in each copy of this County Code. Each such replacement page shall be properly identified and shall be inserted in each individual copy of the County Code on an annual basis. **(See 55 ILCS Sec. 5/5-29008)**

1-1-4 CODE ALTERATION. It shall be deemed unlawful for any person to alter, change, replace or deface in any way, any section or any page of this Code in such a manner that the meaning of any phrase or order may be changed or omitted. Replacement pages may be inserted according to the official instructions when so authorized by the County Board. The Clerk shall see that the replacement pages are properly inserted in the official copies maintained in the office of the Clerk.

Any person having in his custody an official copy of this Code shall make every effort to maintain said Code in an up-to-date and efficient manner. He shall see to the immediate insertion of new or replacement pages when such are delivered to him or made available to him

through the office of the County Clerk. Said Code books, while in actual possession of officials and other interested persons shall be and remain the property of the County and shall be returned to the office of the Clerk upon termination of office or separation of duties.

1-1-5 **JURISDICTION.** Unless otherwise provided herein, this Code applies to acts performed within the corporate limits of the County. Provisions of this Code also apply to acts performed outside the corporate limits and up to the limits prescribed by law, where the law confers power on the County to regulate such particular acts outside the corporate limits.

1-1-6 - 1-1-7 **RESERVED.**

DIVISION II - SAVING CLAUSE

1-1-8 **REPEAL OF GENERAL ORDINANCES.** All general ordinances of the County passed prior to the adoption of this Code are hereby repealed, except such as are referred to herein as being still in force or are, by necessary implication, herein reserved from repeal **[subject to the saving clauses contained in the following sections]**, from which are excluded the following ordinances, which are not hereby repealed:

Tax Levy Ordinances; Appropriation Ordinances; Ordinances Relating to Boundaries and Annexations; Franchise Ordinances and other Ordinances Granting Special Rights to Persons or Corporations; Contract Ordinances and Ordinances Authorizing the Execution of a Contract or the Issuance of Warrants; Salary Ordinances; Ordinances Establishing, Naming, or Vacating Streets, Alleys, or Other Public Places; Improvement Ordinances; Bond Ordinances; Ordinances Relating to Elections; Ordinances Relating to the Transfer or Acceptance of Real Estate by or from the Village; and all Special Ordinances. **(See 55 ILCS Sec. 5/5-29009)**

1-1-9 PUBLIC UTILITY ORDINANCES. No ordinance relating to railroads or railroad crossings with streets and other public ways or relating to the conduct, duties, service or rates of public utilities shall be repealed by virtue of the adoption of this Code or by virtue of the preceding section, excepting as this Code shall be considered as amending such ordinance or ordinances in respect to such provisions only.

1-1-10 COURT PROCEEDINGS. No new ordinance shall be construed or held to repeal a former ordinance, whether such former ordinance is expressly repealed or not, as to any offense committed against such former ordinance or as to any act done, any penalty, forfeiture or punishment so incurred, or any right accrued or claim arising under the former ordinance, or in any way whatever to affect any claim arising under the former ordinance or in any way whatever to affect any such offense or act so committed or so done, or any penalty, forfeiture or punishment so incurred or any right accrued or claim arising before the new ordinance takes effect, save only that the proceedings thereafter shall conform to the ordinance in force at the time of such proceeding, so far as practicable. If any penalty, forfeiture or

punishment be mitigated by any provision of a new ordinance, such provision may be, by the consent of the party affected, applied to any judgment announced after the new ordinance takes effect.

This Section shall extend to all repeals, either by express words or implication, whether the repeal is in the ordinance making any new provisions upon the same subject or in any other ordinance.

Nothing contained in this Chapter shall be construed as abating any action now pending under or by virtue of any general ordinance of the County herein repealed and the provisions of all general ordinances contained in this Code shall be deemed to be continuing provisions and not a new enactment of the same provision; nor shall this Chapter be deemed as discontinuing, abating, modifying or altering any penalty accrued or to accrue, or as affecting the liability of any person, firm or corporation, or as waiving any right of the County under any ordinance or provision thereof in force at the time of the adoption of this Code.

1-1-11 SEVERABILITY OF PROVISIONS. Each section, paragraph, sentence, clause and provision of this Code is severable, and if any provision is held unconstitutional or invalid for any reason, such decision shall not affect the remainder of this Code, nor any part thereof, other than that part affected by such decision.

1-1-12 COUNTY CLERK'S CERTIFICATE. The County Clerk's Certificate shall be substantially in the following form:

(Ord. No. 05-04-01)

ARTICLE V – ADULT ORIENTED BUSINESSES

DIVISION I - GENERALLY

7-5-1 PURPOSE. It is the purpose of this Article to regulate adult oriented businesses in order to promote the health, safety, and general welfare of the citizens of the County, and to establish reasonable and uniform regulations to prevent the deleterious location and concentration of adult oriented businesses within the County. The provisions of this Article have neither the purpose nor effect of imposing a limitation or restriction on the content of any communicative materials, including adult oriented material. Similarly, it is not the intent nor effect of this Article to restrict or deny access by adults to adult oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of adult oriented entertainment to their intended market. Neither is it the intent nor effect of this Article to condone or legitimize the distribution of obscene material.

7-5-2 FINDINGS. Based on evidence concerning the adverse secondary effects of adult uses on the community presented in hearings and in reports made available to the Commission, and on findings incorporated in the cases of *City of Renton v. Playtime Theaters, Inc.*, 475 U.S. 41 (1986), *Young v. American Mini Theaters*, 426 U.S. 50 (1976), *Barnes v. Glen Theater, Inc.*, 501 U.S. 560 (1991), *North Avenue Novelties Incorporated v. City of Chicago*, 88 F. 3d. 441 (7th Cir. 1996), and *Excalibur Group, Inc. v. City of Minneapolis*, 116 F. 3d 1216 (CA8 1997), and on studies in other communities including, but not limited to, Phoenix, Arizona; Minneapolis, Minnesota; Houston, Texas; Indianapolis, Indiana; Amarillo, Texas; Garden Grove, California; Los Angeles, California; Whittier, California; Austin, Texas; Seattle, Washington; Oklahoma City, Oklahoma; Cleveland, Ohio; and Beaumont, Texas; and also on finding from the Report of the Attorney General's Working Group On The Regulation Of Adult Oriented Businesses, (June 6, 1989, State of Minnesota), the Council finds:

(A) Adult oriented businesses lend themselves to ancillary unlawful and unhealthy activities that are presently uncontrolled by the operators of the establishments. Further, there is presently no mechanism to make the owners of these establishments responsible for the activities that occur on their premises.

(B) Certain employees and patrons of adult oriented businesses defined in this Article as adult theaters and cabarets engage in higher incidence of certain types of illicit sexual behavior than employees and patrons other establishments.

(C) Sexual acts, including masturbation, and oral and anal sex, occur at adult oriented businesses, especially those which provide private or semi-private booths or cubicles for viewing films, videos, or live sex shows.

(D) Offering and providing such space encourages such activities, which creates unhealthy conditions.

(E) Persons frequent certain adult theaters, adult arcades, and other adult oriented businesses for the purpose of engaging in sex within the premises of such adult oriented businesses.

(F) At least **fifty (50)** communicable diseases may be spread by activities occurring in adult oriented businesses, including, but not limited to, syphilis, gonorrhea, human immunodeficiency virus infection (HIV – AIDS), genital herpes, Hepatitis B, Non A, Non B amebiasis, salmonella infections and shigella infections.

(G) Since 1981 and to the present, there has been an increasing cumulative number of reported cases of AIDS caused by the human immunodeficiency virus (HIV) in the United States.

(H) The Surgeon General of the United States in his report of **October 22, 1986**, has advised the American public that AIDS and HIV infection may be transmitted through sexual contact, intravenous drug abuse, exposure to infected blood and blood components, and from an infected mother to her newborn.

(I) According to the best scientific evidence, AIDS and HIV infection, as well as syphilis and gonorrhea, are principally transmitted by sexual acts.

(J) Sanitary conditions in some adult oriented businesses are unhealthy, in part, because the activities conducted there are unhealthy, and, in part, because of the unregulated nature of the activities and the failure of the owners and the operators of the facilities to self regulate those activities and maintain those facilities.

(K) Numerous studies and reports have determined that semen is found in the areas of adult oriented businesses where persons view "adult" oriented films.

(L) The findings noted in paragraphs (A) through (K) raise substantial and legitimate governmental concerns.

(M) Adult oriented businesses have operational characteristics which should be reasonably regulated in order to protect those substantial and legitimate governmental concerns.

(N) A reasonable licensing procedure is an appropriate mechanism to place the burden of that reasonable regulation on the owners and operators of the adult oriented businesses. Further, such a licensing procedure will place a heretofore nonexistent incentive on the operators to see that the adult oriented business is run in a manner consistent with the health, safety and welfare of its patrons and employees, as well as the citizens of the County. It is appropriate to require reasonable assurances that the licensee is the actual operator of the adult oriented business, fully in possession and control of the premises and activities occurring therein.

(O) Prohibiting of doors on adult booths and requiring sufficient lighting on premises with adult booths advances a substantial governmental interest in curbing the illegal and unsanitary sexual activity occurring in adult theaters.

(P) The disclosure of certain information by those persons ultimately responsible for the day-to-day operation and maintenance of the adult oriented business, where such information is substantially related to the significant government interest in the operation of such uses, will aid in preventing the spread of sexually transmitted diseases.

(Q) It is desirable in the prevention of the spread of communicable diseases to obtain a limited amount of information regarding certain employees who may engage in the conduct which this ordinance is designed to prevent or who are likely to be witnesses to such activity.

(R) There are certain operational characteristics of adult oriented businesses that have adverse secondary effects (noted herein) on communities, including but not limited to the advertisement of adult oriented business through the use of large signs, which contribute to the blighting and/or downgrading of surrounding property.

(S) The general welfare, health, morals and safety of the citizens of the County will be promoted by the enactment of this Article.

(T) Due to the adverse secondary effects (noted herein) on communities, it is reasonable and necessary to impose reasonable time, place and manner restrictions on adult oriented businesses in the form of zoning and locational regulations contained in this Article, and that these regulations are tailored to advance the legitimate governmental interest of

avoiding, to the extent possible, the impact of such harmful and adverse secondary effects on the community while ensuring that such regulations do not unreasonably limit alternative avenues of communications.

(U) Based on Renton v. Playtime Theaters, Inc., 475 U.S. 41 (1986), and North Avenue Novelties Incorporated v. City of Chicago, 88 F. 3d 441 (7th Cir. 1996), the Commission further finds that this Article, while advancing the legitimate and substantial governmental interest of protecting property values, preventing increase in crime, and protecting the health, safety and welfare of the community, does not unreasonably limit alternative avenues of communication for adult oriented businesses and the Proposed Ordinance does provide a reasonable opportunity to disseminate speech to the extent that:

- (1) No adult oriented businesses presently exist within the corporate boundaries of the County of Clinton, Illinois;
and,
 - (2) Over the past **five (5) years**, Clinton County, Illinois has received only **zero (0)** inquiries regarding the location of an adult oriented business in Clinton County, Illinois, and that none have located within Clinton County, Illinois; and
 - (3) Based on the findings of the Locational Study, there is ample area for the locations of Adult Oriented Businesses in that the total area within Clinton County's zoning jurisdiction equals approximately **1.17 square miles**, the Industrial Zone equals approximately **seven hundred fifty-five (755) acres**, and that approximately **four hundred (400) acres** are available for the location of adult oriented businesses; and,
 - (4) The areas available for the location of adult oriented businesses are presently served by adequate public utilities and infrastructure, or such areas can be readily served with such public utilities and infrastructure if and when the need for development of such areas arises.

(V) Increased criminal activity in areas where adult oriented businesses operate, including increased property crimes (vandalism, burglary, larceny, auto theft), violent crimes (murder, rape, robbery and assault) and sex crimes (rape, indecent exposure, child molestation). Due to the increase in criminal activity, insurance rates also increased.

(W) Substantial depreciation in neighborhood property values occurs where adult oriented businesses are located.

(X) Tendency of local citizenry to avoid areas where adult oriented businesses are located. These studies noted that patrons of adult oriented businesses are typically not resident of nearby neighborhoods, and that without community identify, behavior is

less inhibited which contributes to increased criminal activity. The studies also noted that the owners of adult oriented businesses are typically not residents of the community in which the adult oriented business is located.

(Y) The location of adult oriented businesses near establishments selling alcoholic beverages compounds the problem of increased criminal activity.

(Z) Increased public health hazards due to illicit sexual encounters in adult oriented businesses, including but not limited to sexual encounters within "peep show booths", used condoms littering the streets and sidewalks, and increased prostitution.

(AA) Adult oriented businesses cause an increase in noise, lighting and traffic during late night hours.

(BB) County will be best able to buffer the harmful secondary effects of adult oriented businesses on surrounding areas by imposing reasonable design controls on the appearance and image of adult oriented businesses.

(CC) Those findings made in the prefatory portion of this Article are hereby adopted.

7-5-3 - 7-5-9 RESERVED.

PART B – DISPLAY SITE SELECTION/MINIMUM DISTANCES

[2016]

I-246

- ☐ Did the operator provide you a copy of the Display Site plan? The display site plan must include the dimensions and locations of the discharge site, the fallout area, and identify the spectator viewing area and parking areas which must be located outside of the display site. The associated separation distances must also be shown.
- ☐ Identify the largest mortar size in inches: ()
- ☐ The minimum display site size required to conduct the display is based on the size of the largest mortar. To determine the minimum area for the display site, go to Table 1 and read the number next to size of the largest mortar identified above:

Table 1

Mortar Size (in inches)	Minimum Secured Diameter of the Site (in feet)
<3	280
3	420
4	560
5	700
6	840
7	980
8	1120
10	1400
12	1680

Where unusual or safety-threatening conditions exist, the authority having jurisdiction shall be permitted to increase the required separation distances as it deems necessary.

- ☐ Spectators and spectator parking areas must be located outside of the display site.

- Dwellings, buildings, and structures are not permitted to be located within the display site without the approval of the authority having jurisdiction and the owner and the dwelling, building, or structure is unoccupied during the display. The building may remain occupied if the structure provides protection through substantial noncombustible or fire-resistant construction for the occupants.
- Fire protection personnel and their vehicles and other emergency response personnel and vehicles shall remain at or beyond the perimeter of the display site during the actual firing of the display.
- Review sample Display Site Plan at end of this document.

PART C – LOCATION OF DISPLAY

- Mortars shall be placed at the approximate center of the display site.
- There shall not be any overhead object over the mortars or within 25 ft of the trajectory of any aerial shells.
- Ground display pieces shall be located a minimum distance of 75 ft from spectator viewing areas and parking areas.

Exception: For ground pieces with greater hazard potential (such as large wheels with powerful drivers, and items employing large salutes) or all roman candles and multishot devices, the minimum separation distance shall be increased to 125 ft (38 m).

PART D - MORTARS

- Mortars shall be positioned and spaced so that shells are propelled away from spectators, over the fallout area, and to afford maximum protection to the shooter and loader. Under no circumstances shall mortars be angled toward the spectator viewing area.
- Mortar racks or bundles shall be constructed in a thorough and workmanlike manner to be capable of holding multiple mortars in position during normal functioning. Mortar racks or bundles that are not inherently stable shall be secured or braced to stabilize them. Stabilization shall be accomplished by using stakes, legs, A-frames, side-boards, or equivalent means.

PART E – GROUND DISPLAY

- ☐ To the extent that it is practical, all ground display pieces shall be positioned outside the discharge area of aerial displays.

Exception: Where aerial shells have been preloaded, ground display pieces shall be permitted to be located in that discharge area.
- ☐ Dry grass or combustible materials located beneath ground display pieces shall be wet down before the display if they are in sufficient quantity to be a fire hazard.
- ☐ Poles for ground display pieces shall be securely placed and firmly braced so that they do not fall over during functioning of the fireworks device.

PART F – DISPLAY SITE SAFETY

- ☐ The authority having jurisdiction and the operator shall meet and determine the level of fire protection required.
- ☐ During the period before the display, where pyrotechnic materials are present, unescorted public access to the site shall not be permitted.
- ☐ Are there enough monitors positioned around the discharge site to prevent spectators or any other unauthorized persons from entering the discharge site? The discharge site must be restricted throughout the display and until the discharge site has been inspected after the display. The authority having jurisdiction may approve delineators or barriers to be used in crowd control.

- ☐ Does the display have at least two spotters, or preferably more, assigned to watch the flight and behavior of aerial shells and other aerial fireworks to verify that they are functioning as intended. If any unsafe condition is detected, such as hazardous debris falling into the audience, the spotter shall signal the shooter to cease firing until the unsafe condition is corrected. The spotters shall be in direct communication with the shooter during the conduct of the display, with an effective means of informing the shooter of any hazardous condition.

PART G – DISCHARGE AREA SAFETY

- ☐ During the firing of the display, all personnel in the discharge site shall wear head protection, eye protection, hearing protection, and foot protection and shall wear cotton, wool, or similarly flame-resistant, long-sleeved, long-legged clothing. Personal protective equipment, as necessary, shall be worn by the operator and assistants during the setup and cleanup of the display.
- ☐ No person shall ever place any body part over the mortar during the loading and firing of a display until mortars have been checked for the absence of any shells following the display.
- ☐ Smoking materials, matches, lighters or open flame devices shall not be allowed within 50 ft (15 m) of any area where fireworks or other pyrotechnic materials are present.

Exception: Devices such as fuses, portfires, and torches shall be permitted to be used to ignite fireworks.
- ☐ No person shall be allowed in the discharge area while under the influence of alcohol, narcotics, or medication that could adversely affect judgment, mobility, or stability.
- ☐ The first shell fired shall be observed carefully to determine that its trajectory is such that the shell functions over the fallout area and that any hazardous debris or unexploded shells land in the fallout area. The display shall be interrupted and the mortars shall be reangled or

repositioned as necessary for safety at any time during an outdoor fireworks display.

PART H – HALTING DISPLAY

- ☐ Wherever, in the opinion of the authority having jurisdiction or the operator, any hazardous condition exists, the fireworks display shall be postponed until the condition is corrected. Such conditions include but are not limited to the following:

The lack of crowd control,

If high winds, precipitation, or other adverse weather conditions prevail, or

If any unsafe condition is detected, such as hazardous debris falling into the audience, the spotter shall signal the shooter to cease firing until the unsafe condition is corrected.

- ☐ In the event of a condition arising requiring the entry of fire protection or other emergency response personnel into the fallout area or security perimeter, the display shall be halted until the situation is resolved and the area is once again clear.

PART I – POST DISPLAY INSPECTION

- ☐ Following the display, the firing crew shall conduct an inspection of the fallout area for the purpose of locating any unexploded aerial shells or live components. This inspection shall be conducted before any public access to the site shall be permitted.
- ☐ Where fireworks are displayed at night, a search of the fallout area shall be made immediately after the display and at first light the following morning by the operator or designated personnel acceptable to the authority having jurisdiction.

of this Agreement or of any law, rule, or regulation, then as soon as possible following knowledge thereof the Company shall notify the County of the point of conflict believed to exist. If the County determines that a material provision of this Agreement is affected by such action, the County shall have the right to modify or amend any of the provisions herein to such reasonable extent as may be necessary to carry out the full intent and purpose of this Agreement. However, if any condition of this instrument shall be deemed unlawful or in conflict with the rules and regulations of any regulatory agency empowered with authority over cable TV matters, the Company shall have the right to cease and desist immediately from compliance with that condition until any and all review procedures have been finalized. Actions by the Company relating to such matters will not place the Company in default with the Agreement.

The price for such a sale shall be fair market as determined by an outside agency, company or brokerage house competent and experienced in such determination.

8-1-19 REVOCATION.

(A) In addition to all other rights, powers or remedies pertaining to the County in connection with this Chapter or otherwise, the County reserves the right to terminate, cancel or revoke the franchise and all rights and privileges of the Company under this Chapter in the event the Company:

- (1) Violates any material provisions of this Chapter or any rule, order or determination of the County made pursuant to this Chapter; or
- (2) Becomes insolvent, unable or unwilling to pay its debts or is adjudged bankrupt; or
- (3) Fails for a substantial time to provide effective transmission or receiving services and capabilities to subscribers, except for strikes, war, civil commotion, Acts of God, or other causes beyond the control of the Company; or

(B) Such termination, cancellation and revocation shall be by ordinance after a hearing before the Corporate Authorities. The County shall give the Company at least **thirty (30) days** notice of the hearing. The County shall allow the Company an additional period of time not to exceed **sixty (60) additional days**, to prepare for the hearing in the event the Company requests additional time prior to the expiration of the first **thirty (30) days**, but only upon the showing by the Company that such time is reasonably necessary for preparation purposes and is not merely a dilatory tactic. The Company shall have an opportunity before the Corporate Authorities to be fully heard and with respect to all situations (except those covered

in **Section 18-1-19(A)(6)** above), shall be given a reasonable period of time not to exceed **ninety (90) days**, to cure any and all defaults, omissions, breaches, or causes for such termination, cancellation or revocation. The Corporate Authorities shall make findings of fact in connection with any termination, cancellation or revocation; and shall make a finding of fact as to the reasonableness of any time period allowed for cure. Failure of the Company to cure within the time allocated, providing such time is in fact reasonable, shall be grounds for final termination without the right of further hearing.

(C) With respect to violations of **Section 8-1-19(A)(6)** above with regard to knowing fraud or deceit, if after notice of hearing the County determines that any knowing fraud or deceit was an isolated act of any employee of Company and that none of the officers, directors, or principals of the Company knew or should have known of the fraud or deceit, County shall provide Company with a reasonable period of time to take proper action against the responsible employee, make full restitution for any damages caused, and establish procedures to prevent such problems in the future.

If after notice and hearing, County determines that there is reasonable cause to believe that any of the officers, directors, or principals of the Company knew or should have known of the fraud or deceit, County at its option may make a preliminary determination that such reasonable cause exists, and if the result of the preliminary determination is that such reasonable cause does in fact exist, shall indicate whether or not it will seek termination of the franchise on account of same if the preliminary determination is made final.

If the preliminary determination of County is that there is reasonable cause to believe that any of the officers, directors, or principals of the Company knew or should have known of the fraud or deceit and the County also intends to seek termination of the franchise, Company may, within **thirty (30) days**

after notice to Company of such determination, require the determination of such reasonable cause to be submitted to the American Arbitration Association, or if the association shall not then be in existence or shall not be able to act under the circumstances, to a similar of successor association, for binding arbitration in accordance with the rules of such association and the terms of this agreement. The Company shall continue to operate the system until such determination is made. After such determination is made, if it shall be determined that any officers, directors, or principals of Company knew or should have known of the fraud or deceit, County may at its option terminate this agreement immediately with no right of or time period for cure.

If the Arbitrators determine that contrary to the preliminary determination of the County no reasonable cause existed to believe that any of the officers, directors, or principals of Company knew or should have known of the fraud or deceit, County shall be responsible to pay for the Arbitrator's fees and charges for both parties. If the Arbitrators determine that the preliminary determination of County was correct and that such reasonable cause did in fact exist, Company shall pay the Arbitrator's fees and charges for both parties.

8-1-20 **TERMINATION OF SERVICE.** Upon termination of the System's service to any Subscriber, the Company, upon written request shall without charge promptly remove its System facilities from the property of such Subscriber. The removal of its facilities constitutes full satisfaction of its liability for any alterations it may have had to make to the customer's property at the time of installation in order to provide cable TV service to the Subscriber.

decisions shall include, but not be limited to, increasing rates or otherwise amending this Chapter. No such change shall take effect until **thirty (30) days** after receipt of said notice by Company. CHAPTER 14

FLOOD PLAIN CODE

14-1-1 PURPOSE. This Code is enacted pursuant to the police powers granted to this County by County Statutory Authority in **55 Illinois Compiled Statutes, 5/5-1041 and 5/1063** in order to accomplish the following purposes:

- (A) To prevent unwise developments from increasing flood or drainage hazards to others;
- (B) To protect new buildings and major improvements to buildings from flood damage;
- (C) To promote and protect the public health, safety, and general welfare of the citizens from the hazards of flooding;
- (D) To lessen the burden on the taxpayer for flood control, repairs to public facilities and utilities, and flood rescue and relief operations;
- (E) To maintain property values and a stable tax base by minimizing the potential for creating blight areas;
- (F) To make federally subsidized flood insurance available; and
- (G) To preserve the natural characteristics and functions of watercourses and floodplains in order to moderate flood and stormwater impacts, improve water quality, reduce soil erosion, protect aquatic and riparian habitat, provide recreational opportunities, provide aesthetic benefits and enhance community and economic development.

14-1-2 **DEFINITIONS.** For the purposes of this Code, the following definitions are adopted:

BASE FLOOD: The flood having a **one percent (1%)** probability of being equaled or exceeded in any given year. The base flood is also known as the 100-year flood. The base flood elevation at any location is as defined in **Section 14-1-3** of this Code.

BASE FLOOD ELEVATION (BFE): The elevation in relation to mean sea level of the crest of the base flood.

BUILDING: A structure that is principally above ground and is enclosed by walls and a roof including manufactured homes, prefabricated buildings, and gas or liquid storage tanks. The term also includes recreational vehicles and travel trailers installed on a site for more than **one hundred eighty (180) days** per year.

CRITICAL FACILITY: Any public or private facility which, if flooded, would create an added dimension to the disaster or would increase the hazard to life and health. Examples are public buildings, emergency operations and communication centers, health care facilities and nursing homes, schools, and toxic waste treatment, handling or storage facilities.

DEVELOPMENT: Any man-made change to real estate including, but not necessarily limited to:

- (A) Demolition, construction, reconstruction, repair, placement of a building, or any structural alteration to a building;
- (B) Substantial improvement of an existing building;
- (C) Installation of a manufactured home on a site, preparing a site for a manufactured home, or installing a travel trailer on a site for more than **one hundred eighty (180) days** per year;
- (D) Installation of utilities, construction of roads, bridges, culverts or similar projects;
- (E) Construction or erection of levees, dams, walls, or fences;

(F) Drilling, mining, filling, dredging, grading, excavating, paving, or other alterations of the ground surface;

(G) Storage of materials including the placement of gas and liquid storage tanks; and

(H) Channel modifications or any other activity that might change the direction, height or velocity of flood or surface waters.

"Development" does not include maintenance of existing buildings and facilities; resurfacing roads; or gardening, plowing, and similar practices that do not involve filling, grading, or construction of levees.

FEMA: Federal Emergency Management Agency.

FLOOD: A general and temporary condition of partial or complete inundation of normally dry land areas from the overflow, the unusual and rapid accumulation, or the runoff of surface waters from any source.

FLOOD FRINGE: That portion of the floodplain outside of the regulatory floodway.

FLOOD INSURANCE RATE MAP: A map prepared by the Federal Emergency Management Agency. This map includes insurance rate zones and may or may not depict floodways and show base flood elevations.

FLOODPLAIN AND SPECIAL FLOOD HAZARD AREA (SFHA): They are synonymous. Those lands within the jurisdiction of Clinton County that are subject to inundation by the base flood. The floodplains of Clinton County are generally identified as such on the countywide Flood Insurance Rate Map of Clinton County prepared by the Federal Emergency Management Agency and dated **August 2, 2007**. Floodplain also includes those areas of known flooding as identified by the community. **(Ord. No. 2007-001; 08-20-07)**

FLOODPROOFING: Any combination of structural or nonstructural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate, property and their contents.

FLOODPROOFING CERTIFICATE: A form published by the Federal Emergency Management Agency that is used to certify that a building has been designed and constructed to be structurally dry floodproofed to the flood protection elevation.

FLOOD PROTECTION ELEVATION OR FPE: The elevation of the base flood plus **one (1) foot** of freeboard at any given location in the floodplain.

FLOODWAY: That portion of the floodplain required to store and convey the base flood. The floodway for the floodplains of **Grassy Branch, Kaskaskia River, Shoal Creek and Sugar Creek** shall be as delineated on the countywide Flood Insurance Rate Map of **Clinton County** prepared by FEMA and dated **August 2, 2007**. The floodways for each of the remaining floodplains of Clinton County shall be according to the best data available from Federal, State, or other sources. **(Ord. No. 2007-001; 08-20-07)**

IDNR/OWR: Illinois Department of Natural Resources/Office of Water Resources.

MANUFACTURED HOME: A structure transportable in **one (1)** or more sections, that is built on a permanent chassis and is designed to be used with or without a permanent foundation when connected to required utilities.

NFIP: National Flood Insurance Program.

REPETITIVE LOSS: Flood related damages sustained by a structure on **two (2)** separate occasions during a **ten (10) year** period for which the cost of repairs at the time of each such flood event on the

average equals or exceeds **twenty-five percent (25%)** of the market value of the structure before the damage occurred.

SFHA: See definition of floodplain.

SUBSTANTIAL DAMAGE: Damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damage condition would equal or exceed **fifty percent (50%)** of the market value of the structure before the damage occurred regardless of actual repair work performed. Volunteer labor and materials must be included in this determination.

SUBSTANTIAL IMPROVEMENT: Any reconstruction, rehabilitation, addition, or improvement of a structure, the cost of which equals or exceeds **fifty percent (50%)** of the market value of the structure before the improvement or repair is started. "Substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either (1) any project for improvement of a structure to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or (2) any alteration of a structure listed on the National Register of Historic Places or the Illinois Register of Historic Places.

TRAVEL TRAILER (OR RECREATIONAL VEHICLE): A vehicle which is:

- (A) built on a single chassis;
- (B) **four hundred (400) square feet** or less in size;
- (C) designed to be self-propelled or permanently towable by a light duty truck; and
- (D) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

14-1-3 BASE FLOOD ELEVATION. This Code's protection standard is the base flood. The best available base flood data are listed below. **Whenever a party disagrees with the best available data, the party shall finance the detailed engineering study**

needed to replace the existing data with better data and submit it to the FEMA and IDNR/OWR for approval prior to any development of the site.

(A) The base flood elevation for the floodplains of **Grassy Branch, Kaskaskia River, Shoal Creek, Sugar Creek, Lake Branch, and Carlyle Lake** shall be as delineated on the 100-year flood profiles in the countywide Flood Insurance Study of **Clinton County** prepared by the Federal Emergency Management Agency and dated **August 2, 2007**. **(Ord. No. 2007-001; 08-20-07)**

(B) The base flood elevation for each floodplain delineated as an "AH Zone" or "AO Zone" shall be that elevation (or depth) delineated on the countywide Flood Insurance Rate Map of **Clinton County** dated **August 2, 2007**. **(Ord. No. 2007-001; 08-20-07)**

(C) The base flood elevation for each of the remaining floodplains delineated as an "A Zone" on the countywide Flood Insurance Rate Map of **Clinton County** shall be according to the best data available from federal, state or other sources. Should no other data exist, an engineering study must be financed to determine base flood elevations.

14-1-4 DUTIES OF THE FLOODPLAIN COORDINATOR. The Floodplain Coordinator shall be responsible for the general administration of this Code and ensure that all development activities within the floodplains under the jurisdiction of **Clinton County** meet the requirements of this Code. Specifically, the Floodplain Coordinator shall:

(A) Process development permits in accordance with **Section 14-1-5**;

(B) Ensure that all development in a floodway (or a floodplain with no delineated floodway) meets the damage prevention requirements of **Section 14-1-6**.

(C) Ensure that the building protection requirements for all buildings subject to **Section 14-1-7** are met and maintain a record of the "as-built" elevation of the lowest floor (including basement) or floodproof certificate;

(D) Assure that all subdivisions and annexations meet the requirements of **Section 14-1-8**;

(E) Ensure that water supply and waste disposal systems meet the public health standards of **Section 14-1-9**;

(F) If a variance is requested, ensure that the requirements of **Section 14-1-10** are met and maintain documentation of any variances granted;

(G) Inspect all development projects and take any and all actions outlined in **Section 14-1-12** as necessary to ensure compliance with this Code;

(H) Assure that applicants are aware of and obtain any and all other required local, state and federal permits;

(I) Notify IDNR/OWR and any neighboring communities prior to any alteration or relocation of a watercourse;

(J) Provide information and assistance to citizens upon request about permit procedures and floodplain construction techniques;

(K) Cooperate with State and Federal floodplain management agencies to coordinate base flood data and to improve the administration of this Code; and

(L) Maintain for public inspection base flood data, floodplain maps, copies of state and federal permits, and documentation of compliance for development activities subject to this Code.

(M) Perform site inspections to ensure compliance with this Code and make substantial damage determinations for structures within the floodplain.

(N) Maintain the accuracy of floodplain maps including notifying IDNR/OWR and/or submitting information to FEMA within **six (6) months** whenever a modification of the floodplain may change the base flood elevation or result in a change to the floodplain map.

14-1-5 DEVELOPMENT PERMIT. No person, firm, corporation, or governmental body not exempted by law shall commence any development in the floodplain without first obtaining a development permit from the Floodplain Coordinator. The Floodplain Coordinator shall not issue a development permit if the proposed development does not meet the requirements of this Code.

(A) **Application Documents.** The application for development permit shall be accompanied by:

- (1) drawings of the site, drawn to scale showing property line dimensions;
 - (2) existing grade elevations and all changes in grade resulting from excavation or filling;
 - (3) the location and dimensions of all buildings and additions to buildings; and
 - (4) the elevation of the lowest floor (including basement) of all proposed buildings subject to the requirements of **Section 14-1-7** of this Code;
- (5) cost of project or improvement as estimated by a licensed engineer or architect. A signed estimate by a contractor may also meet this requirement.

(B) **Elevation Comparisons.** Upon receipt of an application for development permit, the Floodplain Coordinator shall compare the elevation of the site to the base flood elevation. Any development located on land that can be shown by survey data to be higher than the current base flood elevation and which has not been filled after the date of the site's first Flood Insurance Rate Map is not in the floodplain and therefore not subject to the requirements of this Code. Conversely, any development located on land shown to be below the base flood elevation and hydraulically connected, but not shown on the current Flood Insurance Rate Map is subject to the provisions of this Code. The Floodplain Coordinator shall maintain documentation of the existing ground elevation at the development site and certification that this ground elevation existed prior to the date of the site's first Flood Insurance Rate Map identification.

14-1-6 PREVENTING INCREASED FLOOD HEIGHTS AND RESULTING DAMAGES. Within the floodway identified on the countywide Flood Insurance Rate Map, and within all other floodplains where a floodway has not been delineated, the following standards shall apply:

(A) Except as provided in **Section 14-1-6(B)**, no development shall be allowed which, acting in combination with existing and anticipated development, will cause any increase in flood heights or velocities or threat to public health and safety. The following specific development activities shall be considered as meeting this requirement:

- (1) Barge fleeting facilities meeting the conditions of IDNR/OWR Statewide Permit No. 3;
- (2) Aerial utility crossings meeting the conditions of IDNR/OWR Statewide Permit No., 4;
- (3) Minor boat docks meeting the conditions of IDNR/OWR Statewide Permit No. 5;
- (4) Minor, non-obstructive activities meeting the conditions of IDNR/OWR Statewide Permit No. 6;
- (5) Outfall structures and drainage ditch outlets meeting the conditions of IDNR/OWR Statewide Permit No. 7;

- (9) Minor maintenance dredging activities meeting the conditions of IDNR/OWR Statewide Permit No. 11; and
- (10) Bridge and culvert replacement structures and bridge widenings meeting the conditions of IDNR/OWR Statewide Permit No. 12; and
- (11) Temporary construction activities meeting the conditions of IDNR/OWR Statewide Permit No. 13; and
- (12) Any development determined by IDNR/OWR to be located entirely within a flood fringe area.

- (B) Other development activities not listed in (A) may be permitted only if:
- (1) A permit has been issued for the work by IDNR/OWR (or written documentation is provided that an IDNR/OWR permit is not required); and
 - (2) Sufficient data has been provided to FEMA when necessary, and approval obtained from FEMA for a revision of the regulatory map and base flood elevation.

14-1-7 PROTECTING BUILDINGS.

(A) **Requirements.** In addition to the damage prevention requirements of **Section 14-1-6**, all buildings located in the floodplain shall be protected from flood damage below the flood protection elevation. This building protection requirement applies to the following situations:

- (1) Construction or placement of a new building valued at more than **One Thousand Dollars (\$1,000.00)** or **seventy (70) square feet**;
- (2) Substantial improvements made to an existing building. This alteration shall be figured cumulatively beginning with any alteration which has taken place subsequent to the adoption of this Code;
- (3) Repairs made to a substantially damaged building. These repairs shall be figured cumulatively beginning with any repairs which have taken place subsequent to the adoption of this Code.
- (4) Structural alterations made to an existing building that increase the floor area by more than **twenty percent (20%)**;

- (5) Installing a manufactured home on a new site or a new manufactured home on an existing site (the building protection requirements do not apply to returning a manufactured home to the same site it lawfully occupied before it was removed to avoid flood damage); and
- (6) Installing a travel trailer or recreational vehicle on a site for more than **one hundred eighty (180) days** per year.
- (7) Repetitive loss to an existing building as defined in **Section 14-1-2(Q)**.

(B) **Alternative Methods.** Residential or non-residential buildings can meet the building protection requirements by one of the following methods:

- (1) The building may be constructed on permanent landfill in accordance with the following:
 - (a) The lowest floor (including basement) shall be at or above the flood protection elevation;
 - (b) The fill shall be placed in layers no greater than **six (6) inches** before compaction and should extend at least **ten (10) feet** beyond the foundation before sloping below the flood protection elevation;
 - (c) The fill shall be protected against erosion and scour during flooding by vegetative cover, riprap, or other structural measure;
 - (d) The fill shall be composed of rock or soil and not incorporate debris or refuse materials; and
 - (e) The fill shall not adversely affect the flow of surface drainage from or onto neighboring properties and when necessary, stormwater management techniques such as swales or basins shall be incorporated; or
- (2) The building may be elevated in accordance with the following:
 - (a) The building or improvements shall be elevated on stilts, piles, walls, or other foundation that is permanently open to flood waters;
 - (b) The lowest floor and all electrical, heating, ventilating, plumbing, and air conditioning equipment and utility

meters shall be located at or above the flood protection elevation;

- (c) If walls are used, all enclosed areas below the flood protection elevation shall address hydrostatic pressures by allowing the automatic entry and exit of flood waters. Designs must either be certified by a registered professional engineer or by having a minimum of **one (1)** permanent opening on each wall no more than **one (1) foot** above grade. The openings shall provide a total net area of not less than **one (1) square inch** for every **one (1) square foot** of enclosed area subject to flooding below the base flood elevation;
- (d) The foundation and supporting members shall be anchored, designed and certified so as to minimize exposure by hydrodynamic forces such as current, waves, ice and floating debris;
- (e) The finished interior grade shall not be less than the finished exterior grade;
- (f) All structural components below the flood protection elevation shall be constructed of materials resistant to flood damage;
- (g) Water and sewer pipes, electrical and telephone lines, submersible pumps, and other service facilities may be located below the flood protection elevation provided they are waterproofed; and

- (h) The area below the flood protection elevation shall be used solely for parking or building access and not later modified or occupied as habitable space.

(C) Manufactured homes or travel trailers to be permanently installed on site shall be:

- (1) elevated to or above the flood protection elevation; and
- (2) anchored to resist flotation, collapse, or lateral movement by being tied down in accordance with the Rules and Regulations for the Illinois Mobile Home Tie-Down Act issued pursuant to 77 IL Adm. Code 870.

(D) Travel trailers and recreational vehicles on site for more than **one hundred eighty (180) days** per year shall meet the elevation requirements of **Section 14-1-7(C)** unless the following conditions are met:

- (1) the vehicle must be either self-propelled or towable by a light duty truck. The hitch must remain on the vehicle at all times; and
- (2) the vehicle must not be attached to external structures such as decks and porches; and
 - (3) the vehicle must be designed solely for recreation, camping, travel, or seasonal use rather than as a permanent dwelling; and
 - (4) the vehicles largest horizontal projections must be no larger than **four hundred (400) square feet**; and
 - (5) the vehicle's wheels must remain on axles and inflated; and
 - (6) air conditioning units must be attached to the frame so as to be safe for movement out of the floodplain; and
 - (7) propane tanks, electrical and sewage connections must be quick-disconnect and above the 100-year flood elevation; and
 - (8) the vehicle must be licensed and titled as a recreational vehicle or park model; and
 - (9) the vehicle must be either (a) entirely supported by jacks rather than blocks or (b) have a hitch jack permanently mounted, have the tires touching the ground, and be supported by blocks in a manner that will allow the blocks to be easily removed by use of the hitch jack.

(E) **Non-Residential** buildings may be structurally dry floodproofed (in lieu of elevation) provided a registered professional engineer certifies that:

- (1) below the flood protection elevation the structure and attendant utility facilities are watertight and capable of resisting the effects of the base flood;
- (2) the building design accounts for flood velocities, duration, rate of rise, hydrostatic and hydrodynamic forces, the effects of buoyancy, and impact from debris and ice; and
- (3) floodproofing measures will be incorporated into the building design and operable without human intervention and without an outside source of electricity.

Levees, berms, floodwalls and similar works are not considered floodproofing for the purpose of this Section.

(F) Garages or sheds constructed ancillary to a residential use may be permitted provided the following conditions are met:

- (1) The garage or shed must be non-habitable; and
- (2) The garage or shed must be used only for the storage of vehicles and tools and cannot be modified later into another use; and
- (3) The garage or shed must be located outside of the floodway; and
- (4) The garage or shed must be on a single-family lot and be accessory to an existing principal structure on the same lot; and
- (5) Below the base flood elevation, the garage or shed must be built of materials not susceptible to flood damage; and

- (6) All utilities, plumbing, heating, air conditioning and electrical must be elevated above the flood protection elevation; and
- (7) The garage or shed must have at least **one (1)** permanent opening on each wall no more than **one (1) foot** above grade with **one (1) square inch** of opening for every square foot of floor area; and
- (8) The garage or shed must be less than **Fifteen Thousand Dollars (\$15,000.00)** in market value or replacement cost whichever is greater and less than **five hundred seventy-six (576) square feet**; and
- (9) The structure shall be anchored to resist flotation and overturning; and
- (10) All flammable or toxic materials (gasoline, paint, insecticides, fertilizers, etc.) shall be stored above the flood protection elevation; and
- (11) The lowest floor elevation should be documented and the owner advised of the flood insurance implications.

(G) A building may be constructed with a crawlspace located below the flood protection elevation provided that the following conditions are met:

- (1) the building must be designed and adequately anchored to resist flotation, collapse, and lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy; and
- (2) any enclosed area below the flood protection elevation shall have openings that equalize hydrostatic pressures by allowing for the automatic entry and exit of floodwaters. A minimum of one opening on each wall having a total net area of not less than **one (1) square inch** per **one (1) square foot** of enclosed area. The openings shall be no more than **one (1) foot** above grade; and
- (3) the interior grade of the crawlspace below the flood protection elevation must not be more than **two (2) feet** below the lowest adjacent exterior grade; and
- (4) the interior height of the crawlspace measured from the interior grade of the crawl to the top of the foundation wall must not exceed **four (4) feet** at any point; and

- (5) an adequate drainage system must be installed to remove floodwaters from the interior area of the crawlspace within a reasonable period of time after a flood event; and
- (6) portions of the building below the flood protection elevation must be constructed with materials resistant to flood damage; and
- (7) utility systems within the crawlspace must be elevated above the flood protection elevation.

14-1-8 **SUBDIVISION REQUIREMENTS.** The Clinton County Board shall take into account flood hazards, to the extent that they are known, in all official actions related to land management use and development.

(A) **Data Required.** New subdivisions, manufactured home parks, annexation agreements, planned unit developments, and additions to manufactured home parks and subdivisions shall meet the damage prevention and building protection standards of **Sections 14-1-6** and **14-1-7** of this Code. Any proposal for such development shall include the following data:

- (1) The base flood elevation and the boundary of the floodplain (where the base flood elevation is not available from an existing study, the applicant shall be responsible for calculating the base flood elevation);
- (2) The boundary of the floodway when available; and

- (3) A signed statement by a Registered Professional Engineer that the proposed plat or plan accounts for changes in the drainage of surface waters in accordance with the Plat Act (**See 765 Illinois Compiled Statutes, Sec. 205/2**).

14-1-9 PUBLIC HEALTH AND OTHER STANDARDS. Public health standards must be met for all floodplain development. In addition to the requirements of **Sections 14-1-6** and **14-1-7**, the following standards apply:

- (1) No development in the floodplain shall include locating or storing chemicals, explosives, buoyant materials, flammable liquids, pollutants, or other hazardous or toxic materials below the flood protection elevation unless such materials are stored in a floodproofed and anchored storage tank and certified by a professional engineer or floodproofed building constructed according to the requirements of **Section 14-1-7** of this Code.
- (2) Public utilities and facilities such as sewer, gas and electric shall be located and constructed to minimize or eliminate flood damages.
- (3) Public sanitary sewer systems and water supply systems shall be located and constructed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters;
- (4) New and replacement on-site sanitary sewer lines or waste disposal systems shall be located and constructed to avoid impairment to them or contamination from them during flooding. Manholes or other above ground openings located below the flood protection elevation shall be watertight.
- (5) Critical facilities shall be protected to the 500-year flood elevation. In addition, all ingress and egress from any critical facility must be protected to the 500-year flood elevation.
 - (B) All other activities defined as development shall be designed so as not to alter flood flows or increase potential flood damages.

14-1-10 VARIANCES. Whenever the standards of this Code place undue hardship on a specific development proposal, the applicant may apply to the Clinton County Zoning Board of Appeals for a variance. The Clinton County Zoning Board of Appeals shall review the applicant's request for a variance and shall submit its recommendation to the Clinton County Board. The Clinton County Board may attach such conditions to granting of a variance as it deems necessary to further the intent of this Code.

(A) **Requirements for Variance.** No variance shall be granted unless the applicant demonstrates that all of the following conditions are met:

- (1) The development activity cannot be located outside the floodplain;
- (2) An exceptional hardship would result if the variance were not granted;
- (3) The relief requested is the minimum necessary;
- (4) There will be no additional threat to public health or safety, or creation of a nuisance;
- (5) There will be no additional public expense for flood protection, rescue or relief operations, policing, or repairs to roads, utilities, or other public facilities;
- (6) The applicant's circumstances are unique and do not establish a pattern inconsistent with the intent of the NFIP; and
- (7) All other required state and federal permits have been obtained.

(B) **Notification of Applicant.** The Clinton County Zoning Board of Appeals shall notify an applicant in writing that a variance from the requirements of the building protection standards of **Section 14-1-7** would lessen the degree of protection to a building will:

- (1) Result in increased premium rates for flood insurance up to **Twenty-Five Dollars (\$25.00)** per **One Hundred Dollars (\$100.00)** of insurance coverage;
- (2) Increase the risks to life and property; and
- (3) Require that the applicant proceed with knowledge of these risks and that the applicant acknowledge in writing the assumption of the risk and liability.

(C) Variances to the building protection requirements of **Section 14-1-7** of this Code requested in connection with the reconstruction, repair or alteration of a site or building included on the National Register of Historic Places or the Illinois Register of Historic Places may be granted using criteria more permissive than the requirements of **Section 14-1-9 (A)(1-5)**.

14-1-11 DISCLAIMER OF LIABILITY. The degree of protection required by this Code is considered reasonable for regulatory purposes and is based on available information derived from engineering and scientific methods of study. Larger floods may occur or flood heights may be increased by man-made or natural causes. This Code does not imply that development either inside or outside of the floodplain will be free from flooding or damage. This Code does not create liability on the part of Clinton County or any officer or employee thereof for any flood damage that results from reliance on this Code or any administrative decision made lawfully thereunder.

14-1-12 PENALTY. Failure to obtain a permit for development in the floodplain or failure to comply with the conditions of a permit or a variance shall be deemed to be a violation of this Code. Upon due investigation, the Office of State's Attorney may determine that a violation of the minimum standards of this Code exist. The Office of State's Attorney shall notify the owner in writing of such violation.

- (A) If such owner fails after **ten (10) days'** notice, to correct the violation:

- (1) The County of Clinton may make application to the Circuit Court for an injunction requiring conformance with this Code or make such other order as the court deems necessary to secure compliance with this Code.
 - (2) Any person who violates this Code shall, upon conviction thereof, be fined not less than **One Hundred Fifty Dollars (\$150.00)** nor more than **One Thousand Dollars (\$1,000.00)** for each offense; and
 - (3) A separate offense shall be deemed committed upon each day during or on which a violation occurs or continues.
- (4) The County of Clinton shall record a notice of violation on the title to the property.
- (B) The Office of State's Attorney shall inform the owner that any such violation is considered a willful act to increase flood damages and therefore may cause coverage by a Standard Flood Insurance Policy to be suspended.
- (C) Nothing herein shall prevent the County of Clinton from taking such other lawful action to prevent or remedy any violations. All costs connected therewith shall accrue to the person or persons responsible.

14-1-13 ABROGATION AND GREATER RESTRICTIONS. This Code repeals and replaces other ordinances adopted by the Clinton County Board to fulfill the requirements of the National Flood Insurance Program including **February 10, 1987**. However, this Code does not repeal the original resolution or ordinance adopted to achieve eligibility in the Program. Nor does this Code repeal,

abrogate, or impair any existing easements, covenants or deed restrictions. Where this Code and other ordinance easements, covenants or deed restrictions conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

(D) **Domestic Sewage** means wastewater derived principally from dwellings, business or office buildings, institutions, food service establishments, and similar facilities.

(E) **Health Department** shall mean the Clinton County Public Health Department, an agency of the Clinton County Board of Health.

(F) **Home Owner** means a contract-for-deed buyer or a person who holds legal title to a residential structure which is to be used or is used for his personal, single family residence.

(G) **Home Owner Installed System** means a private sewage disposal system installed by a home owner for his personal single family residence.

(H) **Modify** shall mean any change in the design or components of a private sewage disposal system requiring a permit herein defined.

(I) **Permit** shall mean a written permit issued by the Board of Health or its authorized representative permitting the construction of an individual sewage disposal system under this Chapter.

(J) **Private Sewage Disposal System** means any sewage handling or treatment facility receiving domestic sewage at a volume less than **one thousand five hundred (1,500) gallons** per day and having a ground surface discharge or any sewage handling or treatment facility receiving domestic sewage and having no ground surface discharge.

(K) **Private Sewage Disposal System Installation Contractor** means any person excavating, constructing, repairing, installing, modifying, or maintaining or servicing a private sewage disposal system.

(L) **Private Sewage Disposal System Pumping Contractor** means any person who cleans or pumps waste from a private sewage disposal system or haul or disposes of wastes removed therefrom.

(M) **Private Sewage Disposal System Contractor's Registration** shall mean an annual Registration Certificate issued by the Clinton County Public Health Department to all private sewage disposal contractors engaged in the installation and/or servicing of private sewage disposal systems within the limits of Clinton County, Illinois.

(N) **Septic Tank Manufacturers and/or Aeration Unit Dealers** means any person who manufacturers, sells, offers for sale, or delivers septic tanks or aeration units in or into Clinton County, Illinois.

18-1-2 ADOPTION BY REFERENCE. This Code shall adopt by reference and shall be interpreted and enforced in accordance with provisions set forth in the current, unabridged form of the State of Illinois, Department of Public Health "Private Sewage Disposal Licensing Act and Code" [77 Ill. Adm. Code 905] and any subsequent amendments or revisions thereto, a copy of which shall be on file in the office of the Clinton County Health Department.

18-1-3 LOT SIZE. Minimum lot size for a residential structure requiring a private sewage disposal system, shall be **ten thousand (10,000) square feet** in area, and where a private water supply and a private sewage disposal system is proposed, shall be **one (1) acre** in size. However, a greater area may be required for such lots if, in the opinion of the Health Department, there are other factors of drainage, soil conditions, or other conditions which may cause potential health problems. Lots platted and on record before the effective date of this Article, will be given special consideration when applying for a permit. If a smaller area is requested, and there are extenuating or unusual circumstances, a variance may be granted in the opinion of the Health Department, an approved system can be installed and no potential health hazards will exist. However, the area shall be large enough to provide for a second private sewage system of a size and type equivalent to the minimum system approved for the lot. If a larger lot size is required by Zoning or Subdivisions and/or laws of Clinton County, then those provisions shall prevail.

18-1-4 SUBDIVISION PLAT REVIEW. The Health Department shall require subdividers to furnish information concerning soil absorption capacities, or require changes in a proposed subdivision plat, to reasonably ascertain that each lot of said proposed subdivision will be able to support the installation and subsequent use of an approved private sewage disposal system as defined in the Illinois Private Sewage Disposal Licensing Act and Code. There shall

be a fee charged for the review of subdivision plans. The fee shall be collected by the County Health Department, and shall be deposited into the Health Department Fund. Fees established by the Board of Health are as follows:

Subdivision Plat Review

1-5 lots	Twenty Five Dollars (\$25.00) + Ten Dollars (\$10.00) per lot
6 lots or greater	Fifty Dollars (\$50.00) + Ten Dollars (\$10.00) per lot

Commercial/Industrial Plat Review

1-2 lots	Twenty Five Dollars (\$25.00) + Twenty Dollars (\$20.00) per lot
3 lots or greater	Fifty Dollars (\$50.00) + Twenty Dollars (\$20.00) per lot

PERMIT REQUIREMENTS.

(A) It shall be unlawful for any person to construct, alter or extend individual domestic sewage disposal system within Clinton County, Illinois, unless he/she holds a valid permit issued by the Clinton County Health Department stating the name of such person for which the specific construction, alteration, or extension is proposed. This permit shall be valid for a period of **twelve (12) months** from the date it is issued.

(B) All applications for permits granted under the provisions of this Code shall be made to the Board of Health or its duly Authorized Representative. Sufficient data shall be included to allow review and to determine whether the proposed application for permit meets the requirements of this Code.

(C) A permit shall only be issued to a homeowner and/or a licensed private sewage disposal system installation contractor installing a sewage disposal system.

(D) Permit application forms provided by the Health Department shall be completed and signed by the applicant and private sewage disposal contractor when applicable and shall include the following:

- (1) Name and address of the applicant and location of the proposed site of construction, alteration, or extension as proposed.
- (2) Complete plan of the proposed disposal facility, with substantiating data, if necessary, attesting to its compliance with the minimum standards of this Code.
- (3) Such other information as may be required by the Health Authority to substantiate that the proposed construction, alteration, or extension complies with minimum standards of this Code.

(E) The Board of Health or its Authorized Representative may refuse to grant a permit for the construction of a private sewage disposal system where public or community sewage systems are available. A sewer shall be deemed available when a public sewer line in place within any street, alley, right of way, or easement that adjoins or abuts the premises for which the permit is requested, or when the improvement to be served is located within a reasonable distance of a public sewer to which a connection is practical and is permitted by the controlling authority for the sewer. A reasonable distance for the purpose of this provision shall be deemed to be not greater than **six hundred (600) feet** for a single family residence and not greater than **one thousand (1,000) feet** for a commercial establishment, subdivision, or multi-family dwelling. A connection is practical when it can be completed using customary sewer lines. The need to annex an improvement to the municipality in order to connect to the municipal sanitary sewer system does not make the municipal sanitary sewer system unavailable within the meaning of this section.

(F) The Board of Health or its Authorized Representative shall act upon all applications within **fifteen (15) days** of receipt thereof.

(G) Said permit to construct is valid for a period of **twelve (12) months** from the date of issuance. If construction has not started within this period, the permit is void.

(H) Soil evaluations, as required by this Code, shall be performed according to the provisions of the State of Illinois, Department of Public Health, "Private Sewage Disposal Licensing Act and Code". The Health Department reserves the right to determine the validity of any test and in cases where more than one set of tests are performed, the Health Department shall determine which test results shall prevail.

(I) The Health Department shall be notified of any intended modification, change or repair to any private sewage disposal system by either a home owner or contractor to determine whether that modification, change, or repair requires a permit as set forth in

Section 18-1-4(A). The routine cleaning of private sewage disposal system components, replacing septic tank covers, or rodding out inlet and outlets, does not require a construction permit as defined under **Section 18-1-4** of this Code.

(J) There shall be a **One Hundred Twenty Five Dollar (\$125.00)** fee charge for the initial construction permit, alteration or extension of an individual sewage system. The fee shall be collected by the Health Department at the time an application for permit is submitted, and shall be deposited into the Health Department Fund. The fee shall be established by the Board of Health.

18-1-6 REGISTRATIONS.

(A) An annual contractor's registration shall be required by all private sewage disposal system installation contractors and all private sewage disposal system pumping contractors operating within limits of Clinton County. The Health Department shall issue a private sewage disposal system installation contractor registration certificate or a private sewage disposal system pumping contractor registration certificate to persons applying for such certificate who pass the written examination given by the State for the certificate desired and who are licensed by the State of Illinois as a private sewage disposal system installation contractor and/or a private sewage disposal system pumping contractors. A **Fifty Dollar (\$50.00)** annual registration fee shall be required for a Private Sewage Disposal Installation Contractor and/or a Private Sewage Disposal Pumping Contractor operating within the limits of Clinton County. All Registration Certificates shall expire **December 31st** of the year issued, except those issued in December will expire **December 31st** of the following year. Payments received after the expiration date of the Registration Certificate shall be charged an additional late fee of **Twenty Five Dollars (\$25.00)**. Fees shall be collected by the Health Department at the time the application is submitted and shall be deposited in the Health Department Fund. The fee shall be established by the Board of Health.

(B) An annual Septic Tank Manufacturer and/or Aerobic Unit Dealer registration certificate shall be obtained by all persons who wish to manufacture, sell, offer for sale, or deliver septic tanks or aerobic units in or into Clinton County, Illinois. The Clinton County Public Health Department shall issue a Septic Tank Manufacturer and/or Aerobic Unit Dealer Registration Certificate to persons who apply for such certificate and who have approval to manufacture and sell septic tanks and/or aerobic units for the Illinois Department of Public Health. There shall be no fee for said certificate. All registration certificates shall expire **December 31st** of the year in which they were issued, except those issued in December will expire **December 31st** of the following year.

(C) All persons who hold a Septic Tank Manufacturers and/or Aerobic Unit Dealer Registration Certificate shall be required to notify Clinton County Public Health Department in writing within **ten (10) days** of the date of delivery or sale of a septic tank or aerobic unit of the following information:

- (1) Name of Purchaser.
- (2) Location of Delivery.
- (3) Date of sale and delivery.
- (4) Size of septic tank or make and model of aerobic unit.

This information shall be provided on forms provided by Clinton County Health Department. Forms will be provided to Septic Tank Manufacturers and/or Aerobic Unit Dealer Registrants upon request of the Septic Tank Manufacturer and/or Aerobic Unit Dealers.

(D) Private Sewage Disposal System Pumping Contractors shall have their pumping truck, equipment, storage facilities, and land application sites inspected annually to qualify for application of a Private Sewage Disposal System Pumping Contractor Registration Certificate.

18-1-7 COMPLIANCE AND PERFORMANCE.

(A) All private sewage disposal systems within the limits of Clinton County, Illinois, shall be constructed, installed, modified, maintained or serviced by an individual with a valid private sewage disposal system installation contractor's registration certificate; and all such systems shall be pumped, cleaned, and the contents hauled and disposed of by individuals with a valid private sewage disposal system pumping contractor's registration certificate; provided, however, that a home owner may install and/or service a private sewage disposal system which serves his own personal single family residence.

(B) All septic tank and/or aerobic units manufactured, sold, offered for sale, or delivered in Clinton County, Illinois, shall comply with provisions in this Code.

18-1-8 ENFORCEMENT.

(A) It shall be unlawful to discharge untreated sewage or the effluent from any septic tank directly or indirectly to any stream, ditch, ground surface, sink hole or abandoned well, or to allow the contents of any privy vault, septic tank or seepage pit to emit offensive odors, to become objectionable, dangerous, or prejudicial to the public health, or to allow surface discharging systems to create a nuisance ponding condition, either on or off the property.

(B) Private sewage disposal systems constructed prior to the effective date of this Code shall be updated to comply with the requirements of this Code when malfunction or failure occurs or a permit is required to repair or replace that system.

(C) The Board of Health or its Authorized Representative is, hereby, authorized and directed to make such inspections as are necessary to determine satisfactory compliance with this Code.

(D) It shall be the duty of the owner or occupant of a property to give the Board of Health or its Authorized Representative free access to the property at reasonable times to any property that has a private sewage disposal system on it for the purpose of making such

inspections as are necessary to determine compliance with the requirements of this Code. If the Health Department is denied access to the property, it may, to the extent provided by law, obtain an administrative search warrant with the assistance of the State's Attorney Office for the purposes of this Code's enforcement.

It shall be the responsibility of the applicant or an authorized agent of the applicant to obtain all necessary data

and to design a system which will meet the requirements of this Code. If the Health Department, upon review of said application, finds that such application meets the requirements of this Code, and upon payment of the required fee(s), a permit shall be issued to the applicant. Such permit shall include specifications specific to each proposed water well and/or closed loop well system and shall include a statement as to any restrictions relating to the location, materials, components, or type of water well or closed loop well system to be constructed. The Health Department shall act upon all applications within **fifteen (15) days** of receipt thereof.

18-3-9 PROPERTY OWNER'S RESPONSIBILITY. It shall be the responsibility of the property owner to obtain a permit before any construction, modification, sealing or deepening of a water well or closed loop well system is begun. Failure of the property owner to obtain a permit before any construction, modification, sealing or deepening of a water well or closed loop well system is begun shall constitute a violation of this Code.

18-3-10 WATER WELL, PUMP INSTALLATION AND/OR CLOSED LOOP WELL CONTRACTOR'S RESPONSIBILITY. It shall be the responsibility of the Water Well Contractor or Closed Loop Well Contractor to insure that a permit has been issued before any construction, modification or deepening of a water well or closed loop well system is begun and to follow the condition of said permit. Failure of the Water Well Contractor or Closed Loop Well Contractor to insure said permit has been issued or to violate the conditions of said permit shall constitute a violation of this Code. All water wells and closed loop well systems shall be constructed in accordance with the "Illinois Water Well Construction Code". All individuals who construct water wells and install well pumps shall be licensed by the Illinois Department of Public Health in accordance with the Water Well and Pump Installation Contractor's License Act (**225 ILCS 345/1**). 18-3-12 PERMIT VALIDITY. A permit to construct, modify or deepen a water well, closed loop well system or sealing is valid for a period of **one (1) year** from the date of issuance. If construction has not started within this period, the permit is void and a new permit is required "including payment of fee" before construction begins.

18-3-13 PERMIT FEE. There shall be a nonrefundable fee of **One Hundred Dollars (\$100.00)** charged for the initial construction permit, alteration or extension, of a private water well system as approved by the Health Department. Each closed loop well system application shall be submitted with a nonrefundable fee of **One Hundred Dollars (\$100.00)** for the first ten (10) closed loop well boreholes and **Ten Dollars (\$10.00)** for each additional borehole. The fee shall be collected by the Health Department at the time an application for permit is submitted, and shall be deposited into the Clinton County Health Department Fund. Fees shall be established by the Board of Health.

18-3-14 EXCEPTIONS. A permit to construct or deepen a water well shall not be required by the Health Department when such water well does or will serve a community public water system or function as a monitoring well.

18-3-15 INSPECTIONS. The Health Department shall have the authority to enter any property at any reasonable time for inspection purposes to determine compliance with the provisions of this Code. It shall be the duty of the owner or occupant of a property to allow the Health Department free access to the property for inspection purposes to determine compliance with the provisions of this Code. If the Health Department is denied access to the property, it may, to the extent provided by law, obtain an administrative search warrant with the assistance of the State's Attorney Office for the purposes of this Codes' enforcement **(415 ILCS 55/9(j))**.

18-3-16 INSPECTION OF COMPLETED WORK. At the time a permit is issued for a private water well and closed loop well system an additional **One Hundred Dollars (\$100.00)** for administrative costs will be charged for review, approval, inspection, sampling of water well and other administrative fees as required of the Health Department and shall be deposited into the Clinton County Health Department Fund. Fees shall be established by the Board of Health. A water well or closed loop well system shall not be placed into operation until the installation of the water well, its components and closed loop well systems have been inspected to verify compliance with the applicable provisions of this Code and approval issued by the Health Department. To the degree practical and permitted by the Health Department, the completed installation shall remain uncovered and/or accessible for inspection purposes until approved by the Health Department. If the Health Department, upon inspection of the specified installation or component thereof, finds that such work meets the provisions of this Code, the Health Department shall approve such work and authorize operation of the water well and/or closed loop well system. However, compliance with **Section 18-3-19** shall be obtained prior to utilizing the water system for drinking, culinary, and sanitary purposes.

18-3-17 NOTIFICATION FOR INSPECTION. The Health Department shall be notified at least **forty-eight (48) hours** prior to commencing the construction, modification or deepening of a water well or closed loop well system for which a permit has been issued. The Health Department shall also be notified at least **forty-eight (48) hours** prior to sealing of abandoned water well or closed loop well system at which time a date for inspection will be arranged. Further notification may be required by the Health Department for closed loop well systems as deemed necessary to assure proper construction practices and methods, e.g., installation of heat exchange equipment in the borehole, grouting of the borehole and setback distances. It shall be the responsibility of the Water Well Contractor or Closed Loop Well Contractor to notify the Health Department as required.

18-3-18 SUSPENSION OF PERMIT. Upon inspection by the Health Department, if it is found that any provisions of this Code or any permit specifications for a stated property have been violated, the Health Department shall notify the installer to make such specified changes in the work to allow compliance with the provisions of this Code and the permit. If such changes are not made within a period of time specified by the Health Department, said permit shall be suspended, and it shall be unlawful to place the water well into operation.

18-3-19 DISINFECTION AND ANALYSIS. All components of a new water well construction and/or modification shall be disinfected with a strong chlorine solution which will yield a dosage of at least **one hundred (100)** parts per million to the water in the well. After purging the system of any chlorine residual, a water sample shall be taken and satisfactory bacteriological results, as confirmed by a certified laboratory, shall be obtained prior to utilizing the water system for drinking, culinary and sanitary purposes. A certified laboratory shall mean a laboratory operated by the Illinois Department of Public Health or a laboratory given certification approval by the aforementioned agency for analyzing samples of water for potable use.

18-3-20 CONTINUING ANALYSIS. It shall be the duty of every owner of every water well serving a semi-private water system for more than **one (1)** residence to have the water therein bacteriologically analyzed by a certified laboratory as required by the Health Department for the protection of public health. Such water shall be bacteriologically analyzed whenever the water lines are opened up for repair, replacement, or extension of the water distribution system. The water from a semi-private water system shall meet the nitrate, chemical and bacteriological requirements contained in the "Drinking Water Systems Code".

18-3-21 ISSUANCE OF NOTICE. Whenever the Health Department determines that a violation of any provision of this Code has occurred, the Health Department shall give notice to the person responsible for such violation. This notice shall:

21-4-11 APPEALS FROM ORDER OF LIQUOR COMMISSIONER. Except as provided in this Section, any order or action of a Local Liquor Control Commissioner levying a fine or refusing to levy a fine on a licensee, granting or refusing to grant a license, revoking or suspending

or refusing to revoke or suspend a license or refusing for more than **thirty (30) days** to grant a hearing upon a complaint to revoke or suspend a license may within **twenty (20) days** after notice of such order or action be appealed by any resident of the County under the jurisdiction of the Liquor Commissioner or any person interested, to the State Commission.

In any case where a licensee appeals to the State Commission from an order or action of the Liquor Commissioner having the effect of suspending or revoking a license, denying a renewal application, or refusing to grant a license, the licensee shall resume the operation of the licensed business pending the decision of the State Commission and the expiration of the time allowed for an application for rehearing. If an application for rehearing is filed, the licensee shall continue the operation of the licensed business until the denial of the application or, if the rehearing is granted, until the decision on rehearing. **(See 235 ILCS Sec. 5/7-9)**

21-4-12 SUBSEQUENT VIOLATIONS IN A YEAR. In any case in which a licensee appeals to the State Commission a suspension or revocation by a Local Liquor Control Commissioner that is the second or subsequent such suspension or revocation placed on that licensee within the preceding **twelve (12) month period**, the licensee shall consider the suspension or revocation to be in effect until a reversal of the Liquor Commissioner's action has been issued by the State Commission and shall cease all activity otherwise authorized by the license. The State Commission shall expedite, to the greatest extent possible, its consideration of any appeal that is an appeal of a second or subsequent suspension or revocation within the past **twelve (12) month period.** (See 235 ILCS Sec. 5/7-9)

21-4-13 APPEAL LIMITATIONS FOR SUBSEQUENT VIOLATION. Any appeal of the decision and findings of the Liquor Commissioner in **Section 21-4-12** shall be limited to a review of the official record of the proceedings of said Liquor Commissioner. The official record shall be a "certified official record" of the proceedings taken and prepared by a certified court reporter or certified shorthand reporter. A copy of this record shall be filed by the Liquor Commissioner within **five (5) days** after notice of the filing of such appeal is received by the County from State Commission. (See 235 ILCS Sec. 5/7-9)

CHAPTER 22

MANDATED POLICIES

ARTICLE I – DISCLOSURE OF SOCIAL SECURITY INFORMATION

22-1-1 STATEMENT OF PURPOSE AND APPLICABILITY. Clinton County (hereinafter referred to in this policy as the "County") adopts this Identity Protection Policy pursuant to the Identity Protection Act, **5 ILCS 179/1 et seq.** The Identity Protection Act requires each local and State government agency to draft, approve, and implement an Identity Protection Policy to ensure the confidentiality and integrity of Social Security Numbers that agencies collect, maintain, and use. It is important to safeguard Social Security Numbers (SSN's) against unauthorized access because SSN's can be used to facilitate identity theft. One way to better protect SSN's is to limit the widespread dissemination of those Numbers. The Identity Protection Act was passed in part to require Local and State government agencies to assess their personal information collection practices, and make necessary changes to those practices to ensure confidentiality. The judicial branch and Clerk of the Court is not subject to the provisions of this policy, pursuant to **5 ILCS 179/40.**

22-1-2 SOCIAL SECURITY NUMBER PROTECTION PURSUANT TO LAW. Whenever an individual is asked to provide the County with a SSN, the County shall provide that individual with a statement of the purpose for which the County is collecting and using the Social Security Number. The County shall also provide the Statement of Purpose upon request. That Statement of Purpose document may be in substantially such form as attached to this Policy or hereafter modified by the County.

The County shall not:

- (A) Publicly post or publicly display in any manner an individual's Social Security Number. "Publicly post" or "publicly display" means to intentionally communicate or otherwise intentionally make available to the general public.
- (B) Print an individual's Social Security Number on any card required for the individual to access products or services provided by the person or entity.
- (C) Require an individual to transmit a Social Security Number over the Internet, unless the connection is secure or the Social Security Number is encrypted.
- (D) Print an individual's Social Security Number on any materials that are mailed to the individual, through the U.S. Postal Service, any private mail service, electronic mail, or any similar method of delivery, unless State or federal law requires the Social Security Number to be on the document to be mailed. SSN's may be included in applications and forms sent by mail, including, but not limited to, any material mailed in connection with the administration of the Unemployment Insurance Act, any material mailed in connection with any tax administered by the Department of Revenue, and documents sent as part of an application or enrollment process or to establish, amend or terminate an account, contract, or policy or to confirm the accuracy of the Social Security Number. A Social Security Number that is

permissibly mailed will not be printed, in whole or in part, on a postcard or other mailer that does not require an envelope or be visible on an envelope without the envelope having been opened.

In addition, the County shall not:

(A) Collect, use, or disclose a Social Security Number from an individual, unless:

- (1) Required to do so under State or federal law, rules, or regulations, or the collection, use, or disclosure of the Social Security Number is otherwise necessary for the performance of the County's duties and responsibilities;
- (2) The need and purpose for the Social Security Number is documented before collection of the Social Security Number; and
- (3) The Social Security Number collected is relevant to the documented need and purpose.

(B) Require an individual to use his or her Social Security Number to access an Internet website.

(C) Use the Social Security Number for any purpose other than the purpose for which it was collected.

The foregoing prohibitions do not apply where specifically exempted by laws including but, by way of limitation, those exemptions provided for in the Identity Protection Act (**5 ILCS 279/1 et seq.**). the County may disclose SSN's to other governmental agencies or to its own agents, employees, contractors, and subcontractors if the disclosure is necessary for the entity to perform its duties and responsibilities. However, if a government contractor or subcontractor requires the SSN of employees to perform the work for which they are contracted they will be required to present the County with a copy of their policy dealing with the protection of those SSN's. (**See Appendix "A"**)

22-1-3REQUIREMENT TO REDACT SOCIAL SECURITY NUMBERS. The County shall comply with the provisions of any other State law with respect to allowing the public inspection and copying of information or documents containing all or any portion of an individual's Social Security Number. The County shall redact social security number from the information or documents before allowing the public inspection or copying of the information or documents. However the Act does not apply to documents that are recorded by the County Recorder or required to be open to the public under any law, rule, or the Constitution of the State of Illinois.

When collecting Social Security Numbers, the County shall request each SSN in a manner that allows the SSN to be easily redacted if required to be released as part of a public records request. "Redact" means to alter or truncate data so that no more than five sequential digits of a Social Security Number are accessible as part of personal information.

22-1-4EMPLOYEE ACCESS TO SOCIAL SECURITY NUMBERS. Only employees who are required to use or handle information or documents that contain SSN's in the performance of their essential duties will have access to such documents. All employees who have access to SSN's are trained to protect the confidentiality of SSN's from the time of collection through the time of destruction.

22-1-5OTHER PROTECTIONS. In addition to the above protections the County will also take affirmative measures to protect SSN's in any format including, but not limited to, hardcopy, computer records, and computer transmissions. They will assure that all vendors to whom they provide or transmit SSN's have policies and equipment in place to reasonably protect the SSN information that is being provided to them. Electronic transmissions will be verified to be secure or SSN's will be encrypted.

A copy of this policy shall be available to employees or the general public upon request.

(Ord. No. 2011-35; 12-11-11)

ARTICLE II - FREEDOM OF INFORMATION POLICY

22-2-1 PUBLIC RECORDS AVAILABLE. To the extent required by the Freedom of Information Act, **5 ILCS 140-1 et seq.** the County shall make available to any person for inspection or copying all public records, except as otherwise provided in Section 7 of the Freedom of Information Act, **5 ILCSA 140/7.**

22-2-2 DESIGNATION, DUTIES AND TRAINING OF FREEDOM OF INFORMATION ACT OFFICERS.

(A) The State's Attorney or a person designated to act as Freedom of Information Officer; provided however, each department shall name a deputy officer. The Officer shall receive requests submitted to the County under the Freedom of Information Act, insure that the County responds to requests in a timely fashion, and issue responses under the Freedom of Information Act. The Freedom of Information officer shall develop a list of documents or categories of records that the County shall immediately disclose upon request.

(B) Upon receiving a request for a public record, the Freedom of Information Officer shall:

- (1) Note the date the County receives the written request;
- (2) Compute the date on which the period for response will expire and make a notation of that date on the written request;
- (3) Maintain an electronic or paper copy of the written request including all documents submitted with the request until the request has been complied with or denied; and
- (4) Create a file for the retention of the original request, a copy of the response, a record of written communications with the person making the request, and a copy of other communications regarding the request.

(C) The Freedom of Information Act officers shall successfully complete an electronic training curriculum to be developed by the Public Access Counselor in the office of the Attorney General of the State of Illinois and thereafter successfully complete an annual training program. Thereafter when a new Freedom of Information officer is designated by the County, that person shall successfully complete the electronic training curriculum within **thirty**

(30) days after assuming the position. Successful completion of the required training curriculum within the periods provided shall be a prerequisite to continue serving as a Freedom of Information officer.

22-2-3 PROCEDURES. The County shall prominently display at the State's Attorney's office, display on its website, make available for inspection and copying, and send through the mail as requested, each of the following:

(A) A brief description of the County, which will include, but not be limited to a block diagram giving its functional departments, the total amount of its operating budget, the number and location of all of its separate offices, the approximate number of full and part-time employees and the identification and membership of any board, commission, committee or council which operates in an advisory capacity relative to the operation of the County, or which exercises control over its policies or procedures; and

(B) A brief description of the methods whereby the public may request information and public records, a directory designating the Freedom of Information officers, the address where request for public records should be directed, and the fees relating thereto.

22-2-4 REQUESTS TO INSPECT OR COPY. All requests to inspect or copy records or documents prepared, maintained or under the control of the County shall be made in the following manner:

(A) All requests shall be in writing, shall state with reasonable particularity what records are to be inspected or copied, shall state whether the records are requested for a commercial purpose, and shall be signed by the person making the request. The request may be, but is not required to be, submitted on a form provided by the County.

(B) The written request shall be submitted to the State's Attorney. If the State's Attorney is not available, the request shall be submitted to any employee of the County acting under the direction of the State's Attorney.

(C) The Officer receiving the request shall date stamp the request and indicate the date by which a response to the request must be made.

(D) Each request for other than commercial purposes shall be granted or denied in writing within **five (5) business days** after its receipt by the County, except as hereafter stated. The failure to grant or deny a request within **five (5) business days** shall operate as a denial, except as provided hereinbelow.

(E) The time limit set forth hereinabove may be extended for an additional **five (5) business days** by notice in writing to the person making the request of the **five (5) business days** extension. The notification shall state the reason(s) for the **five (5) business day's** extension and contain a date certain on which the requested record(s) will be available. The failure to grant or deny a request within the additional **five (5) business days** shall operate as a denial. The person making the request and the County may agree in writing to extend the time for compliance for a period to be determined by the parties. If the person making the request and the County agree to extend the period for compliance, a failure by the County to comply with any previous deadlines shall not be treated as a denial of the request for the records.

(F) Charges for copies of records and/or documents shall be imposed in accordance with the following:

- (1) No fees shall be charged for the first **fifty (50) pages** of black and white, letter or legal sized copies requested.

- (2) **Fifteen Cents (\$0.15)** for one-sided page for each black and white, letter, legal sized or 11" x 17" copy requested.
- (3) **One Dollar (\$1.00)** for each certified copy requested.
- (4) **Ten Cents (\$0.10)** for each audio recording.

(G) It shall be the responsibility of the person making the request to pick up the requested documents at County Building. If the person making the request asks the County to mail the documents, he or she shall provide the County with his/her correct mailing address so as to efficiently process all requests. Copies of records requested to be mailed will be forwarded United States Certified Mail to the address provided. Pre-payment of **Two Dollars Fifty Cents (\$2.50)** per ounce shall be required.

(H) When a person requests a copy of a record maintained in an electronic format, the County shall furnish it in the electronic format specified by the person making the

request, if feasible. If it is not feasible to furnish the public records in the specified electronic format, then the County shall furnish it in the format in which it is maintained by the County, or in paper format at the option of the person making the request.

22-2-5 **REQUEST FOR COMMERCIAL PURPOSES.** The County shall respond to a request for records to be used for a commercial purpose within **twenty-one (21) working days** after receipt. The response shall (1) provide to the person making the request an estimate of the time required by the County to provide the records requested and an estimate of the fees to be charged, which the County may require the person to pay in full before copying the requested documents, (2) deny the request pursuant to **one (1)** or more of the exemptions set out in the Freedom of Information Act, **5 ILCS 140/1 et seq.**, (3) notify the person making the request that the request is unduly burdensome and extend an opportunity to the person making the request to attempt to reduce the request to manageable portions, or (4) provide the records requested.

Unless the records are exempt from disclosure, the County shall comply with a commercial request within a reasonable period considering the size and complexity of the request, and giving priority to records requested for non-commercial purposes.

It is unlawful for a person to knowingly obtain a public record for a commercial purpose within disclosing that it is for a commercial purpose, and any person obtaining a public record for commercial purpose without disclosing that it is for a commercial purpose shall be fined in accordance with the County Code.

22-2-6 **FEES.** The State's Attorney shall determine when the established fees are subject to waiver or reduction because the release of the requested information is in the public interest.

22-2-7 **PUBLIC FILE.** The State's Attorney shall establish and maintain a central file, open to the public, of all denials of requests for records which shall be indexed according to the exemption utilized to deny a request for records, and to the extent possible, according to the types of records requested.

22-2-8 **GRANTING OR DENIAL OF REQUESTS.** A request for all records within a category shall be granted unless the request constitutes an undue burden upon the County. Prior to denying a request based upon the burdensome nature of the request, an opportunity to narrow the request to manageable proportions shall be provided. If the attempt to narrow the request fails, the request may be denied because compliance will unduly burden the operations of the County and the burden outweighs the public interest in the information. The denial shall be in writing, specifying the reasons why compliance will be unduly burdensome and the extent to which compliance will so burden the operations of the County. Repeated requests from the same person for the same records that are unchanged or identical to records previously provided are properly denied under the Freedom of Information Act shall be deemed unduly burdensome under this Section.

22-2-9 **CERTAIN INFORMATION EXEMPT FROM INSPECTION AND COPYING.** If any record exempt from disclosure contains material which is not exempt, the information which is exempt shall be deleted and the remaining information shall be available for inspection and copying.

22-2-10 **NOTICE OF DENIAL OF REQUEST; APPEALS.**
(A) If the County denies the request, the County shall notify the person making the request in writing of:

- (1) the decision to deny the request;
- (2) the reasons for the denial, including a detailed factual basis for the application of any exemption claim;
- (3) the names and titles or positions of each person responsible for the denial;
- (4) the right to review by the Public Access Counselor and the address and phone number for the Public Access Counselor; and
- (5) the right to judicial review.

If an exemption is claimed, then the denial must include the specific reasons for the denial, including a detailed factual basis and a citation to support a legal authority.

(B) If the County asserts an exemption under Subsection (1)(c) or (1)(f) of Section 7 of the Freedom of Information Act, it shall, within the time periods provided for Respondent to request, provide written notice to the person making the request and the Public Access Counselor of its intent to deny the request in whole or in part. The notice shall include:

- (1) a copy of the request for access to records;
- (2) the proposed response from the County;
- (3) a detailed summary of the County's basis for asserting its exemption.

If the Public Access Counselor determines that further inquiry is warranted, the procedures set forth in the Freedom of Information Act, as amended from time to time, regarding the review of denials shall be applicable. Times for response compliance by the County to the request shall be tolled until the Public Access Counselor concludes his or her inquiry.

ARTICLE VII – ANTI-BULLYING POLICY

22-7-1 APPLICATION OF POLICY. The County finds a safe work environment is beneficial for employees and promotes productivity. Workplace bullying has been linked to absenteeism, drug and alcohol use, and sexual violence. The County considers workplace bullying unacceptable and will not tolerate it. The anti-bullying policy shall apply to all individuals who are employees, volunteers and contractors. For purposes of this policy:

(A) **"Employee"** is defined as an individual working for the County for remuneration;

(B) **"Volunteer"** is defined as an individual who volunteers services to the County without remuneration;

(C) **"Contractor"** is defined as an individual who contracts with the County to provide services, or an individual who works for a contractor of the County.

22-7-2 DEFINITION. Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a person that has or can be reasonably predicted to have the effect of one or more of the following:

(A) placing the person in reasonable fear of harm to the person or the person's property;

(B) causing a substantially detrimental effect on the person's physical or mental health;

(C) substantially interfering with the person's productivity; or

(D) substantially interfering with the person's ability to participate in or benefit from the opportunities offered by the employer.

Bullying may be intentional or unintentional. The County considers the following types of behavior illustrative examples of bullying: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, pushing; shoving; kicking; poking; tripping; assault, or threat of physical assault; theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

22-7-3 BULLYING PROHIBITED. Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, and any other distinguishing characteristic is prohibited in all places of employment, and an employer shall prevent bullying in its place of employment.

- (A) No person shall be subjected to bullying:
- (1) during any period of employment activity;
 - (2) while working, on property of the employer, or at employer-sponsored or employer-sanctioned events or activities; or
 - (3) through the transmission of information from an employment utilized telephone, computer, computer network, or other similar electronic employer-utilized equipment.

(B) Nothing in this policy is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment of the United States Constitution.

22-7-4 DISCIPLINARY ACTION. Any employee or volunteer who is determined, after an investigation, to have engaged in bullying in violation of this policy shall be subject to disciplinary action up to and including immediate discharge. Any contractor found to be in violation of this policy may be subject to contract cancellation.

(A) **False Accusations.** False accusations regarding bullying against employees, volunteers, contractors, or elected officials shall not be tolerated, and any person knowingly making a false accusation shall be subject to disciplinary action up to and including immediate discharge.

(B) **Retaliation for Reporting Bullying.** The County shall discipline any employee or volunteer who retaliates against any person who reports who reports alleged bullying, or who retaliates against any person who testifies, assists or participates in an investigation, a proceeding or a hearing relating to bullying complaint. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment. Contractors are likewise prohibited from retaliating.

22-7-5 REPORTING AND COMPLAINT PROCEDURE. The County encourages all employees, volunteers or contractors to promptly report any instance of bullying behavior. Early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of bullying. Therefore, while no fixed reporting period has been established, prompt reporting of complaints or concerns is encouraged so that rapid and constructive action can be taken. The County shall make every effort to stop alleged workplace bullying before it becomes severe or pervasive, but can only do so with the cooperation of its employees.

Reports of bullying will be treated seriously, and investigated promptly and impartially. The County further encourages all individuals to whom this policy applies to formally report any concerns of assault, battery, or other bullying behavior of a criminal nature to the County Attorney's office. The County Board requires any supervisor who witnesses bullying, irrespective of reporting relationship or his/her responsibility to address it, to promptly report this conduct to the Sheriff or the County Board Chairman.

Individuals who believe they have experienced conduct that they believe violates this policy, or who have concerns about such matter, should report their complaints or concerns verbally or in writing to his or her supervisor, or the State's Attorney, before the conduct becomes severe or pervasive. If a verbal report is made, it shall be documented in writing by the official to whom it is reported. Individuals should not feel obligated to report their complaints to their immediate supervisor first before bringing the matter to the attention of one of the other designated County representatives identified above.

The availability of this complaint procedure does not preclude individuals who believe they are being subjected to bullying conduct from promptly advising the offender that his or her behavior is unwelcome and requesting that such behavior immediately stop.

ARTICLE VIII – DOMESTIC AND SEXUAL VIOLENCE POLICY

22-8-1 PURPOSE OF POLICY. Domestic violence can permeate the lives and compromise the safety of employees with tragic, destructive and often fatal results. Domestic violence occurs within a wide spectrum of relationships, including married and formerly married couples, couples with children in common, couples who live together or have lived together, gay, lesbian, bisexual and transgender couples, and couples who are dating or who have dated in the past. Domestic violence represents a pattern of coercive tactics which can include physical, psychological, sexual, economic and emotional abuse perpetrated by one person against another in an intimate relationship or in the same household, with the goal of establishing and maintaining power and control over the victim. In addition to exacting a tremendous toll from the individuals it directly affects, domestic violence often spills over into the workplace, compromising the safety of both victims and co-workers and resulting in lost productivity, increased health care costs, increased absenteeism, and increased employee turnover. The County will take appropriate actions to promote safety in the workplace and respond effectively to the needs of victims of domestic violence.

22-8-2 DEFINITION. For purposes of this policy and pursuant to the Illinois Victims' Economic Security and Safety Act (VESSA), the following terms are defined as follows:

(A) **"Abuser":** A person who perpetrates a pattern of coercive tactics which can include physical, psychological, sexual, economic, and emotional abuse against an adult intimate partner, with the goal of establishing and maintaining power and control over the victim.

(B) **"Domestic Violence":** Domestic violence means abuse by a family or household member, as defined by this policy pursuant to Section 103 of the Illinois Domestic Violence Act of 1986. Domestic violence includes sexual assault or stalking.

(C) **"Employee":** A person working for the County for remuneration for services.

(D) **"Family or Household Member":** For employees with a family or household member who is a victim of domestic or sexual violence, this means spouse, parent, son, daughter, other person related by blood or by present or prior marriage, another person who shares a relationship through a son or daughter, and persons jointly residing in the same household.

(E) **"Parent"** means biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or daughter as defined herein.

(F) **"Son or Daughter"** means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is under **eighteen (18) years** of age, or is **eighteen (18) years** of age or older and incapable of self-care because of a mental or physical disability.

22-8-3 VICTIMS' ECONOMIC SECURITY AND SAFETY ACT (VESSA). The person against whom an abuser directs coercive and/or violent acts, including an employee who is a victim of domestic or sexual violence, or an employee's family or household member who is a victim of domestic or sexual violence, and whose interests are not adverse to the employee as it related to domestic or sexual violence.

22-8-4 POLICY.

(A) **Employee Awareness.** The County shall take reasonable actions to educate employees regarding the effects of domestic violence and methods to report such violence to authorities. It is the policy of the County that information on domestic violence and available resources shall be available to employees through the County Board and by this written policy, which shall be disseminated to employees.

(B) **Non-Discriminatory Policy.** Non-Discriminatory and Responsive Personnel Policies for Victimized Employees of the County shall ensure that personnel policies and procedures do not discriminate against victims of domestic violence and are responsive to the needs of victims of domestic violence.

- (1) Illinois law prohibits employers from interfering with, restraining, or denying the exercise of any right provided under VESSA. This law requires employers, when given **forty-eight (48) hours** prior notification, to allow time off for employed victims of domestic or sexual violence and employees with a family or household member who is a victim of domestic or sexual violence, to take unpaid leave to seek medical help, legal assistance, counseling, safety planning, and other assistance without penalty from the employer for the employee or the family or household member who is a victim.
- (2) Illinois law prohibits employers from discriminating against any employee who is a victim of domestic or sexual violence or any employee who has a family or household member who is a victim of domestic or sexual violence.
- (3) An employee who is a victim of domestic or sexual violence, or has a family or household member who is a victim of domestic or sexual violence and whose interests are not adverse to the employee as it relates to domestic or sexual violence, may take unpaid leave from work to address domestic or sexual violence by:
 - (a) seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the victim;
 - (b) obtaining services from a victim services organization for the victim;
 - (c) obtaining psychological or other counseling for the victim;

- (d) participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the victim;
 - (e) seeking legal assistance or remedies to ensure the health and safety of the victim, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence.
- (4) The employee shall be entitled to a total of **twelve (12) workweeks** of leave during any **twelve (12) month** period. This policy does not create a right for an employee to take an unpaid leave that exceeds the unpaid leave time allowed under, or is in addition to, the unpaid leave time permitted by the federal Family Medical Leave Act. Leave may be taken intermittently or

on a reduced work schedule. An employee may substitute accumulated paid leave for unpaid leave; however, the paid leave will count toward the number of workweeks used for purposes of this policy. The employee shall provide at least **forty-eight (48) hours** advance notice of the employee's intention to take leave, unless providing such notice is not practicable. No action will be taken against an employee for failing to provide **forty-eight (48) hours** advance notice if the employee provides certification that leave was used for the purposes outlined in **Section 22-8-4(B)(2)** of this Section and can demonstrate that advance notice was not practicable.

- (5) During a leave taken pursuant to this policy, the County shall maintain coverage under its group health plan for the duration of such leave at the level and under the conditions coverage would have been provided if the employee had continued in employment for the duration of such leave. If the employee fails to return from leave, however, the County may recover any premium costs it paid for such coverage if the reason for the employee not returning is other than the continuation, recurrence, or onset of domestic or sexual violence or circumstances beyond the control of the employee. Neither seniority nor leave benefits will accrue to the employee during unpaid leave.
- (6) The County, upon request, will assist the employee in determining the best use of his/her attendance and leave benefits when an employee needs to be absent as a result of being a victim of domestic violence. If an employee requests time off to care for and/or assist a family or household member who has been a victim of domestic violence, the employee's supervisor or the County Board (or their designee) will evaluate the employee's request for leave for eligibility under existing law and collective bargaining agreements applicable to the employee and the attendance rules.
- (7) The County requires certification from an employee for leave under this policy. The employee shall certify that the leave is for one of the purposes enumerated in **Section 22-8-4(B)** of this Section. Certification shall be provided to the employer within a time period set by the employer.
- (8) The County understands that victims of domestic violence may lack the required documentation or have difficulty obtaining the

required certification to justify absences without compromising their safety. Therefore, the Chairman or his designee shall consult with the employee to identify what documentation she/he might have, or be able to obtain, that will not compromise his/her safety-related needs and will satisfactorily meet the documentation requirement of the employer.

- (9) All information provided to the employer pursuant to notification and certification requirements of this policy, and the purposes for which leave may be requested pursuant to this policy, shall be retained in strictest confidence by the employer, except to the

extent that disclosure is requested or consented to in writing by the employee, or otherwise required by applicable federal or State law. Reported information shall be kept private to the greatest extent possible by Federal law, State law, and County policy; however, information may have to be disclosed pursuant to a subpoena, Illinois Supreme Court Rules, a court of law, or where otherwise required by law. Where medical information is received by the County from an employee who is the victim of domestic violence, such medical information shall be kept confidential.

- (10) Employees who are victims of domestic violence and who are legally separated from a covered spouse or civil-union partner, shall be allowed to make reasonable changes in benefits at any time during the calendar year, provided the change is requested within **thirty (30) days** of the separation and is in accordance with the County policies, rules, and regulations.
- (11) The County will not make inquiries about a job applicant's current or past domestic violence victimization, and employment decisions will not be based on any assumptions about or knowledge of such exposure.

(C) **Accountability for Employees Who are Abusers.** The County will hold employees, individuals who volunteer services to the County without remuneration (hereafter "volunteers"), and individuals who contract with the County or work for contractors of the County (hereafter "contractors"), accountable for engaging in the following behavior: (i) using County resources to commit an act of domestic violence; (ii) committing an act of domestic violence from or at the workplace or from any other location while on official County business; or (iii) using their job-related authority and/or County resources in order to negatively affect victims and/or assist perpetrators in locating a victim and/or in perpetrating an act of domestic violence.

Any physical assault or threat made by an employee, volunteer, or contractor, while on County premises, during working hours, while representing the County, or at a County-sponsored event, is a serious violation of this policy. This policy applies not only to acts against employees, but to acts against all other persons. Those found to have violated this policy will be subject to corrective or disciplinary action, up to and including discharge.

- (1) In cases in which the County has found that an employee, volunteer, or contractor, has threatened, harassed, or abused an intimate partner at the workplace using County resources such as work time, workplace telephones, facsimile machines, mail, e-mail or other means, said employee shall be subject to corrective or disciplinary action.

- (2) In cases in which the County has verification that an employee, volunteer, or contractor is responsible for a domestic violence-related offense, or is the subject of any order of protection, including temporary, final or out-of-state order, as a result of domestic violence, and said employee, volunteer or contractor has job functions that include the authority to take actions that directly impact victims of domestic violence and/or actions that may protect abusers from appropriate consequences for their behavior, the Mayor shall determine if corrective action is warranted.

- (3) In cases in which any employee, volunteer, or contractor intentionally uses his/her job-related authority and/or intentionally uses County resources in order to negatively impact a victim of domestic violence, assist an abuser in locating a victim, assist an abuser in perpetrating acts of domestic violence, or protect an abuser from appropriate consequences for his/her behavior, said individual may be subject to corrective or disciplinary action.

ARTICLE IX – IDENTITY THEFT

22-9-1 PROGRAM ADOPTION. The County developed this Identity Theft Prevention Program pursuant to the Federal Trade Commission’s Red Flags Rule, which implements Section 114 of the Fair and Accurate Credit Transactions of 2003. 16 C.F.R. § 681.2. This Program was developed with oversight and approval of the County. After consideration of the size and complexity of the County’s operations and account systems, and the nature and scope of the County’s activities, the County Board determined that this Program was appropriate for the County, and therefore approved this Program on February 9, 2009.

22-9-2 PROGRAM PURPOSE AND DEFINITIONS.

(A) **Fulfilling Requirements of the Red Flags Rule.** Under the Red Flag Rule, every financial institution and creditor is required to establish an “Identity Theft Prevention Program” tailored to its size, complexity and the nature of its operation. Each program must contain reasonable policies and procedures to:

- (1) Identify relevant Red Flags for new and existing covered accounts and incorporate those Red Flags into the Program;
- (2) Detect Red Flags that have been incorporated into the Program;
- (3) Respond appropriately to any Red Flags that are detected to prevent and mitigate Identity Theft; and
- (4) Ensure the Program is updated periodically, to reflect changes in risks to customers or to the safety and soundness of the creditor from Identity Theft.

(B) **Red Flags Rule Definitions Used in this Program.** The Red Flags Rule defines “Identity Theft” as “fraud committed using the identifying information of another person” and a “Red Flag” as “a pattern, practice, or specific activity that indicates the possible existence of Identity Theft.”

According to the Rule, a County is a creditor subject to the Rule requirements. The Rule defines creditors “to include finance companies, automobile dealers, mortgage brokers, utility companies, and telecommunications companies. Where non-profit and government entities defer payment for goods or services, they, too, are to be considered creditors.”

All the County's accounts that are individual service accounts held by taxpayers of the County whether residential, commercial or industrial are covered by the Rule. Under the Rule, a "covered account" is:

- (1) Any account the County offers or maintains primarily for personal, family or household purposes, that involves multiple payments or transactions; and
- (2) Any other account the County offers or maintains for which there is a reasonably foreseeable risk to customers or to the safety and soundness of the County from Identity Theft.

"Identifying information" is defined under the Rules as "any name or number that may be used, alone or in conjunction with any other information, to identify a specific person," including: name, address, telephone number, social security number, date of birth, government issued driver's license or identification number, alien registration number, government passport number, employer or taxpayer identification number, unique electronic identification number, computer's Internet Protocol address, or routing code.

22-9-3 IDENTIFICATION OF RED FLAGS. In order to identify relevant Red Flags, the County considers the types of accounts that it offers and maintains, the methods it provides to open its accounts, the methods it provides to access its accounts, and its previous experiences with Identity Theft. The County identifies the following red flags, in each of the listed categories:

(A) **Notifications and Warnings From Credit Reporting Agencies; Red Flags.**

- (1) Report of fraud accompanying a credit report;
- (2) Notice or report from a credit agency of a credit freeze on a customer or applicant;
- (3) Notice or report from a credit agency of an active duty alert for an applicant; and
- (4) Indication from a credit report of activity that is inconsistent with a customer's usual pattern or activity.

(B) **Suspicious Documents; Red Flags.**

- (1) Identification document or card that appears to be forged, altered or inauthentic;
- (2) Identification document or card on which a person's photograph or physical description is not consistent with the person presenting the document;
- (3) Other document with information that is not consistent with existing customer information (such as if a person's signature on a check appears forged); and
- (4) Application for service that appears to have been altered or forged.

(C) **Suspicious Personal Identifying Information; Red Flags.**

- (1) Identifying information presented that is inconsistent with other information the customer provides (example: inconsistent birth dates);
- (2) Identifying information presented that is inconsistent with other sources of information (for instance, an address not matching an address on a credit report);

- (3) Identifying information presented that is the same as information shown on other applications that were found to be fraudulent;
- (4) Identifying information presented that is consistent with fraudulent activity (such as an invalid phone number or fictitious billing address);
- (5) Social security number presented that is the same as one given by another customer;
- (6) An address or phone number presented that is the same as that of another person;
- (7) A person fails to provide complete personal identifying information on an application when reminded to do so (however, by law social security numbers must not be required); and
- (8) A person's identifying information is not consistent with the information that is on file for the customer.

(D)
Flags.

Suspicious Account Activity or Unusual Use of Account; Red

- (1) Change of address for an account followed by a request to change the account holder's or taxpayer's name;
- (2) Payments stop on an otherwise consistently up-to-date account;
- (3) Account used in a way that is not consistent with prior use (example: very high activity);
- (4) Mail sent to the account holder is repeatedly returned as undeliverable;
- (5) Notice to the County that a customer is not receiving mail sent by the County;
- (6) Notice to the County that an account has unauthorized activity;
- (7) Breach in the County's computer system security; and
- (8) Unauthorized access to or use of customer account information.

(E)

Alerts From Others; Red Flag.

- (1) Notice to the County from a customer, identity theft victim, law enforcement or other person that it has opened or is maintaining a fraudulent account for a person engaged in Identity Theft.

22-9-4

DETECTING RED FLAGS.

(A) **New Accounts.** In order to detect any of the Red Flags identified above associated with the opening of a **new account**, County personnel will take the following steps to obtain and verify the identity of the person opening the account:

- (1) Require certain identifying information such as name, date of birth, residential or business address, principal place of business for an entity, driver's license or other identification;
- (2) Verify the customer's identity (for instance, review a driver's license or other identification card);
- (3) Review documentation showing the existence of a business entity; and

- (4) Independently contact the customer.

(B) **Existing Accounts.** In order to detect any of the Red Flags identified above for an **existing account**, County personnel will take the following steps to monitor transactions with an account:

- (1) Verify the identification of the individuals if they request information (in person, via telephone, via facsimile, via email);
- (2) Verify the validity of requests to change billing addresses; and
- (3) Verify changes in banking information given for billing and payment purposes.

22-9-5 PREVENTING AND MITIGATING IDENTITY THEFT.

(A) **Prevent and Mitigate.** In the event County personnel detect any identified Red Flags, such personnel shall take one or more of the following steps, depending on the degree of risk posed by the Red Flag:

- (1) Continue to monitor an account for evidence of Identity Theft;
- (2) Contact the person;

- (3) Change any passwords or other security devices that permit access to accounts;
- (4) Not open a new account;
- (5) Close an existing account;
- (6) Reopen an account with a new number;
- (7) Notify the Program Administrator for determination of the appropriate step(s) to take;
- (8) Notify law enforcement; or
- (9) Determine that no response is warranted under the particular circumstances.

(B) **Protect Customer Identifying Information.** In order to further prevent the likelihood of Identity Theft occurring with respect to County accounts, the County will take the following steps with respect to its internal operating procedures to protect customer identifying information:

- (1) Ensure that its website is secure or provide clear notice that the website is not secure;
- (2) Ensure complete and secure destruction of paper documents and computer files containing customer information;
- (3) Ensure that office computers are password protected and that computer screens lock after a set period of time;
- (4) Keep offices clear of papers containing customer information;
- (5) Request only the last 4 digits of social security numbers (if any);
- (6) Ensure computer virus protection is up to date; and
- (7) Require and keep only the kinds of customer information that are necessary for utility purposes.

22-9-6 **PROGRAM UPDATES.** The Program Administrator will periodically review and update this Program to reflect changes in risks to customers and the soundness of the County from Identity Theft. In doing so, the Program Administrator will consider the County's experiences with Identity Theft situations, changes in Identity Theft methods, changes

in Identity Theft detection and prevention methods, and changes in the County's business arrangements with other entities. After considering these factors, the Program Administrator will determine whether changes to the Program, including the listing of Red Flags, are warranted. If warranted, the Program Administrator will update the Program or present the County Board with his or her recommended changes and the County Board will make a determination of whether to accept, modify or reject those changes to the Program.

22-9-7 PROGRAM ADMINISTRATION.

(A) **Oversight.** Responsibility for developing, implementing and updating this Program lies with an Identity Theft Committee for the County. The Committee is headed by a Program Administrator who may be the head of the County or his or her appointee. Two or more other individuals appointed by the head of the County or the Program Administrator comprise the remainder of the committee membership. The Program Administrator will be responsible for the Program administration, for ensuring appropriate training of County staff on the Program, for reviewing any staff reports regarding the detection of Red Flags and the steps

for preventing and mitigating Identity Theft, determining which steps of prevention and mitigation should be taken in particular circumstances and considering periodic changes to the Program.

(B) **Staff Training and Reports.** County staff responsible for implementing the Program shall be trained either by or under the direction of the Program Administrator in the detection of Red Flags, and the responsive steps to be taken when a Red Flag is detected.

(C) **Service Provider Arrangements.** In the event the County engages a service provider to perform an activity in connection with one or more accounts, the County will take the following steps to ensure the service provider performs its activity in accordance with reasonable policies and procedures designed to detect, prevent, and mitigate the risk of Identity Theft.

- (1) Require, by contract, that service providers have such policies and procedures in place; and
- (2) Require, by contract, that service providers review the County's Program and report any Red Flags to the Program Administrator.

(D) **Non-Disclosure of Specific Practices.** For the effectiveness of this Identity Theft Prevention Program, knowledge about specific Red Flag identification, detection, mitigation and prevention practices must be limited to the Identity Theft Committee who developed this Program and to those employees with a need to know them. Any documents that may have been produced or are produced in order to develop or implement this program that list or describe such specific practices and the information those documents contain are considered "security information" as defined in Section 114 of the Fair and Accurate Credit Transactions of 2003 (16 C.F.R. Sec. 681.2) and are unavailable to the public because disclosure of them would be likely to substantially jeopardized the security of information against improper use, that use being to circumvent the County's Identity Theft prevention efforts in order to facilitate the commission of Identity Theft.

ARTICLE II - GENERAL REGULATIONS

24-2-1 **OBEDIENCE TO POLICE.** Members of the Sheriff's Department, Special Deputies, and Auxiliary Deputies assigned to traffic duty are hereby authorized to direct all traffic in accordance with the provisions of this Code or in emergencies as public safety or convenience may require, and it shall be unlawful for any person to fail or refuse to comply with any lawful order, signal or direction of a policeman. Except in cases of emergency, it shall be unlawful for any person not authorized by law to direct traffic. **(See 625 ILCS Sec. 5/11-203)**

24-2-2 **SCENE OF FIRE.** The Fire Department officer in command or any fireman designated by him may exercise the powers and authority of the Sheriff's deputies in directing traffic at the scene of any fire or where the Fire Department has responded to an emergency call for so long as the Fire Department equipment is on the scene in the absence of or in assisting the Sheriff's Department. The Emergency Management Agency members shall also have similar powers and authority as the Sheriff's personnel.

24-2-3 **SIGNS AND SIGNALS.** It shall be unlawful for the driver of any vehicle to disobey the instructions of any traffic sign or signal placed in view by authority of the County or in accordance with the laws of the State of Illinois except upon direction of a police officer or Sheriff's deputy. All signs and signals established by direction of the governing body shall conform to the **Illinois State Manual of Uniform Traffic Control Devices for Streets and Highways. (See 625 ILCS 5/11-301)**

24-2-4 UNAUTHORIZED SIGNS. No person shall place, maintain or display upon or in view of any street, any unauthorized sign, signal, marking, light, reflector or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, nor shall any person place, maintain or display upon or in view of any street, any other sign which hides from view or interferes with the movement of traffic or effectiveness of any traffic-control device or any railroad sign or signal, and no person shall place or maintain, nor shall any public authority permit upon any highway, any traffic sign or signal bearing thereon any commercial advertising. No tree, bush or foliage of any kind shall be so placed, maintained, allowed to remain, or be displayed upon either public or private property in such a manner as to hide from view or interfere with the movement of traffic or the effectiveness of any traffic-control device, sign or signal. **(See 625 ILCS 5/11-310)**

24-2-5 INTERFERENCE WITH SIGNS OR SIGNALS. It shall be unlawful for any person to deface, injure, move or interfere with any official traffic sign or signal. **(See 625 ILCS 5/11-311)**

24-2-6 ADVERTISING SIGNS. It shall be unlawful to maintain anywhere in the County any sign, signal, marking or device other than a traffic sign or signal authorized by the County Board or the Illinois Department of Transportation, which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal in view of any street or highway, and it shall be unlawful to place or maintain any sign which hides from view any lawful traffic-control device. It shall be unlawful to maintain or operate any flashing or rotating beacon of light in view of any street or highway. **(See Chapter 40 - Zoning Code)**

ARTICLE III - STOP AND THROUGH STREETS

24-3-1 THROUGH STREETS. The streets and parts of streets of the County designated by ordinance as "through streets" are hereby declared to be through streets. The driver of a vehicle shall stop at the entrance to a through street and shall yield the right-of-way to other vehicles which have entered the intersection or which are approaching so close on a through street as to constitute an immediate hazard unless directed otherwise by the traffic officer.

24-3-2 ONE-WAY STREETS OR ALLEYS. It shall be unlawful to operate any vehicle on any streets or alleys designated as one-way streets or alleys by ordinance in any direction other than that so designated. **(See 625 ILCS Sec. 5/11-208)**

24-3-3 STOP STREETS. The driver of a vehicle shall stop in obedience to a stop sign at an intersection where a stop sign is erected pursuant to ordinance at one or more entrances thereto and shall proceed cautiously, yielding to the vehicles not so obliged to stop which are within the intersection or approaching so close as to constitute an immediate hazard, unless traffic at such intersection is controlled by a police officer on duty, in which event, the directions of the police officer shall be complied with. **Schedule "A"** shall list all stop intersections. **(See 625 ILCS Sec. 5/11-302)**

24-3-4 YIELD RIGHT-OF-WAY STREETS. The driver of a vehicle approaching a yield sign, in obedience to such sign, shall slow down to a speed reasonable for the existing conditions and if required for safety to stop, shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway. After slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection.

Schedule "D" shall list all applicable yield right-of-way intersections. **(See 625 ILCS 5/11-302)**

24-3-5 POSTING SIGNS. Appropriate signs shall be posted to show all through, stop and yield right-of-way streets, all one-way streets and alleys and all stop intersections. **(See 625 ILCS Sec. 5/11-304)**

ARTICLE IV - DRIVING RULES

24-4-1 **ILLINOIS VEHICLE CODE; RULES OF THE ROAD ADOPTED.** The Illinois Vehicle Code, **Illinois Compiled Statutes, Chapter 625, 5/11-100 et seq.**, entitled "**Rules of the Road**", as passed, approved and amended by the Illinois General Assembly is hereby adopted by the County and the provisions thereof shall be controlling within the County except for the following changes, deletions and omissions:

(A) **Omissions:**

- (1) Omit Sections 5/11-202, 5/11-204, 5/11-207, 5/11-208, 5/11-208.1, 5/11-208.2, 5/11-209, 5/11-211, 5/11-302, 5/11-303, 5/11-500 to and including 5/11-504, 5/11-602, 5/11-603, 5/11-604, 5/11-606(b), 5/11-608, 11-1419.02, and 11-1422.

(B) **Changes and Additions:**

- (1) Change 5/11-904(a) to read: "Preferential right-of-way at an intersection may be indicated by stop or yield signs as authorized by this Code."
- (2) Change 5/11-1416(a) to read: "Any person who shall willfully and unnecessarily attempt to delay, hinder or obstruct any other person in lawfully driving and traveling upon or along any highway within this State or who shall offer for barter or sale, merchandise on said highway so as to interfere with the effective movement of traffic shall, upon conviction, be guilty of a violation of this Code."

24-4-2 **DRIVING RULES.**

(A) **Careless Driving.** It shall be unlawful to operate a vehicle in the County in a careless manner so as to interfere with the safe or lawful operation of any other vehicle or so as to interfere with or to injure, damage, or endanger persons or property engaged in the lawful use of the street.

(B) **Drag Racing Unlawful.** No person shall be a participant in drag racing as defined in **Section 5/11-504 of the Illinois Compiled Statutes.**

(C) **Fleeing or Attempting to Elude Police Officer.** Any driver or operator of a motor vehicle who, having been given a visual or audible signal by a police officer directing such driver or operator to bring his vehicle to a stop, willfully fails to or refuses to obey such direction, increases his speed, extinguishes his lights or otherwise flees or attempts to elude the officer is guilty of a violation of this Chapter. The signal given by the police officer may be by hand, voice, siren, red or blue light. Provided, however, the officer giving such signal shall be in a peace officer's uniform and if driving a vehicle, such vehicle shall be marked showing it to be an official emergency vehicle.

(D) **Unlawful Possession of Highway Sign or Marker.** The Department of Local Authorities with reference to traffic-control signals, signs or markers owned by the Department of Local Authorities are authorized to indicate the ownership of such signs, signals or markers on the back of such devices in letters not less than **three-eighths of an inch (3/8")** or more than **three-fourths of an inch (3/4")** in height, by use of a metal stamp, etching or other permanent means and except for employees of the Department, deputy sheriffs, contractors and their employees engaged in highway construction, contract or work on

the highway approved by the Department, it is a violation of this Chapter for any person to possess such sign, signal or marker so identified. **(See 625 ILCS Sec. 5/11-313)**

(E) **Special Speed Limitations on Elevated Structures.** No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure when such structure is sign-posted.

Upon the trial of any person charged with the violation of this Section, proof of the determination of the maximum speed by the County and the existence of such signs is conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure. **(See 625 ILCS Sec. 5/11-608)**

(F) **General Speed Restrictions.** The speed limits on the various streets shall be approved by the County Board, but shall not exceed **twenty miles per hour (20 MPH)** in a school zone and not to exceed **twenty-five miles per hour (25 MPH)** on a residential street, unless otherwise posted. **(Schedule "C" shall be an integral part of this Section.) (See 625 ILCS Sec. 5/11-604)**

(G) **Special Speed Limit While Passing Schools.** No person shall drive a motor vehicle at a speed in excess of **twenty miles per hour (20 MPH)** while passing a school zone or while traveling upon any public thoroughfare on or across which children pass going to and from school during school days when school children are present.

This Section shall not be applicable unless appropriate signs are posted upon streets and maintained by the County or State wherein the school zone is located. **(See 625 ILCS Sec. 5/11-605)**

(H) **Failure to Reduce Speed.** A vehicle shall be driven upon the streets and roads of this County at a speed which is reasonable and proper with regard to traffic conditions and the use of the street or roads. The fact that the vehicle does not exceed the applicable maximum speed limit does not relieve the driver of the duty to decrease speed when approaching and crossing an intersection or when special hazard exists with respect to pedestrian or other traffic or by reason of weather or highway conditions. Speed must be decreased as may be necessary to avoid colliding with any person or vehicle on or entering the highway in compliance with legal requirements and it is the duty of all persons to use due care.

(I) **Traffic Lane Usage.** Whenever any roadway within the County has been divided into **two (2)** or more clearly marked lanes for traffic, a vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(J) **U-Turns Prohibited.** No driver of a vehicle shall make a "U-turn" on any street or at any intersection of any streets or roads in the County.

(K) **Traffic Lane.** A vehicle shall be driven within the boundaries of the traffic lane that the driver is using.

24-4-3 TRANSPORTING LIQUOR IN VEHICLES. No person shall transport, carry, possess or have any alcoholic liquor within the passenger area of any motor vehicle in the County except in the original container and with the seal unbroken. **(See 625 ILCS Sec. 5/11-502)**

24-4-4 EXCESSIVE NOISE - STOPPED VEHICLE. No operator of a motor vehicle shall, when the motor vehicle is stopped, unreasonably accelerate the engine thereof with the gears of the vehicle in neutral, thereby causing an unreasonably loud or excessive noise.

24-4-5 EXCESSIVE NOISE - WHEELS. No operator of a motor vehicle shall, when the motor vehicle is stopped, accelerate the engine with the gears of such vehicle in neutral and while so accelerating the engine, shift the gears of the vehicle into a forward or reverse movement, thereby causing an unreasonably loud noise with the drive wheels of the vehicle.

24-4-6 EXCESSIVE NOISE - SQUEALING TIRES. No operator of a motor vehicle shall accelerate the engine thereof when shifting the gears of such vehicle in such a manner as to cause the rear wheels of such vehicle to spin violently, thereby causing an unreasonably loud or excessive noise. **(See 625 ILCS Sec. 5/11-505)**

24-4-7 RECKLESS, NEGLIGENT OR CARELESS DRIVING. It shall be unlawful to operate any vehicle in the County in a careless, reckless, negligent or wanton manner, or carelessly so as to endanger life or property.

24-4-8 EXCESSIVE NOISE WHILE DRIVING. No operator of a motor vehicle shall, when operating the vehicle, accelerate the vehicle or rapidly stop the vehicle causing an unreasonably loud noise.

ARTICLE V - EQUIPMENT OF VEHICLES

24-5-1 ILLINOIS VEHICLE CODE; EQUIPMENT OF VEHICLES ADOPTED.

The Illinois Vehicle Code, **Illinois Compiled Statutes, Chapter 625, Article 5/12**, entitled "**Equipment of Vehicles**", as passed, approved, and amended by the Illinois General Assembly is hereby adopted by the County and the provisions thereof shall be controlling within the County, except for the last sentence of Sections 5/12-205, beginning with "the" and ending with "act", 5/12-605, and 5/12-605.1.

24-5-2 MUFFLER. No motor vehicle shall be operated on any highway or street unless such vehicle is provided with a muffler in efficient actual working condition; and the use of a cut-out is prohibited. No muffler shall cause an unreasonably loud or excessive noise. **(See 625 ILCS 5/12-602)**

24-5-3 SOUND AMPLIFICATION SYSTEM. No driver of any motor vehicle within this County shall operate or permit operation of any sound amplification system which can be heard outside the vehicle from **seventy-five (75) feet** or more when the vehicle is being operated upon a highway, unless such system is being operated to request assistance or warn of a hazardous situation. This Section shall not apply to authorized emergency vehicles. **(See 625 ILCS 5/12-611)**

24-5-4 EXCESSIVE ENGINE BRAKING NOISE PROHIBITED. It shall be unlawful for an operator of a commercial vehicle as defined in **625 ILCS 5/1-111.8** to operate or actuate any engine braking system within the County that emits excessive noise unless it is an emergency. The Superintendent is authorized and directed to post signs stating: "**EXCESSIVE ENGINE BRAKING NOISE PROHIBITED**" at appropriate locations. **(See 625 ILCS 5/12-602.1)**

24-6-5 **PARKING FOR THE HANDICAPPED.**

(A) **Designated Parking.** Certain parking spaces within the confines of the County shall be designated for use by handicapped persons' vehicles only and will be posted with appropriate signs to that effect.

(E) **Handicapped Parking Areas.** Those places designated as "Handicapped Parking Spaces" are listed in **Schedule "H"**.

24-6-6 TOWING CARS AWAY. The Sheriff's Department and all members thereof assigned to traffic duty are hereby authorized to remove and tow away, or have removed and towed away by commercial towing service, any car, boat, trailer, or other vehicle illegally parked in any place where such parked vehicle creates or constitutes a traffic hazard, blocks the use of a fire hydrant or obstructs or may obstruct the movement of any emergency vehicle; or any vehicle which has been parked in any public street or other public place for a period of **twenty-four (24) hours**.

Vehicles towed away shall be stored on any County property or in a public garage or parking lot and shall be restored to the owner or operator thereof after payment of the expense incurred by the County in removing and storing such vehicle(s).

24-6-7 PARKING VIOLATIONS. Any person accused of a violation of an ordinance prohibiting parking a vehicle in a designated area or restricting the length of time a vehicle may be there parked, may settle and compromise the claim against him or her for such illegal parking by paying to the County **Fifteen Dollars (\$15.00)** for each such offense and **Twenty-Five Dollars (\$25.00)** for the second offense within **six (6) months**. Such payment may be made at the County Sheriff's office and a receipt shall be issued for all money so received and such money shall be promptly turned over to the County Treasurer to be credited to the General Fund. The members of the Sheriff's Department are hereby authorized to refrain from instituting a prosecution for the alleged offense involved for at least **five (5) days**.

Provided, this Section shall not apply to persons parking a vehicle so as to obstruct the entrance or exit of any place where emergency equipment is kept or housed or so as to block an emergency entrance in a hospital. Nor shall this Section apply to any person charged with parking a vehicle so as to entirely obstruct traffic in any street or alley or parking in such a way

UNCLAIMED VEHICLES**

24-7-1 ABANDONMENT OF VEHICLES PROHIBITED.

(A) The abandonment of a vehicle or any part thereof on any highway in this County is unlawful and subject to penalties as set forth under **Section 1-1-20** of this Code.

(B) The abandonment of a vehicle or any part thereof on private or public property, other than a highway, in view of the general public, anywhere in this County is unlawful except on property of the owner or bailee of such abandoned vehicle. A vehicle or any part thereof so abandoned on private property shall be authorized for removal, by the County, after a waiting period of **seven (7) days** or more, or may be removed immediately if determined to be a hazardous dilapidated motor vehicle under Section 5/11-40-3.1 of the Illinois Municipal Code. A violation of subsections (A) or (B) of this Section is subject to penalties as set forth under **Section 1-1-20** of this Code.

(C) A towing service may begin to process an unclaimed vehicle as abandoned by requesting a record search by the Secretary of State up to **ten (10) days** after the date of the tow, or any later date acceptable to the Secretary of State. This paragraph shall not apply to vehicles towed by order or authorization of the County or a law enforcement agency. **(625 ILCS 5/4-201)**

**24-7-2 ABANDONED, LOST, STOLEN OR UNCLAIMED VEHICLE
NOTIFICATION TO LAW ENFORCEMENT AGENCIES.** When an abandoned, lost, stolen or unclaimed vehicle comes into the temporary possession or custody of a person in this County, not the owner of the vehicle, such person shall immediately notify the Sheriff's Department when the vehicle is outside the corporate limits of any Municipality having a duly authorized police department, or the State Police. Upon receipt of such notification, the Sheriff will authorize a towing service to remove and take possession of the abandoned, lost, stolen or unclaimed vehicle. The towing service will safely keep the towed vehicle and its contents, maintain a record of the tow as set forth in **625 ILCS 5/4-204** for law enforcement agencies, until the vehicle is claimed by the owner or any other person legally entitled to possession thereof or until it is disposed of as provided in this Code. **(625 ILCS 5/4-202)**

24-7-3REMOVAL OF MOTOR VEHICLES OR OTHER VEHICLES; TOWING OR HAULING AWAY.

(A) When a vehicle is abandoned on a highway in an urban district **ten (10) hours** or more, its removal by a towing service may be authorized by a law enforcement agency having jurisdiction.

(B) When a vehicle is abandoned or left unattended on a highway other than a toll highway, interstate highway, or expressway, outside of an urban district for **twenty-four (24) hours** or more, its removal by a towing service may be authorized by a law enforcement agency having jurisdiction.

(C) When an abandoned, unattended, wrecked, burned or partially dismantled vehicle is creating a traffic hazard because of its position in relation to the highway or its physical appearance is causing the impeding of traffic, its immediate removal from the highway or private property adjacent to the highway by a towing service may be authorized by a law enforcement agency having jurisdiction.

24-7-4 POLICE TOWS; REPORTS, RELEASE OF VEHICLES, PAYMENT.

When a vehicle is authorized to be towed away as provided in **Section 24-7-2** or **24-7-3**:

(A) The authorization, any hold order, and any release shall be in writing, or confirmed in writing, with a copy given to the towing service.

(B) The Sheriff's Department authorizing the towing shall keep and maintain a record of the vehicle towed, listing the color, year of manufacture, manufacturer's trade name, manufacturer's series name, body style, Vehicle Identification Number, license plate year and number and registration sticker year and number displayed on the vehicle. The record shall also include the date and hour of tow, location towed from, location towed to, reason for towing and the name of the officer authorizing the tow.

(C) The owner, operator, or other legally entitled person shall be responsible to the towing service for payment of applicable removal, towing, storage, and processing charges and collection costs associated with a vehicle towed or held under order or authorization of the law enforcement agency. If a vehicle towed or held under order or authorization of a law enforcement agency is seized by the ordering or authorizing agency or any other law enforcement or governmental agency and sold, any unpaid removal, towing, storage, and processing charges and collection costs shall be paid to the towing service from the proceeds of the sale. If applicable law provides that the proceeds are to be paid into the treasury of the appropriate civil jurisdiction, then any unpaid removal, towing, storage, and processing charges and collection costs shall be paid to the towing service from the treasury of the civil jurisdiction. That payment shall not, however, exceed the amount of proceeds from the sale, with the balance to be paid by the owner, operator, or other legally entitled person.

(D) Upon delivery of a written release order to the towing service, a vehicle subject to a hold order shall be released to the owner, operator, or other legally entitled person upon proof of ownership or other entitlement and upon payment of applicable removal, towing, storage, and processing charges and collection costs. **(625 ILCS 5/4-204)**

24-7-5 RECORD SEARCHES FOR UNKNOWN OWNER.

(A) When a law enforcement agency authorizing the impounding of a vehicle does not know the identity of the registered owner, lienholder or other legally entitled person, that law enforcement agency will cause the vehicle registration records of the State of Illinois to be searched by the Secretary of State for the purpose of obtaining the required ownership information.

(B) The law enforcement agency authorizing the impounding of a vehicle will cause the stolen motor vehicle files of the State Police to be searched by a directed

communication to the State Police for stolen or wanted information on the vehicle. When the State Police files are searched with negative results, the information contained in the National Crime Information Center (NCIC) files will be searched by the State Police. The information determined from these record searches will be returned to the requesting law enforcement agency for that agency's use in sending a notification by certified mail to the registered owner, lienholder and other legally entitled persons advising where the vehicle is held, requesting a disposition be made and setting forth public sale information. Notification shall be sent no later than **ten (10) business days** after the date the law enforcement agency impounds or authorizes the impounding of a vehicle, provided that if the law enforcement agency is unable to determine the identity of the registered owner, lienholder or other person legally entitled to ownership of the impounded vehicle within a **ten (10) business day period** after impoundment, then notification shall be sent no later than **two (2) days** after the date the identity of the registered owner, lienholder or other person legally entitled to ownership of the impounded vehicle is determined. Exceptions to a notification by certified mail to the registered owner, lienholder and other legally entitled persons are set forth in **625 ILCS 5/4-209**.

(C) When ownership information is needed for a towing service to give notification as required under this Code, the towing service may cause the vehicle registration records of the State of Illinois to be searched by the Secretary of State.

The written request of a towing service, in the form and containing the information prescribed by the Secretary of State by rule, may be transmitted to the Secretary of State in person, by U.S. Mail or other delivery service, by facsimile transmission, or by other means the Secretary of State deems acceptable.

The Secretary of State shall provide the required information, or a statement that the information was not found in the vehicle registration records of the State, by U.S. Mail or other delivery service, facsimile transmission, as requested by the towing service, or by other means acceptable to the Secretary of State.

(D) The Secretary of State may prescribe standards and procedures for submission of requests for record searches and replies via computer link.

(E) Fees for services provided under this Section shall be in amounts prescribed by the Secretary of State under Section 3-821.1 of the Illinois Vehicle Code. Payment may be made by the towing service using cash, any commonly accepted credit card, or any other means of payment deemed acceptable by the Secretary of State. **(625 ILCS 5/4-205)**

24-7-6 IDENTIFYING AND TRACING OF VEHICLE. When the registered owner, lienholder or other person legally entitled to the possession of a vehicle cannot be

identified from the registration files of this State or from the registration files of a foreign state, if applicable, the law enforcement agency having custody of the vehicle shall notify the State Police, for the purpose of identifying the vehicle owner or other person legally entitled to the possession of the vehicle. The information obtained by the State Police will be immediately forwarded to the law enforcement agency having custody of the vehicle for notification purposes as set forth in **Section 24-7-5** of this Code. **(625 ILCS 5/4-206)**

24-7-7 RECLAIMED VEHICLES; EXPENSES.

(A) Any time before a vehicle is sold at public sale or disposed of as provided in **Section 24-7-8**, the owner, lienholder or other person legally entitled to its possession may reclaim the vehicle by presenting to the law enforcement agency having custody of the vehicle proof of ownership or proof of the right to possession of the vehicle.

(B) No vehicle shall be released to the owner, lienholder, or other person under this Section until all towing, storage, and processing charges have been paid. **(625 ILCS 5/4-207)**

24-7-8 DISPOSAL OF UNCLAIMED VEHICLE.

(A) When an abandoned, lost, stolen or unclaimed vehicle **seven (7) years** of age or newer remains unclaimed by the registered owner, lienholder or other legally entitled person for a period of **thirty (30) days** after notice has been given as provided in **Sections 24-7-5** and **24-7-6** of this Article, the law enforcement agency or towing service having possession of the vehicle shall cause it to be sold at public auction to a person licensed as an automotive parts recycler, rebuilder or scrap processor under **Article 5 of Chapter 625 of the**

Illinois Compiled Statutes or the towing operator which towed the vehicle. Notice of the time and place of the sale shall be posted in a conspicuous place for at least **ten (10) days** prior to the sale on the premises where the vehicle has been impounded. At least **ten (10) days** prior to the sale, the law enforcement agency where the vehicle is impounded, or the towing service where the vehicle is impounded, shall cause a notice of the time and place of the sale to be sent by certified mail to the registered owner, lienholder, or other legally entitled persons. Notice as provided in **Sections 24-7-5** and **24-7-6** of this Article as provided in this Section shall state the time and place of sale and shall contain a complete description of the vehicle to be sold and what steps must be taken by any legally entitled persons to reclaim the vehicle.

(B) If an abandoned, lost, stolen, or unclaimed vehicle displays dealer plates, notice under this Section and **Section 24-7-9** of this Code shall be sent to both the dealer and the registered owner, lienholder, or other legally entitled persons.

(C) In those instances where the certified notification specified in **Section 24-97-5** and **24-7-6** of this Article has been returned by the postal authorities to the law enforcement agency or towing service, the sending of a second certified notice will not be required. **(625 ILCS 5/4-208)**

24-7-9 DISPOSAL OF UNCLAIMED VEHICLES WITHOUT NOTICE.

(A) **New Car.** When the identity of the registered owner, lienholder, or other person legally entitled persons of an abandoned, lost, or unclaimed vehicle of **seven (7) years** of age or newer cannot be determined by any means provided for in this Article, the vehicle may be sold as provided for in **Section 24-7-8** without notice to any person whose identity cannot be determined.

(B) **Old Car.** When an abandoned vehicle of more than **seven (7) years** of age is impounded as specified by this Article, or when any such vehicle is towed at the request or with the consent of the owner or operator and is subsequently abandoned, it will be kept in custody or storage for a minimum of **ten (10) days** for the purpose of determining the identity of the registered owner, lienholder, or other legally entitled persons and contacting the registered owner, lienholder, or other legally entitled persons by the U.S. Mail, public service or in person for a determination of disposition; and an examination of the State Police stolen vehicle files for theft and wanted information. At the expiration of the **ten (10) day** period, without the benefit of disposition information being received from the registered owner, lienholder, or other legally entitled persons, the vehicle may be disposed of in either of the following ways:

- (1) The law enforcement agency having jurisdiction will authorize the disposal of the vehicle as junk or salvage.
- (2) The towing service may sell the vehicle in the manner provided in **Section 24-7-8** of this Article, provided that the paragraph shall not apply to vehicles towed by order or authorization of a law enforcement agency.
- (C) **Antique Vehicle.** A vehicle classified as an antique vehicle, custom vehicle, or street rod may, however, be sold to a person desiring to restore it. **(625 ILCS Sec. 5/4-209)**

24-7-10 DISPOSAL OF HAZARDOUS DILAPIDATED MOTOR VEHICLES.

Any hazardous dilapidated motor vehicle impounded pursuant to the provisions of this Article and **65 ILCS 5/11-40-3.1**, whether impounded at a public facility or on the property of private towing service, shall be kept in custody for a period of **ten (10) days** for the purpose of determining the identity of the registered owner or lienholder and contacting such owner or lienholder, if known, by regular U.S. Mail. At the expiration of the **ten (10) day** period, without benefit of disposition information being received from the registered owner or lienholder, the law enforcement agency having jurisdiction will authorize the disposal of the vehicle as junk. **(65 ILCS 5/4-209.1)**

24-7-11 COLLECTION OF UNPAID CHARGES. In an action to collect towing,

storage, and processing charges that remain unpaid after disposition of a vehicle towed or relocated under this Code, the towing service may recover reasonable collection costs.

24-7-12 POLICE RECORD FOR DISPOSED VEHICLE. When a vehicle in the

custody of the County or law enforcement agency is reclaimed by the registered owner, lienholder or other legally entitled person, or when the vehicle is sold at public sale or otherwise disposed of as provided in this Article, a report of the transaction will be maintained by that law enforcement agency for a period of **one (1) year** from the date of the sale or disposal. **(625 ILCS 5/4-210)**

24-7-13 PUBLIC SALE PROCEEDS; DISPOSITION OF.

(A) When a vehicle located within the corporate limits is authorized to be towed away by a law enforcement agency having jurisdiction and disposed of as set forth in this Article, the proceeds of the public sale or disposition after the deduction of towing, storage and processing charges shall be deposited in the treasury of the County.

(B) The provisions of this Section shall not apply to vehicles disposed of or sold at public sale under subsection (k) of **625 ILCS 5/4-107** of the Illinois Vehicle Code. **(625 ILCS 5/4-211)**

24-7-14 LIABILITY OF LAW ENFORCEMENT OFFICERS.

(A) A law enforcement officer or agency, a department of municipal government designated under **625 ILCS 5/4-212.1** or its officers or employees, or a towing service owner, operator, or employee shall not be held to answer or be liable for damages in any action brought by the registered owner, former registered owner, or his legal representative, lienholder or any other person legally entitled to the possession of a vehicle when the vehicle was processed and sold or disposed of as provided by this Article.

(B) A towing service, and any of its officers or employees, that removes or tows a vehicle as a result of being directed to do so by a law enforcement officer or agency or a department of municipal government or its officers or employees shall not be held to answer or be liable for injury to, loss of, or damages to any real or personal property that occurs in the course of the removal or towing of a vehicle or its contents on a limited access highway in a designated Incident Management Program that uses fast lane clearance techniques as defined by the Department of Transportation. **(625 ILCS 5/4-213)**

24-7-15 VIOLATIONS OF ARTICLE.

(A) Any person who violates **Section 24-7-1** of this Article or who aids and abets in that violation:

- (1) shall be subject to a mandatory fine of **Five Hundred Dollars (\$500.00)**; and
 - (2) shall be required by the court to make a disposition on the abandoned or unclaimed vehicle and pay all towing, storage, and processing charges and collection costs pursuant to **Section 24-7-3(A) and (E)**.

(B) When a vehicle is abandoned, it shall be presumed that the last registered owner is responsible for the abandonment and shall be liable for all towing, storage, and processing charges and collection costs, less any amounts realized in the disposal of the vehicle. The last registered owner's liability for storage fees may not exceed a maximum of **thirty (30) days'** storage fees.

The presumption established under this paragraph may be rebutted by a showing that, prior to the time of the tow:

- (1) a report of vehicle theft was filed with respect to the vehicle; or
 - (2) the vehicle was sold or transferred and the last registered owner provides the towing service with the correct identity and address of the new owner at the time of the sale or transfer.

If the presumption established under this Section is rebutted, the person responsible for theft of the vehicle or to whom the vehicle was sold or transferred is liable for all towing, storage, and processing charges and collection costs. **(625 ILCS 5/4-214)**

ARTICLE VIII - BICYCLE REGULATIONS

24-8-1 APPLICABILITY OF TRAFFIC REGULATIONS.

(B) Every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by the laws of the State declaring rules of the road applicable to vehicles or by this title applicable to the driver of a vehicle, except as to special regulations in this Chapter and except as to those regulations which by their nature can have no application.

(C) Any person operating a bicycle shall obey the instructions of official traffic-control signals, signs and other control devices applicable to vehicles, unless otherwise directed by a police officer or sheriff's deputy.

(D) Whenever authorized signs are erected indicating that no right or left turn or U-turn is permitted, no person operating a bicycle shall disobey the direction of any such sign, except where such person dismounts from the bicycle to make any such turn, in which event such person shall then obey the regulations applicable to pedestrians.

24-8-2 RIDING RESTRICTIONS.

(B) Persons riding bicycles upon a roadway shall not ride more than **two (2) abreast** except on paths or parts of roadways set aside for the exclusive use of bicycles.

(C) Wherever a usable path for bicycles has been provided adjacent to a roadway, bicycle riders shall use such path and shall not use the roadway.

24-8-4 SPEED RESTRICTION. No person shall operate a bicycle at a speed greater than is reasonable and prudent under the conditions then existing.

24-8-5 PROCEDURE ON ENTERING PUBLIC WAYS. The operator of a bicycle emerging from an alley, driveway or building shall, upon approaching a sidewalk or the sidewalk area extending across any alleyway, yield the right-of-way to all pedestrians approaching on the sidewalk area, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on the roadway.

(B) A bicycle shall not be equipped with, nor shall any person use any siren upon a bicycle.

(C) Every bicycle shall be equipped with a brake which will adequately control movement of and stop and hold such bicycle.

(E) No person shall sell or offer for sale a new bicycle that is not equipped with side reflectors. Such reflectors shall be visible from each side of the bicycle from a

distance of **five hundred (500) feet** and shall be essentially colorless or red or amber to the front of the center of the bicycle provided. The requirements of this paragraph may be met by reflective materials which shall be at least **three-sixteenths (3/16)** of an inch wide on each side of each tire or rim to indicate as clearly as possible the continuous circular shape and size of the tires or rims of such bicycle and which reflective materials may be of the same color on both the front and rear tire or rim. Such reflectors shall conform to specifications prescribed by the State.

(F) No person shall sell or offer for sale a new bicycle that is not equipped with an essentially colorless front facing reflector.

24-8-10 REGISTRATION. All groups and organizations planning to use the County road system shall register the "bicycle ride" with the Sheriff's office, if the number of cyclists is over **five (5) people**. No group shall ride on the County roads unless they have the Sheriff's permission.

ARTICLE IV – ADULT USES REGULATED

27-4-1 PURPOSE AND ADDITIONAL FINDINGS.

(A) **Purpose.** It is the purpose of this Article to regulate public nudity in order to promote the health, safety, morals, and general welfare of the citizens of the County. The provisions of this Article have neither the purpose nor effect of imposing a limitation or restriction on the content of any communicative materials.

(B) **Findings.** The County Board finds:

- (1) Public places allowing nudity lend themselves to ancillary unlawful and unhealthy activities that are presently uncontrolled.
- (2) Sexual acts, including masturbation, and oral and anal sex, occur at adult oriented businesses, especially those which provide private or semi-private booths or cubicles for viewing films, videos, live sex shows or public nudity.
- (3) Allowing public nudity creates unhealthy conditions.
- (4) Persons frequent certain adult theaters, adult arcades, and other adult oriented businesses for the purpose of engaging in sex within the premises of such adult oriented businesses.
- (5) At least **fifty (50)** communicable diseases may be spread by activities occurring in adult oriented businesses involving public nudity, including, but not limited to, syphilis, gonorrhea, human immunodeficiency virus infection (HIV-AIDS), genital herpes, hepatitis B, Non A, Non B amebiasis, salmonella infections and shigella infections.
- (6) Since 1981 and to the present, there has been an increasing cumulative number of reported cases of AIDS caused by the human immunodeficiency virus (HIV) in the United States.
- (7) The Surgeon General of the United States in his report of **October 22, 1986**, has advised the American public that AIDS and HIV infection may be transmitted through sexual contact, intravenous drug abuse, exposure to infected blood and blood components, and from an infected mother to her newborn.

- (8) According to the best scientific evidence, AIDS and HIV infection, as well as syphilis and gonorrhea, are principally transmitted by sexual acts.
- (9) Sanitary conditions in some adult oriented businesses and those places allowing public nudity are unhealthy, in part, because the activities conducted there are unhealthy, and, in part, because of the unregulated nature of the activities, including nudity, and the failure of the owners and the operators of the facilities to self-regulate those activities and maintain those facilities.
- (10) Numerous studies and reports have determined that semen is found in the areas of adult oriented businesses allowing public nudity and where persons view "adult" oriented films.
- (11) The findings noted in paragraphs (1) through (10) raise substantial governmental concerns.

CHAPTER 28**[2016]****I-599**

PERSONNEL POLICY

ARTICLE I – INTRODUCTION

28-1-1 HISTORY OF CLINTON COUNTY, ILLINOIS. In 1805, prior to the establishment of the county, the territorial government established a post road from its capital (Vincennes, Indiana) to St. Louis, Missouri, passing through the county. In 1808 a wagon road was laid out through what is now Clinton County. The road extended from the Goshen Settlement to the Ohio salt works and crossed the Kaskaskia River at Carlyle.

Clinton County was organized in 1824 out of Washington, Fayette, and Bond Counties. It was named in honor of the seventh Governor of New York, DeWitt Clinton, who helped build the Erie Canal.

Clinton County leads the state in dairy farming and pork, wheat and egg production, plus boasts the largest man-made lake in Illinois. Country roads wind past acres of farmland, across the Kaskaskia River and through villages and towns established in the 1800s. **(101)**

28-1-2 INTRODUCTION - PURPOSE. The purpose of this Personnel Policy is to provide an outline of the basic personnel policies, practices and procedures which apply to Clinton County employees. The County recognizes that the recruitment and retention of competent, dependable employees and the maintenance of high standards of employee conduct are essential to efficient, effective county government. This Personnel Policy contains general statements and goals and is not intended to contain fine details or be all inclusive. **This Personnel Policy is not intended to be nor should it be read as forming an express or implied contract.** The Clinton County Board may alter, revoke, modify or add to the policies, practices and procedures in this Personnel Policy from time to time. Every effort will be made to keep this Personnel Policy current but there may be times when policies, procedures or practices have changed before this Personnel Policy can be revised. Clinton County will follow all applicable Federal and State laws.

This policy does not apply to Employees of other agencies related to the County, including but not limited to Regional Office of Education. **(102)**

28-1-3 COUNTY OFFICES AND DEPARTMENTS. The policies, practices and procedures contained in this Personnel Policy shall be considered the core or basic set of policies applicable to all agencies, offices and departments of this County. County agencies, office or departments may supplement this Personnel Policy by adopting rules, regulations,

I-600

[2016]

policies and/or procedures to address the special circumstances or needs of that agency, department or office which are in addition to the policies contained in this Personnel Policy. Such supplemental policies shall be approved by the Clinton County Board.

Certain County offices or departments have some of their rules and procedures determined by other entities, i.e. the Supreme Court or the Judges of the Eleventh Judicial Circuit. In the event of a conflict with the policies of this Personnel Policy, the rules and regulations of such other entities shall govern.

Further, the County recognizes the authority of elected officials to appoint their employees and to control the internal operations of their offices. The elected officials will be

requested annually to affirm their acceptance and approval of this Personnel Policy at the time the annual budget is approved. Any elected official that chooses not to accept and approve this Personnel Policy must provide a copy of their personnel policy to the County Board at the time the annual budget is approved.

For those agencies, offices and/or departments with collective bargaining agreements, such agreements will prevail to the extent permitted by law and only to the extent said agreements contain provisions which are in conflict with the policies set forth herein.

Employees are encouraged to familiarize themselves with the contents of this Personnel Policy, for it will answer many common questions concerning employment within Clinton County Government. **(103)**

ARTICLE II – EMPLOYMENT

28-2-1 EMPLOYEE RELATIONS. The Officials of Clinton County strive to ensure that work conditions, wages and benefits offered to employees are competitive with those offered by other employers in the area. If an employee has concerns about work conditions or compensation they should be voiced openly and directly to the Elected/Appointed Official of the relevant Department. It's believed that the Elected/Appointed Officials and County Board members amply demonstrate commitment to employees by responding effectively to employee concerns. **(201)**

28-2-2 EQUAL OPPORTUNITY EMPLOYER. Clinton County does not discriminate with respect to the terms and conditions of employment because of an individual's race, color, creed, ancestry, religion, sex, sexual orientation, national origin, mental or physical disability, age, military status, arrest record, marital status, unfavorable discharge from military service, order of protection status or any other status protected by law. It is our policy to employ, promote and transfer those individuals who possess the required skills, education, experience and qualifications for each position. Any employees with any concerns about any type of discrimination in the workplace are encouraged to bring these issues to the appropriate department head. **(See Chapter 22) (202)**

28-2-3 NEPOTISM. The County permits the employment of qualified relatives of employees of the employee's household or immediate family as long as such employment does not, in the opinion of the Employer, create actual conflicts of interest. For purposes of this policy, "immediate family" is defined as a spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, corresponding in-law, "step" relation or any member of the employee's household. The Employer will use sound judgment in the placement of related employees in accordance with the following guidelines:

(A) Individuals who are related by blood, marriage, or reside in the same household are permitted to work in the same County department, provided no direct reporting or supervisor to subordinate relationship exists. That is, no employee is permitted to work within "the chain of command" when one relative's work responsibilities, salary, hours, career progress, benefits or other terms and conditions of employment could be influenced by the other relative.

(B) Related employees may have no influence over the wages, hours, benefits, career progress and other terms and conditions of the other related staff members.

(C) Employees who marry while employed, or become part of the same household are treated in accordance with these guidelines. That is, if in the opinion of the Employer, a conflict arises as a result of the relationship, one of the employees may be transferred at the earliest practicable time.

(D) Any exceptions to this policy must be approved by the Employer.
(203)

28-2-4 EMPLOYEE HIRING AND ESSENTIAL FUNCTION TESTING POLICY AND PROCEDURE. The purpose of this policy is to ensure that employees are able to safely

perform the essential functions of their job without posing a direct threat to themselves or

others. All medical/background screenings will be completed only after a conditional job offer is made. Fitness for Duty/Essential Function Testing will be required upon hire.

(A)

Procedure.

- (1) All job applicants must complete a written application and sign a release of information for prior employers and job references.
- (2) Job applicants who appear to meet the relevant qualifications for the position will be contacted to schedule a personal interview. During the interview, job applicants should be shown a copy of the relevant job description and asked whether they can perform the functions with or without an accommodation.
- (3) Following successful completion of the interview process, the employer should contact references as well as prior employers identified by the job applicant.
- (4) Qualified applicants who have successfully completed the interview and reference check will receive a Conditional Job Offer (CJO) where appropriate. The job offer will be contingent upon the results of a Fitness for Duty/Essential Functions Test by a healthcare professional. The healthcare professional should be given a copy of the relevant job description including maximum lifting requirements and other physical demands of the position.
- (5) If the employee successfully completes the physical examination, an employment start date will be given.
- (6) Where the physical examination reveals a medical condition that the healthcare professional believes would impair the job applicant's ability to perform the essential functions of the position, the job applicant must then meet with the employer to discuss whether the employer can reasonably accommodate the job applicant's disability. During this interactive process, the job applicant should be prepared to identify potential reasonable accommodations that the job applicant believes would allow him or her to successfully perform the essential functions of the position without posing a significant risk of harm to himself or others.
- (7) In the event that there is no reasonable accommodation that would allow the job applicant to perform the essential functions of the job or the requested accommodation would pose an undue hardship on the employer, the conditional job offer may be rescinded.
- (8) If the job applicant and employer are able to agree on a reasonable accommodation for the identified disability that will allow the job applicant to perform the essential functions of the position, the job applicant will be given a start date.
- (9) The employer further reserves the right to rescind a conditional job offer or terminate employment if the job applicant/employee provided false or misleading information at any time during the application process, including during the physical examination.

(204)

28-2-5 OUTSIDE EMPLOYMENT. An employee may hold a job with another organization as long as he or she satisfactorily performs his or her job responsibilities with the County. All employees will be judged by the same performance standards and will be subject to the County's scheduling demands, regardless of any existing outside work requirements.

If the Elected/Appointed Official determines that an employee's outside work interferes with performance or the ability to meet the requirements of the department as modified from time to time, the employee may be asked to terminate the outside employment if he or she wishes to remain with the department. **(205)**

28-2-6 PERSONAL SERVICES. No employee may be required to perform personal services for any fellow employee, Elected/Appointed Official. No employee may voluntarily perform such services during any compensated work hours, excluding holidays and vacations. Personal services are defined as activity having any value or for which compensation is normally paid between unrelated parties, other than as contained in an employee's job description or directly related to the operation of County business. **(206)**

ARTICLE III – EMPLOYMENT STATUS AND RECORDS

28-3-1 EMPLOYMENT CATEGORIES. This Section is to clarify the definitions of employment classifications so that employees understand employment status and benefit eligibility. These classifications do not guarantee employment for any specified period. Accordingly, the right to terminate the employment relationship at will at any time is retained by both the employee and the County employer.

Each employee is designated as Non-Exempt or Exempt from federal and state wage and hour laws. Non-Exempt employees are entitled to receive overtime pay under the specific provisions of federal and state laws. Exempt employees are excluded from specific provisions of Federal and State wage and hour laws. An employee's Exempt or Non-Exempt status classification may be changed only upon written notification of the County Board or the Board's designated agent.

(A) **Nonexempt Employees.** Employees who are required to be paid overtime at the rate of time and one-half (i.e., one and one-half times) their regular rate of pay for all hours worked beyond **forty (40) paid hours** in a workweek, in accordance with applicable federal wage and hour laws.

(B) **Exempt Employees.** Employees who are not required to be paid overtime, in accordance with applicable federal wage and hour laws, for work performed beyond **forty (40) hours** in a workweek. Elected/Appointed Official, managers, professional employees and certain employees in administrative positions are typically exempt.

(C) In addition to having Exempt or Non-Exempt status, each employee will belong to one of the following categories:

- (1) **Full-Time.** An employee who has completed a **ninety (90) day** probationary period and who regularly works a minimum of **forty (40) hours** on a continuing basis is considered a full time employee. Temporary or per diem employees are not considered full time employees.
- (2) **Part-Time.** An employee who works less than **forty (40) hours** per week on a continuing basis is considered a regular part-time employee. Temporary and Per Diem employees are not considered regular part-time employees.
- (3) **Temporary/Seasonal Employee.** Those who are hired as interim replacements to assist in a specific project or to temporarily supplement the regular work force are temporary/seasonal employees. Employment assignments in this category are of limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status. While temporary employees receive all legally mandated benefits (such as workers compensation and social security), they are ineligible for all of the County's other benefit programs unless otherwise mandated.
- (4) **Per Diem Employee.** Employee that adds to or substitutes for career and limited appointments on a pre-scheduled basis or as needed on a day-to-day. Employees who are considered Per Diem Employees may be scheduled or not scheduled or called off from a pre-established schedule. Additionally, a Per Diem

employee's eligibility for scheduling may be discontinued at any

time without notice and without cause at the sole discretion of the Elected/Appointed Official without recourse. Per Diem employees are not eligible for any benefit programs except those mandated by law.

(301)

28-3-2 ACCESS TO PERSONNEL RULES. Each Elected/Appointed Official maintains a personnel file on each employee employed in his or her office. The personnel file includes such information as: the employee's job application, resume, records of training, documentation of performance appraisals, salary increases, and other employment records.

Personnel files are the property of the County and access to the information they contain is restricted. Generally, only persons who have a legitimate reason to review information in a file are allowed to do so.

Employees who wish to review their own personnel file should contact the Elected/Appointed Official of their department. The County provides employee's with access to their personnel files in accordance with the Personnel Record Review Act.

The personnel file should not be confused with the payroll file maintained by the payroll clerk. The payroll file should include only such items as pertain directly to payroll.

(302)

28-3-3 PERSONNEL DATA CHANGES. It is the responsibility of each employee to promptly notify his/her Elected/Appointed Official and the County Clerk of any changes in personnel data. Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in the event of emergency, educational accomplishments, and other such status reports should be accurate and current at all times.

(303)

28-3-4 PERFORMANCE EVALUATIONS. Elected/Appointed Officials and Employees are strongly encouraged to discuss job performance and goals on an informal, regular basis. Formal performance evaluations are conducted after an employee has completed **ninety (90) days** of employment in any new position. This period allows the Elected/Appointed Official and the employee to discuss the job responsibilities, standards and performance requirements of the new position. Additional performance evaluations are conducted to provide both management and employees the opportunity to discuss job tasks, identify and correct weaknesses, encourage and recognize strengths, and discuss positive purposeful approaches for meeting goals.

Formal performance evaluations are generally performed on an annual basis, on or near the employee's hire date. These evaluations are to be placed in the employee personnel file maintained by the Elected/Appointed Official. **(304)**

28-3-5 VACANCY POSTING. The Elected/Appointed Official shall post new or vacant positions in a central location at the appropriate worksites and on the appropriate websites. **(305)**

ARTICLE IV – EMPLOYEE BENEFIT PROGRAMS

28-4-1 **EMPLOYEE BENEFITS.** The employee benefits set forth in Sections 28-4-1 through 28-4-4 shall only apply eligible employees. Eligible employees are those employees who are not covered by a Collective Bargaining Agreement or are not members of a union. Furthermore, eligible employees shall not include elected and appointed officials. A number of programs are legally mandated and are provided for every employee (such as Social Security, workers compensation, state disability, and unemployment insurance) and cover all employees in the manner prescribed by law.

Employees who regularly work a minimum of **thirty (30) hours** per week on a continuing basis are eligible for all County benefits. Single and family plan Health and Life insurance is available at an employer/employee shared expense.

Benefit eligibility is dependent upon many factors, including employee classification. Consult the County Clerk for a list of benefit programs currently offered. **(401)**

28-4-2 **PAID HOLIDAYS.** The County Holiday schedule will always be based on the most recent Circuit Court Holiday Schedule and may change annually.

Holidays currently are:

New Year's Day (observed)	Martin Luther King, Jr. Day
Lincoln's Birthday	President's Day
Memorial Day	Independence Day
Labor Day	Columbus Day
Veteran's Day	Thanksgiving Day
Day following Thanksgiving	Christmas Eve
Christmas Day	

Holidays falling on Saturday and/or Sunday will be observed on Friday and/or Monday. When Christmas Eve and Christmas Day falls on Friday and Saturday we will also have Thursday off. When Christmas Eve and Christmas Day falls on Sunday and Monday we will also have Tuesday off.

Employees eligible for benefits shall be paid a regular day's pay for each Holiday based on the employee's regular rate of pay (as of the date of the holiday) times the number of hours the employee would otherwise have worked that day.

If a recognized holiday falls during an eligible employee's paid absence, (such as vacation or sick leave), holiday pay will be provided instead of paid time off benefit that would otherwise have applied.

If eligible non-exempt employees work on a recognized holiday, they will receive holiday pay plus wages at one and one-half times the regular rate for the hours worked on the holiday.

When a full-time employee is called in from his regular day off on the actual day of a holiday, he shall be paid at his overtime rate for all hours worked in addition to his holiday pay.

Paid time off for holidays will not be counted as hours worked for the purposes of calculating overtime.

In case of emergency and when required by the Elected/Appointed Official, employees shall work on holidays and shall be paid at the overtime rate if applicable. Employees that are called into work on Saturdays, Sundays, and holidays will be paid a minimum of **four (4) hours** at the overtime rate if applicable.

(403)

28-4-4 BEREAVEMENT LEAVE. The Employer agrees to provide to eligible employees eligible for benefits leave without loss of pay as a result of death in the immediate family, not to exceed **three (3) consecutive days**. For purposes of this policy a member of the immediate family shall be defined to be any employee's mother, father, spouse, daughter, or son (including step or adopted), sister or brother (including half or step), father-in-law, mother-in-law, son-in-law, daughter-in-law, grandparents and grandchildren. Full-time eligible employees are allowed **one (1) day** paid leave for uncles and aunts, nephews and neices.
(404)

28-4-5 JURY DUTY AND WITNESS LEAVE. An employee called to serve on a jury shall be granted leave, with pay, to perform that duty. Also, if an employee is served a subpoena by any judicial, legislative or administrative tribunal, or by the office of any such tribunal, the employee shall be granted leave with pay to serve as a witness. Any employee who is summoned to appear as a jurist or subpoenaed as a witness should contact their immediate supervisor, department head or elected official upon request of such notice so arrangements can be made to accommodate such leave time.

Any payment received by an employee of the County for service on a jury or as a witness as outlined above, shall be turned over to the County Treasurer, except that the employee may keep any portion of the payment which specifically covers mileage

reimbursement. The employee may keep any portion of such pay earned while he/she performs this service during his/her designated weekend, while using accumulated compensatory time, or while using earned PTO. **(405)**

28-4-6 FAMILY AND MEDICAL LEAVE ACT AND MILITARY LEAVE (FMLA)

POLICY. This policy document supersedes any other existing policy or policy document governing the handling of leave taken pursuant to the Family and Medical Leave Act of 1993 ("FMLA"). It is intended to conform with Clinton County's obligations under 29 C.F.R. §825.300.

(A) **Eligibility.** To be eligible for FMLA benefits, an employee **must**:

- (1) have worked for Clinton County for a total of **twelve (12) months**; and
- (2) have worked at least **one thousand two hundred fifty (1,250) hours** over the previous **twelve (12) months**.

(B) **Leave Entitlement.** A covered employee is entitled to up to a total of **twelve (12) workweeks** of unpaid leave in a **twelve (12) month** period for one or more of the following reasons:

- (1) for the birth of a son or daughter, and to care for the newborn child;
- (2) for the placement with the employee of a son or daughter for adoption or foster care;
- (3) to care for the employee's spouse, son or daughter or parent (but not parent-in-law) who has a serious health condition;
- (4) when the employee is unable to perform the functions of the employee's job because of a serious health condition, or because of incapacity due to pregnancy, prenatal medical care or child birth.

Leave to care for a newborn child or for a newly placed child must conclude within **twelve (12) months** after the birth or placement.

Spouses employed by the same employer may be limited to a **combined** total of **twelve (12) workweeks** of family leave for the following reasons:

- (1) birth and care of a child;
- (2) for the placement of a child for adoption or foster care, and to care for the newly placed child; and,
- (3) to care for an employee's parent who has a serious health condition.

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their **twelve (12) week** leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending counseling sessions, and attending post-deployment reintegration briefings.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty, is entitled to up to **twenty-six (26) weeks** of unpaid leave in a single **twelve (12) month** period to care for the service member. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render

the service member medically unfit to perform his or her duties for which the service member is

[2016]

I-614

undergoing medical treatment, recuperation, or therapy; or is on the temporary disability retired list. An eligible employee is entitled to a combined total of **twenty-six (26) workweeks** of leave for any FMLA-qualifying reason during the single **twelve (12) month** period, but is entitled to no more than **twelve (12) weeks** of leave for:

- (1) the birth of a son or daughter of the employee and in order to care for such son or daughter;
- (2) because of the placement of a son or daughter with the employee for adoption or foster care;
- (3) in order to care for the spouse, son, daughter or parent with a serious health condition;
- (4) because of the employee's own serious health condition;
- (5) or because of a qualifying exigency.

Under some circumstances, employees may take FMLA leave intermittently – which means taking leave in blocks of time, or by reducing their normal weekly or daily work schedule.

If FMLA leave is for birth and care or placement for adoption or foster care of a son or daughter, use of intermittent leave is subject to the employer's approval.

FMLA leave may be taken intermittently whenever **medically necessary** to care for a seriously ill family member or seriously ill or injured service member, or because the employee is seriously ill and unable to work.

The terms "son or daughter" are defined as biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is under **eighteen (18) years** of age or **eighteen (18) years** of age or older and incapable of self-care because of a mental or physical disability. An employee stands in loco parentis to a child when the employee intends to assume the responsibilities of a parent with regard to the child through either day-to-day care or financial support.

(C) **Serious Health Condition.** A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than **three (3)** consecutive calendar days combined with at least **two (2)** visits to a health care provider or **one (1)** visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

(D) **Leave Availability Calculation.** Clinton County has adopted the "rolling **twelve (12) month** period" of calculating available FMLA leave for all types of leave with the exception of leave to care for a seriously ill or injured service member. Under the rolling **twelve (12) month** period, in order to determine the amount of available FMLA leave, the calculation is made each time an employee commences an FMLA leave. From that date, the preceding **twelve (12) month** period is examined. Any FMLA leave used during that preceding **twelve (12) months** is deducted from the **twelve (12) weeks** annual leave granted by the FMLA. The employee is entitled to take no more than the remaining balance of FMLA leave.

For FMLA leave requests made to care for a covered service member with a serious injury of illness, the single **twelve (12) month** period begins on the first day the eligible employee takes FMLA leave.

(E) **Substitution of Paid Leave.** Any employee taking FMLA leave is required to substitute and use any remaining paid "leave" benefits which are available or become available during the FMLA leave. This includes vacation, personal, and sick days. Such paid leave is substituted for the unpaid FMLA leave, and is not in addition to such FMLA leave.

All other FMLA leave is unpaid.

(F) **Medical Insurance Benefits While on FMLA Leave.** During FMLA leave, Clinton County will maintain the employee's health coverage under any group health plan, under the same terms as if the employee had continued to work. If the employee was required to pay a portion of the premiums for coverage, that obligation continues while on leave. Payment is expected to be made in the same amounts, and at the same time (i.e. each payroll date) as was made while working. If any payment is more than **thirty (30) days** late, medical coverage may be canceled pursuant to the FMLA Rules and Regulations.

An employee can elect not to continue medical coverage while on leave. If this election is made, Clinton County will immediately place the coverage into COBRA.

If the coverage is continued while on FMLA leave, and the employee does not return to work at the end of the FMLA leave period, Clinton County will bill the employee for the amount of premiums paid by Clinton County during the leave period unless the employee does not return to work due to a reason exempted from this provision by FMLA Rules and Regulations.

No other employment benefits provided by Clinton County to employees are continued during FMLA leave. All such benefits are instead held in abeyance until the employee returns to work. Use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

(G) **Procedure for Requesting FMLA Leave.** An employee must provide Clinton County with at least **thirty (30) days** advance notice before FMLA leave is to begin if the need for the leave is foreseeable. If **thirty (30) days'** notice is not possible, such as because of a lack of knowledge of approximately when leave will be required to begin, a change in circumstances, or a medical emergency, notice must be given as soon as practicable.

Employees must provide sufficient information for Clinton County to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees must also inform Clinton County if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees will also be required to provide certification as specified below, and may be required to provide periodic recertification supporting the need for leave.

Any employee taking leave to care for the employee's covered family member with a serious health condition, or due to the employee's own serious health condition that makes the employee unable to perform one or more of the essential functions of the employee's position must be supported by a certification issued by the health care provider of the employee or the employee's family member on the form attached to this policy. An employee taking leave because of a qualifying exigency or to care for a covered service member with a serious injury or illness must also be supported by a certification in the form attached to this policy except that an employee taking leave to care for a covered service member may provide an invitational travel order (ITO) or an invitational travel authorization (ITA) in lieu of certification for the leave taken through the expiration of the ITO or ITA. Additional copies of the certification forms can be obtained from your supervisor. Employees are required to furnish the above-referenced certifications at the time the employee gives notice of the need for leave or within **five (5)**

business days thereafter. In the case of unforeseen leave, certification must be provided

within **five (5) business days** after the leave commences. FMLA leave may be denied in accordance with the FMLA Rules and Regulations if appropriate certification is not provided.

(H) **Consequences of Taking FMLA Leave.** Any FMLA leave taken will be counted against the available leave allowed by statute. Any employee seeking to return to work after leave taken because of the employee's own "serious health condition" must submit a medical certification of fitness to return to duty, signed by the attending health care provider, before the employee will be allowed to return to work. Failure to comply with this requirement does not extend the leave.

On return from FMLA leave, the employee will be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. Clinton County reserves the right to deny restoration to "key employees" as defined by the FMLA regulations where restoration will cause "substantial and grievous economic injury" to the operations of Clinton County.

If the employee is unable to perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition or an injury or illness also covered by workers' compensation, the employee has no right to restoration to another position under the FMLA. The employee may, however, fall under the Americans with Disabilities Act (ADA).

(I) **Employer Responsibilities.** Clinton County must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, Clinton County will provide a reason for the ineligibility.

Clinton County must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If Clinton County determines that the leave is not FMLA-protected, the employer must notify the employee.

(J) **Unlawful Acts by Employers.** The FMLA makes it unlawful for any employer to:

- (1) Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- (2) Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

(K) **Enforcement.** An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement with provides greater family or medical leave rights.

(L) **Reference to FMLA Notice Poster.** Clinton County has posted in each department, a notice setting forth the relevant provisions of the FMLA. The terms of the notice are incorporated in this policy document as if they were specifically set forth. Each employee is charged with familiarizing him/herself with the contents of the notice concerning all applicable employee rights and obligations under the FMLA.

(406)

28-4-7 UNPAID LEAVE FOR EMPLOYEES DUE TO DOMESTIC AND SEXUAL VIOLENCE (VESSA). The County will provide up to **twelve (12) weeks of unpaid leave** from work to an employee who is a victim of domestic or sexual violence (or who has a

family or household member who is a victim of domestic or sexual violence) to address domestic or sexual violence if the employee is:

(A) **seeking medical attention** for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee's family or household member;

(B) **obtaining services from a victim services organization** for the employee or the employee's family or household member;

(C) **obtaining psychological or other counseling** for the employee or the employee's family or household member;

(D) **participating in safety planning, temporarily or permanently relocating**, or taking other actions to increase the safety of the employee or the employee's family or household member from future domestic or sexual violence or ensure economic security; or

(E) **seeking legal assistance or remedies** to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence.

"Family or household member" means a spouse, parent, son, daughter, other person related by blood or by present or prior marriage, other person who shares a relationship through a son or daughter, and persons jointly residing in the same household whose interests are not adverse to the employee as it relates to the domestic or sexual violence.

"Parent" means the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or daughter. "Son or daughter" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is under **eighteen (18) years** of age, or is **eighteen (18) years** of age or older and incapable of self-care because of a mental or physical disability.

Period of Leave. Employee shall be entitled to a total of **twelve (12) workweeks** (note that employers with less than fifty (50) employees can provide eight (8) weeks instead of twelve (12)) of unpaid leave during any **twelve (12) month** period. (This policy does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or is in addition to the unpaid leave time permitted by, the federal Family and Medical Leave Act.) Leave may be taken intermittently or on a reduced work schedule.

Existing Leave. The employee may use any available paid or unpaid leave (including family, medical, sick, annual, personal, etc.) from employment, pursuant to federal, State or local law, a collective bargaining agreement, or an employment benefits program or plan, in substitution for any period of such leave for an equivalent period of leave.

Employee Notice Requirements. The employee shall provide the County with **at least forty-eight (48) hours' advance notice** of the employee's intention to take the leave, unless providing such notice is not practicable.

When an unscheduled absence occurs, the County will not take any action against the employee if the employee, **within a reasonable period after the absence** (generally defined herein as **fifteen (15) days**) provides certification as shown under the next section.

Employee Certification. The County may require the employee to provide certification to the County that:

(A) the employee or the employee's family or household member is a victim of domestic or sexual violence; and

(B)
paragraph.

the leave is for one of the purposes enumerated in the above "Basis"

The employee shall provide such certification to the County within a reasonable period after the County requests certification.

An employee may satisfy the above certification requirement by providing to the County a **signed and dated statement** of the employee, and upon obtaining such documents the employee shall provide:

(A) **documentation** from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee or the employee's family or household member has sought assistance in addressing domestic or sexual violence and the effects of the violence;

(B) a **police or court record**; or

(C) other corroborating evidence.

Confidentiality. All information provided to the County, including a statement of the employee or any other documentation, record, or corroborating evidence, and the fact that the employee has requested or obtained leave pursuant to this policy, shall be **retained in the strictest confidence by the County**, except to the extent that disclosure is: (1) requested or consented to in writing by the employee; or (2) otherwise required by applicable Federal or State law.

Restoration to Position. In general, an employee who takes leave under this policy shall be entitled, on return from such leave:

(A) to be restored by the County to the position of employment held by the employee when the leave commenced; or

(B) to be restored to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

Loss of Benefits. The taking of leave under this policy shall not result in the loss of any employment benefit accrued prior to the date on which the leave commenced. An employee may elect to substitute available paid leave any period of leave under this policy. An employee will not be required to substitute available paid for the leave provided under this policy.

An employee who takes leave under this policy for the intended purpose of the leave shall be entitled upon return from such leave to be restored to the same position or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

However, the employee is not entitled to:

(A) the accrual of any seniority or employment benefits during any period of leave; or

(B) any right, benefit, or position of employment other than any right, benefit, or position to which the employee would have been entitled had the employee not taken the leave.

Reporting to the County. The County may require an employee on leave under this policy to **report periodically to the County** on the status and intention of the employee to return to work.

Maintenance of Health Benefits. Except as provided under "Loss of Benefits," during any period that an employee takes leave under this policy, the County shall maintain coverage for the employee and any family or household member under any group health plan for the duration of such leave at the level and under the conditions coverage would have been provided if the employee had continued in employment continuously for the duration of such leave.

Failure to Return From Leave. The County may recover the premium that the County paid for maintaining coverage for the employee and the employee's family or household member under such group health plan during any period of leave under this policy if:

(A) the employee **fails to return** from leave under this policy after the period of leave to which the employee is entitled has expired; and

(B) the employee **fails to return** to work for a reason other than:

- (1) the continuation, recurrence, or onset of domestic or sexual violence that entitles the employee to leave; or
- (2) other circumstances beyond the control of the employee.

The County may require an employee who claims that the employee is unable to return to work because of a reason described in (1) or (2) above to provide, within a reasonable period after making the claim, certification to the County that the employee is unable to return to work because of that reason.

An employee may satisfy the certification requirement above by providing to the County:

- a sworn statement of the employee;
- documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional from whom the employee has sought assistance in addressing domestic or sexual violence and the effects of that violence;
- a police or court record; or
- other corroborating evidence.

The County will not fail to hire, refuse to hire, discharge, constructively discharge, or harass any individual exercising their rights under this policy or otherwise discriminate against any individual exercising their rights under this policy with respect to the compensation, terms, conditions, or privileges of employment of the individual, or retaliate against an individual in any form or manner for exercising their rights under this policy.

Leave Availability Calculation. The County has adopted a "rolling **twelve (12) month** period" method of calculating available leave. In order to determine the amount of available leave, the calculation is made each time an employee commences leave. From that date, the preceding **twelve (12) month** period is examined. Any leave used during that preceding **twelve (12) months** is deducted from the **twelve (12) weeks** annual leave provided by law under this policy. An employee is entitled to take no more than the remaining balance of leave.

Reference to Required Posting. The County has posted in each department, a poster setting forth the relevant provisions of the Victims' Economic Security and Safety Act. The terms of that poster are incorporated in this policy document as if they were specifically set forth. Each employee is charged with familiarizing him/herself with the contents of that poster concerning all applicable employee rights and obligations under the Act.

(407)

ARTICLE V – TIME KEEPING/PAYROLL

28-5-1 TIME KEEPING. Accurately recording time worked is the responsibility of every employee. Federal and State laws require employers to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is the time actually spent on the job performing assigned duties.

Employees should accurately record the time they begin and end the work day, as well as the beginning and ending time of each meal period. They should also record the beginning and ending time of any split shift or departure from work for personal reasons. The Elected/Appointed Official must always approve overtime work before it is performed.

Altering, falsifying, tampering with time records or recording time on another employee's time record may result in disciplinary action, up to and including termination of the employee.

Employees are not to begin work before their scheduled start time, and are expected to finish working at their scheduled end time. Any departures from the normal schedule must be authorized by the Elected/Appointed Official. It is the employees' responsibility to sign the time records to certify the accuracy of all time recorded. The supervisor will review and then initial the time record before submitting it for payroll processing. In addition, if corrections or modifications are made to the time record, both the employee and the Elected/Appointed Official must verify the accuracy of the change by initialing the time record. **(501)**

28-5-2 WORK SCHEDULES. The normal work schedule for non-exempt Courthouse employees will be from **8:00 A.M.** to **4:30 P.M.** Monday through Friday with an unpaid **thirty (30) minute** lunch period, unless otherwise specified by the Elected/Appointed Officials.

The Highway Department and the Sheriff's Department work schedules are to be determined by the Department Heads and any applicable union agreements. **(502)**

28-5-3 OVERTIME. When operating requirements or other needs cannot be met during regular working hours, employees may be given the opportunity for overtime work. All overtime work must be approved in advance by the Elected/Appointed Official prior to the time the work is performed.

Overtime compensation is paid to all nonexempt employees in accordance with Federal and State wage and hour restrictions. Overtime pay is based on actual hours worked. Time off on holiday pay, sick leave, vacation leave, or any leave of absence will not be considered as hours worked for purposes of performing overtime calculations.

Overtime must be compensated at the rate of time and a half. It shall be the Elected/Appointed Official option to choose compensatory time or financial reimbursement for nonexempt employee overtime. **(503)**

28-5-4 PAYDAYS. All employees are paid biweekly on every other Friday. Each paycheck will include earnings for all work performed through the end of the previous payroll period. Employees should turn in their time sheets to their Elected/Appointed Official no later than **4:30 P.M.**, on the Friday of the week proceeding the Friday payday. The payroll claims

are to be submitted to the County Clerk's Office by noon on the Tuesday before the Friday payday.

In the event that a regularly scheduled payday falls on a holiday, employees will receive their paycheck on the last day of work before the regularly scheduled payday.

Direct Deposit is allowed for all employees. The employee must provide banking information to the payroll department on the date of hire. If a current employee changes banking information, the payroll department must be notified immediately. Failure to report banking changes to the payroll department may result in a delay of receiving pay. **(504)**

28-5-5 TERMINATION OF EMPLOYMENT. It is the policy of the County that employment may be terminated by an employee's resignation, discharge, or retirement; the expiration of an employment contract; or a reduction in the work force.

The following are some of the most common circumstances under which employment is terminated:

(A) **Honorable Resignation.** Employees are requested to give a minimum of **two (2) weeks** written notice of their intent to resign.

(B) **Automatic Resignation.** An employee will be considered to have resigned after failing to report to work for **three (3) consecutive workdays** without notification to the Elected/Appointed Official.

(C) **Discharge.** Involuntary employment termination initiated by the Elected/Appointed Official.

(D) **Layoff.** Involuntary employment termination initiated by the County for non-disciplinary reasons. There shall be no seniority within County employment, departments or offices and no ability to transfer between departments or offices. Individuals to be laid off in each department will be determined by the Elected/Appointed Official of the department.

(E) **Retirement.** Voluntary employment termination initiated by the employee, meeting age, length of service, and any other criteria for retirement from the organization.

Since employment with the County is based on mutual consent, both the employee and Clinton County Elected/Appointed Officials have the right to terminate employment at will, with or without cause, at any time. Employee benefits will be affected by employment termination. All accrued vested benefits that are due and payable at termination will be paid on the payday for that pay period. Some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing of the benefits that will be paid and the benefits that may be continued and of the terms, conditions, and limitations of such continuance. **(505)**

ARTICLE VI – WORK CONDITIONS AND HOURS

28-6-1 SAFETY IN THE WORKPLACE. To assist in providing a safe and healthy work environment for employees, customers, and visitors, Clinton County has established a workplace safety program. This program is a top priority for the County. The Safety Committee has the responsibility for implementing, administering, monitoring and evaluating the Safety program. Its success depends on the alertness and personal commitment of all.

The County provides information to employees about workplace safety and health issues through regular internal communication channels such as internal meetings in each department, bulletin board postings, memos or other written communications. A safety advisory group has been established to assist in these activities and to facilitate effective communications between employees and management about workplace safety and health issues.

Elected/Appointed Officials and employees receive periodic workplace safety training. The training covers potential safety and health hazards and safe work practices and procedures to eliminate or minimize hazards.

Some of the best safety improvement ideas come from employees. Those with ideas, concerns or suggestions for improved safety are encouraged to raise them with their Department Heads.

Each employee is expected to obey all safety rules and to exercise due caution in all work activities. Employees must immediately report any unsafe condition to the appropriate Department Head. Employees who violate safety standards, employees who cause hazardous or dangerous situations, may be subject to disciplinary action up to and including termination of employment.

In the case of accidents that result in injury, regardless of how insignificant the injury may appear, all employees should immediately report the incident to the appropriate Elected/Appointed Official. Such reports are necessary to comply with laws and initiate insurance and workers compensation benefit procedures. **(601)**

28-6-2 ACCIDENT REPORTING AND INVESTIGATION POLICY AND PROCEDURES.

(A)

Purpose.

- (1) To delegate the responsibility for the reporting and investigating of accidents and incidents throughout the organization.
- (2) To identify the items to be included in an accident investigation.
- (3) To discuss recordkeeping requirements under OSHA.

(B)

Accident Reporting Procedure. The employee is responsible for reporting to their direct supervisor the following: any work-related injury or illness; motor vehicle accident involving a company vehicle or their own personal vehicle while operating it on official business; any damage to any property; or injury or property damage to someone other than an employee while on property or arising from a County operation. These accidents and incidents are to be reported immediately to their Department Head/Supervisor.

The Department Head/Supervisor, after being so informed of the accident or incident, will then complete all relevant and required documents. Once completed, these documents will then be forwarded to the County Risk Manager so that they can be reviewed and then sent to

either the insurance agent or directly to IPMG within **seventy-two (72) hours** of the occurrence.

Failure to comply with these reporting timeframes will be subject to the departments' progressive discipline policy.

(C) **Accident Investigation.** The purpose of the accident investigation is to find out the facts in order to determine the cause of the accident so that steps can be taken to prevent reoccurrence. With this in mind, it is the Department Head/Supervisor's responsibility to investigate the accident using the guidelines provided below.

The investigation should document who, what, when, where, how and why. These last two items merit special attention. As to how the accident occurred, the following should be investigated:

- (1) What was the employee doing when the accident occurred? Provide as much detail on this as is necessary to determine the cause;
- (2) What was the sequence of events that led up to the occurrence? What materials, equipment, and tools were involved?
- (3) Speak to witnesses if necessary to gain information on how the accident occurred.

(602)

28-6-3 EMPLOYEE WORK-RELATED INJURY MEDICAL PROGRAM.

(A) **Policy Statement.** This policy exists to ensure a safe working environment in the event an employee must work with restrictions administered by a medical doctor. This policy is only applicable for an employee who has sustained a work-related injury. The goal of this program is to rehabilitate the injured worker through modified duties and to return the injured worker to gainful employment.

If no modified duties are available, or should any modified duties become unavailable in the future, the eligible employee will be so informed and may be returned to disability leave status, as outlined under the Illinois Workers' Compensation Act.

Availability, assignment and continuation of modified duty will always be at the discretion of the employer, in accordance with the guidelines set forth in this policy.

(B) **Designated Medical Provider.** Clinton County has designated a primary care facility for work-related injuries and illnesses. This facility is set up for emergency and extended care and is well-staffed and equipped to provide Clinton County employees with superior medical services. Hospital emergency services shall be used only in life-threatening medical situations. Should life-threatening medical emergencies occur, call 911. After-hours injuries requiring medical treatment should also be referred to the designated primary care facility.

If an employee is injured during normal business hours and non-emergency medical treatment is required, the following procedure is to be followed:

- (1) Report injury to their Department Head
- (2) Complete Employee Injury Report, Supervisor/Employer Report, W/C Witness Report, W/C Injury Medical Authorization Seek medical attention at designated medical provider.

(C) **Medical Provider Documents.** When seeking medical treatment, the Department Head/Supervisor will provide the employee with a packet of information to present to the Occupational Health Provider, including:

- (1) Any necessary medical and/or authorization forms.

I-628

[2016]

- (2) A cover letter to convey our ability to return injured workers to their jobs with modified duty until the employee can be released to full duty.
- (3) A copy of the employee's job description.
- (4) The Modified Duty Work Restriction form.

If Modified Duty has been indicated by the Medical Provider, the employee will return the completed Modified Duty Work Restriction form to their Department Head/Supervisor.

(D) **Modified Duty.** If it is determined by the Medical Provider that, as the result of a work-related injury or illness, an employee is not able to perform his/her normal duties, but is able to perform other meaningful tasks, the Department Head/Supervisor will assess their ability to provide an appropriate modified-duty assignment to the employee. The following procedure will be used in the identification of suitable modified duty and the assignment of the employee to the same. Clinton County has identified various tasks within its operations which may be utilized for modified duty purposes. Upon return of the Modified-Duty Work Restriction Form by the employee, the Department Head/Supervisor will determine if modified duty within physician restrictions is available.

(E) **Modified-Duty Job Description.** Once a Modified Duty position has been located, the Department Head/Supervisor will meet with the employee to discuss the specific duties, restrictions and appropriate monitoring for the employee's safety in the form of a Modified-Duty Job Description.

The work restrictions will be followed with strict adherence with no exceptions. Failure to adhere to the restrictions will result in disciplinary action set forth by this policy.

- (1) The first violation will result in a verbal warning with a discussion of why the restrictions were not followed. Corrective action plans will be immediately implemented.
- (2) The second violation will result in a dialogue between the Department Head/Supervisor, Union Representative (if applicable) and the employee. The Department Head/Supervisor will document the discussion, sign and date it for inclusion in the employee's personnel file. This is a formal written warning.
- (3) The third incident will result in an employee suspension, without pay, and notification of the attending physician regarding failure to adhere to the physician's restrictions.

In the event an employee refuses an accommodation or reassignment of duties (outside the employee's FMLA benefit eligibility period), which are within the employee's restrictions and ability to perform, Clinton County is not obligated to provide alternatives. In such a case, Clinton County will notify IPMG, which may result in termination of the employee's workers compensation benefits.

(F) **Follow-Up Appointments.** Full-time employees will be paid for visits to designated providers. Those employees seeking treatment from providers other than those designated by Clinton County will not be paid for treatment during work hours; however, they may use sick time for this purpose. Part-time and temporary employees must use sick time, if available, for all follow-up visits to medical providers during working hours.

(603)

28-6-4 WORKERS' COMPENSATION MODIFIED DUTY POLICY.

[2016]

I-629

(A) **Purpose.** The purpose of establishing a modified-duty policy is to provide temporary duty for employees who are temporarily disabled, as a result of a work-

related injury or illness and cannot be assigned to regularly duty, but maintains the ability to perform another form of productive duty. The duties to be performed by the employee on modified-duty status will always be bona fide, productive work and medically approval is obtained. Modified duty will be limited in duration and intended for employees who are expected to return to full duty in the near future, but no longer than **three (3) months**, with an option to extend the status upon review.

(B) **Eligibility.** Eligible candidates for modified duty must be currently employed by Clinton County and be temporarily disabled due to a work related injury or illness. Temporary disability is defined as the lack of ability to perform all aspects of the essential functions of the employee's regular position for a period of time.

The employee will keep in constant contact with the Department Head in regard to his/her medical condition and the projected commencement date for the modified-duty assignment. Employees must accept modified-duty assignments which meet their limitations/restrictions, as specified by a medical doctor. An employee's failure to report for his/her regular work in a timely manner, once released to do so by a medical doctor, may result in disciplinary action up to and including immediate termination. An employee's refusal or failure to fully cooperate with and/or to participate in modified duty may place their workers' compensation benefits in jeopardy.

Employees who are restricted from regular duty due to a work-related injury or illnesses at the time of the approval of this policy are eligible for modified duty.

(C) **Physician's Role.** An eligible employee must be released to return to modified duty by a medical doctor. The eligible employee must bring a letter to the Department Head/Supervisor from a medical doctor that details the following:

- (1) The length of time that the employee is expected to remain on modified duty.
- (2) The exact nature of the work (including duties and limitations/restrictions that the employee can and cannot perform).
- (3) The date of the next scheduled re-examination to determine any change in the employee's physical status.
- (4) A medical opinion as to whether the employee's current disability is permanent or temporary in nature.

The employee must provide the above-mentioned information in writing, prior to modified-duty assignment and after each medical re-examination, while on modified duty.

Modified duty may not exceed **one (1) month** without an evaluation. If, at the end of **one (1) month**, the employee is still unable to return to regular duty, Clinton County will confer on a job change for the employee, or a **one (1) month** extension of the modified-duty assignment. If, at the end of **three (3) months**, the employee has not been placed in another position and is unable to return to his/her original position, the employee and his/her position will be evaluated further. Each situation will be decided on its own merits.

Modified duty is not a guarantee of permanent, continued employment. If the employee has attained maximum medical improvement or is unable to return to his/her regular duties within **one (1) year** of their disability, no further reasonable accommodations can be made to allow the employee to perform the essential functions of his/her position and no other position is available for which the employee is qualified, the employer may terminate the person's employment. Termination of employment does not preclude provisions of workers' compensation benefits as provided by state statutes.

(D) **Types of Duty/Work.** Projects or tasks assigned to an eligible employee for modified duty must be legitimate, ongoing and productive work, which does not

consist of "manufactured" or "busy" work. Any modified duties shall not be construed as creating a new or permanent position. An eligible employee who is released by a medical doctor to modified duty shall be directed by his/her immediate supervisor as to their job duties and responsibilities under this modified duty policy. These modified duties must be within any and all limitations/restrictions enumerated by a medical doctor.

Modified duty can involve, but is not limited to, work assignments to areas other than the eligible employee's regular duty station or department. The eligible employee may be assigned to an entirely different division within the department or another department. Coordination of placement of eligible employees into modified duty will be completed by the Department Head/Supervisor.

(E) **Scheduling.** Eligible employees assigned to modified duty will be scheduled by the Department Head/Supervisor. Modified-duty schedule may vary from the employee's regular work schedule or hours. Modified duty may consist of an **eight (8) hour** day and a **forty (40) hour** work week.

Eligible employees assigned to modified duty will attempt to schedule their medical treatment and/or care for off-duty times. Employees are not permitted to leave their modified-duty assignment to attend medical appointment(s) without prior approval from the Department Head/Supervisor.

(F) **Administrative Review.** An employee assigned to modified duty will be subject to an Administrative Review at the end of every **thirty (30) calendar days**. Included in this meeting will be the employee, the Department Head/Supervisor, and Union Representative (if applicable). This review will consist of an evaluation of the employee's physical status to determine the employee's ability to perform the modified duty and the availability of legitimate work. If it is determined that the modified-duty assignment is not meeting the limitations/restrictions detailed by the employee's medical doctor, the modified-duty assignment will be terminated and the employee returned to workers' compensation disability status.

(G) **Criteria for Modified Duty Assignments.** Below are requirements for a medical doctor to follow when determining the return to work on modified duty status of the employee:

- (1) **Sedentary Work.** Lifting **ten (10) pounds** maximum and occasionally lifting and/or carrying such articles as documents, books, ledgers and small tools. Although a sedentary job is defined as one that involves sitting, a certain amount of walking and standing is necessary in carrying out job duties. Employee must be able to stand, walk and/or move him/herself, using physical supports such as canes, crutches, walkers or wheelchairs.
- (2) **Light Work.** Lifting **twenty (20) pounds** maximum, with frequent lifting and/or carrying of objects up to **ten (10) pounds**. Even though the weight lifting may be only a negligible amount, a job is in this category when it requires walking or standing to a significant degree of pushing and pulling of the arm/leg controls.
- (3) **Medium Work.** Lifting **fifty (50) pounds** maximum, with frequent lifting and/or carrying of objects weighing up to **twenty-five (25) pounds**.

- (4) **Heavy Work.** Lifting **seventy-five (75) pounds** maximum, with frequent lifting and/or carrying of objects weighing up to **fifty (50) pounds**.

- (5) **Very Heavy Work.** Lifting objects in excess of **seventy-five (75) pounds**, with frequent lifting and/or carrying of objects weighing **fifty (50) pounds** or more.

(H)

Procedures for Implementation of Workers' Compensation

Modified-Duty Program.

- (1) During new hire orientation, new employees will be informed of the Modified-Duty Policy and its procedures.
- (2) Each Department is to make the Workers' Compensation Modified-Duty Policy available for employees to review.
- (3) At the initial visit and any subsequent visits to a medical doctor, the injured employee shall get modified-duty limitations/restrictions or an off-work slip. The employee's off-work slip must be kept current. If it is not, the employee will be expected to return to full duty on their next assigned duty/work shift/day.
- (4) After a Medical doctor has completed modified-duty limitations/restrictions, the employee is to return the documentation to Department Head/Supervisor immediately.
- (5) The department then assigns the employee a modified-duty assignment, in accordance with the medical doctor's limitations/restrictions. The employee remains on modified-duty status until a medical doctor authorizes the employee to return to full duty or until the **one (1) month** evaluation.
- (6) The Department shall coordinate with the Medical Provider to review medical limitations/restrictions of the employee, monitor on-going medical status and any work adjustments which are necessary.
- (7) The original release of the employee to full-duty status by a medical doctor should be forwarded to the Department Head/Supervisor to be placed in the employee's workers' compensation file.

28-6-5 INTERNET/E-MAIL POLICY. Clinton County has e-mail and internet access systems in place for business purposes. We also have software and systems in place that can monitor and record all internet usage. The e-mail and internet access systems in place are the sole property of Clinton County. The technology is in place for business related to Clinton County. Employees may use the technology for limited personal purposes as long as that use does not interfere with the employee's work, or jeopardized the integrity of the computer system, e-mail system or internet access. The technology may also not be used for any purpose which would violate Clinton County policies or state or federal law. If an employee is found to be abusing the technology, his or her access may be limited or eliminated altogether. An employee is also subject to discipline, up to and including termination. Nothing on the internet system or any property of Clinton County, including phones or voice mail, is or can become the private property of any employee.

THERE CAN BE NO EXPECTATION OF PRIVACY OR ASSURANCE OF CONFIDENTIALITY FOR ANY MESSAGES OR FOR ANY USE OR PATTERN OF USAGE OF THE INTERNET, PHONES OR ANY OTHER PROPERTY.

I-635

[2016]

(A) **Management and Administration of the Internet and Phone System.** We want you to be aware that our security systems are capable of recording for each and every user each World Wide Web site visit, each chat, and each newsgroup or e-mail message accessed on each computer station within Clinton County. The system is also capable of recording each file transfer into and out of our internal networks. We reserve at all times the right to monitor such activity. No employee should have any expectation of privacy as to any internet usage or telephone system. The management of Clinton County may review internet activity, voice mail messages, and analyze usage patterns in an effort to maintain the highest levels of productivity. We reserve the right to inspect any and all files stored in private areas of our network in order to assure compliance with this policy.

The system must never be used to create or access offensive or disruptive messages. The display or access of any kind of sexually explicit image or document on any Clinton County system is a violation of both this internet policy and Clinton County's nondiscrimination and harassment policy. In addition, sexually explicit material may not be archived, stored, distributed, edited or recorded using our network or computing resources. Clinton County may use independently-supplied software and data to identify inappropriate or sexually-explicit internet sites. We may block access from within our networks to all such sites. If you find yourself inadvertently connected to a site that contains sexually explicit or offensive material, you must immediately disconnect from that site, regardless of whether that site has been previously deemed acceptable by any monitoring, screening or rating program. Clinton County's internet facilities and computing resources must not be used knowingly to violate the laws and regulations of the United States or any other nation, or the laws and regulations of any state, county, province or other local jurisdiction in any material way. Use of any Clinton County resources for illegal activity is grounds for immediate dismissal, and we will cooperate with any legitimate law enforcement agency in the investigation of such activity.

Any software or files downloaded via the internet into Clinton County network become the property of Clinton County. Any such files or software may be used only in ways that are consistent with their licenses or copyrights.

No employee may use Clinton County facilities knowingly to download or distribute pirated software or data. No employee may use the County's internet facilities to deliberately propagate any virus, worm, "Trojan horse," or trap-door program code. No employee may use the County's internet facilities knowingly to disable or overload any computer system or network, or to circumvent any system intended to protect the privacy or security of another user.

Each employee using the internet facilities of the County shall identify himself or herself honestly, accurately and completely, including the County affiliation and function, when participating in County related chat groups, newsgroups, message boards, or discussion lists, or when setting up accounts on outside computer systems on behalf of the County. Employees may not represent their statements as official County policy or practice without proper authorization. Participating in non-County-related chat groups, newsgroups, message boards or discussion lists by use of the County hardware is prohibited.

Any material posted to any forum, newsgroup, chat group, or internet site in the course of an employee's duties, remains the property of the County.

Employees are reminded that chat groups and newsgroups are public forums where it is inappropriate to reveal confidential County information, personal data, trade secrets, and any other material covered by existing County confidentiality policies and procedures. Employees releasing protected information via any internet facility, whether intentional or inadvertent, may be subject to disciplinary actions, including termination.

Use of County internet facilities to commit infractions such as misuse of County assets or resources, sexual harassment, unauthorized public speaking and misappropriation or theft of intellectual property are also prohibited by general County policy, and will be subject to discipline, including termination.

Since what material may be deemed offensive can vary between colleagues, customers, employees or suppliers, it is a violation of the County policy to store, view, print or redistribute any document or graphic file that is not directly related to the user's job or the County's business activities.

Employees may from time to time use the County internet facilities for non-business research outside of work hours provided they request permission from their supervisor before engaging in such use, and provided all other usage policies are observed. Clinton County will comply with reasonable requests from law enforcement and regulatory agencies for logs, diaries and archives on any individual employee's internet activities.

Employees must take care to understand federal and state copyright, trademark, libel, slander and public speech control laws so that our use of the internet does not violate any laws which might be enforced against us.

Employees with internet access may download only software with direct business use, and must arrange to have such software properly licensed and registered. Downloaded software must be used only under the terms of its license.

Employees may not use the County internet facilities to download entertainment software or games, or to play games over the internet, including games against opponents.

Employees with internet access may not use County internet facilities to download images or videos unless there is an explicit business-related use for the material.

Employees with internet access may not download any software licensed to Clinton County or data owned or licensed by Clinton County without explicit authorization from the supervisor responsible for the software or data.

(B) **Technical.** No employee may create or implement any password other than the password issued by Clinton County for voice mail, network or internet access, without permission of the employee's department head.

(C) **Security.** Clinton County has installed a variety of firewalls, proxies, address screening programs and other security systems to assure the safety and security of the County's networks.

Any employee who attempts to disable, defeat or circumvent any County security facility will be subject to discipline, including immediate termination.

Computers that use their own modems to create independent data connections sidestep our network security mechanisms. An individual computer's private connection to any outside computer can be used by an attacker to compromise any County network to which that computer is attached. That is why any computer used for independent dial-up or leased-line connections to any outside computer or network must be physically isolated from the County's internal networks. Only those internet services and functions with documented business purposes for the County will be enabled at the internet firewall.

EMPLOYEES WHO MISUSE CLINTON COUNTY INTERNET/EMAIL SYSTEM MAY BE SUBJECT TO DISCIPLINE UP TO AND INCLUDING TERMINATION. REMEMBER THAT YOU HAVE NO EXPECTATION OF PRIVACY IN ANY OF THE COUNTY EQUIPMENT OR PROPERTY, INCLUDING BUT NOT LIMITED TO DESKS, COMPUTERS, INTERNET ACCESS, VOICE MAIL, OR E-MAIL.

(605)

28-6-6 SOCIAL MEDIA AND SOCIAL NETWORKING POLICY AND

GUIDELINES. Social media, including networking sites and blogs, are increasing in popularity and activity. The County understands the benefits that social media presents to enhance communications with its citizens, but also recognized the risks posed by inappropriate use, and seeks through this policy to establish rules for use regarding County-related online posts. This policy applies to anything that you may post in association with your work as a County employee. In other words, when it comes to all County-related online and internet activities, this policy is mandatory. This policy does not apply to your personal use of social media. You may, however, find that this policy contains helpful information for your own social media practices.

Online activity may be deemed County-related if a post (1) contains the name of the County, contains County contact information, a County email suffix, links to the County's website, or any County online account, or contains images of persons while they are working at the County or at County-sponsored functions or (2) is created or maintained at the County or while using County computers or other equipment.

County employees are not to create social media accounts or post any comments or content on social media websites on behalf of the County or using a County email address unless they have received prior written approval of their department head or the County Board.

The County considers any employee personally responsible for his or her online activity that is linked or may be traced to the County. This includes any use of the County's name, internet domain, or property, including computers. By associating yourself with the County in any of these ways, or possibly others, you may be giving the impression that you are acting on behalf of the County.

When posting in any online forum an employee is potentially impacting his or her own personal image and potentially impacting the County. If your online profile indicates that you work for Clinton County, then your activity may be associated with Clinton County. The guidelines below are mandatory regarding any online content posted on behalf of the County. You may also find these guidelines helpful to guide your personal online use.

The sites covered in this document include any electronic form of communication, including social networking sites such as Facebook, MySpace, Instagram, Snapchat; professional networking sites such as LinkedIn; and live blogging tools like Twitter, as well as any blogs and those sites hosted by other organizations where you either author or post comments.

Follow these guidelines when creating and/or publishing content online:

- **Maintain confidentiality.** Never divulge confidential information about the County, our employees, our clients, or our citizens.
- **Represent yourself accurately.** Make certain that when you are posting approved content on behalf of the County, you properly identify yourself, and your position.
- **Be accurate.** When posting content, your overall goal should be providing value through accurate information. You may not post anything that is knowingly false.
- **Be respectful.** All rules relating to conduct in the workplace also apply to any work-related online activity.
Please also follow these guidelines:
 - Follow the rules regarding the use of County email and internet outlined in the Personnel Policy. Users are responsible for complying with all applicable federal, state and local laws, regulations and policies, including but not limited to intellectual property and copyright laws.
 - Please remember to use common sense and follow the County's policies prohibiting discrimination, harassment, threats and intimidation.

- Clinton County is not interested in limiting your ability to participate in personal social networks with a personal email address outside of the workplace. However, what you publish on these sites should never be attributed to the County. Please make it clear that you are speaking for yourself. Furthermore, even if you do not mention Clinton County, your association with the County may be readily ascertainable and could reflect poorly upon you and the County. Please use common sense when making online comments, even if you intend for them only to be personal in nature.
- Be aware of your association with Clinton County in online social networks. If you identify yourself as a Clinton County employee, ensure your profile, photographs and related content is consistent with how you wish to present yourself to colleagues and clients.
- Social media sites are within the public domain and Clinton County reserves the right to monitor social media sites and blogs.
- Nothing in this policy, or any other Clinton County policy, should be interpreted in a manner that unlawfully prohibits the right of employees to engage in protected concerted activity under the Illinois Public Labor Relations Act. Section 6 provides in relevant part that "employees of... any political subdivision of the State... are protected in the exercise of, the right of self-organization, and may form, join or assist any labor organization, to bargain collectively through representatives of their own choosing on questions of wages, hours and other conditions of employment, not excluded by Section 4 of this Act, and to engage in other concerted activities not otherwise prohibited by law for the purposes of collective bargaining or other mutual aid or protection, free from interference, restraint or coercion..." The County has and always will comply fully with its obligations under the Illinois Public Labor Relations Act.
- Nothing in this policy should be interpreted as a restriction on an employee's rights under the First Amendment.
- Any violators of these guidelines may be subject to disciplinary action, up to and including termination.

(606)

28-6-7 USE OF COUNTY EQUIPMENT. When using any County property, employees are expected to exercise due care, perform required maintenance and follow all operating instructions, safety standards and guidelines. County equipment of any kind can only be used for County business.

Please notify the Elected/Appointed Official if any equipment, machines, tools, vehicles, buildings or other County owned property appear to be defective, damaged or in need of repair. Prompt reporting of damages, defects and the need for repairs could prevent deterioration of the equipment, eliminate warranty matters, and possible causes of injury to employees or the general public. See your Elected/Appointed Official with any questions regarding County Equipment. **(607)**

Employees are expected to limit expenses to reasonable amounts. Expenses attributed to non-employees or to any alcoholic beverages will not be reimbursed.

When travel is completed, employees should submit their expenses to the Elected/Appointed Official. All claims must be accompanied by original itemized receipts for individual expenses and must be submitted to the Elected/Appointed Official before the first Tuesday of each month. The Elected/Appointed Official will then review, authorize and submit for payment.

Abuse of business travel expenses policy, including falsifying expense reports to reflect costs not actually incurred by employee, will be grounds for disciplinary action, up to and including termination of employment. In some instances, legal action may be instituted.

28-6-11 VISITORS IN THE WORKPLACE. For the safety and security of all employees and the facilities of Clinton County, only authorized visitors are allowed in work areas. Restricting visitors helps to maintain safety standards, protects confidential information, safeguards employee welfare and avoids potential distractions and disturbances.

If any individual is observed engaging in questionable behavior on any County premises, employees should immediately notify an Elected/Appointed Official.

Follow the Sheriff's policy on usage of key card.

(611)

28-6-12 EMERGENCY CLOSINGS. At times, emergencies such as severe weather, fires, power failures, or earthquakes may disrupt County operations. In extreme cases, these circumstances may require the closing of a County facility. In the event that this occurs during non-business hours, local radio and/or television stations will be asked to broadcast notification of the closing.

When operations are officially closed, the time off from scheduled work will be paid.

Provisions of this Section are applicable only to the Court House and are not applicable to the Highway Department and the Sheriff's Department. The decision to close the Courthouse is the responsibility of the Sheriff. The decision to close the Courts is the responsibility of the Chief Judge of the 11th Circuit.

28-7-2 DRUG AND ALCOHOL USE/ABUSE POLICY.

(A) **Intent.** The County is concerned about the ultimate effects of the use of illegal drugs and the use of alcohol upon the health and safety of its employees and the public. We recognize that studies show that alcohol abuse and the illegal use of drugs leads to increased accidents and medical claims. Employees who abuse drugs and alcohol present a danger to themselves, their fellow employees, the County and the public. In addition, the increased medical costs incurred by employees who use/abuse drugs and/or alcohol and the associated decreased productivity of these individuals, because of accidents, absenteeism and turnover adversely affect achievement of the County's mission and goals.

No part of this policy, nor any of the procedures thereunder, guarantees employment, continued employment, or terms or conditions of employment or limits in any way the County's rights to manage its workplace or discipline employees.

(B) **Definitions.** For purposes of this policy, the following terms shall have the following meanings:

- (1) "Premises" shall include all work sites, work areas, property owned or leased by the County, or vehicles owned, operated, leased, or under the control of the County. Privately-owned vehicles parked or operated on property owned, leased or managed by the County is also included under the definition.
- (2) "County time" shall include all times during which an employee is on County premises, meal and break times on or off the County premises, or performing work off the premises for the benefit of the County, as a representative of the County.
- (3) "Legal drug" means any substance the possession or sale of which is not prohibited by law, including prescription drugs that have been prescribed and over-the-counter drugs.
- (4) "Illegal drug" means any controlled substance the possession or sale of which is prohibited by law.
- (5) "Under the influence" means the condition wherein any of the body's sensory, cognitive, or motor functions or capabilities is altered, impaired, diminished, or affected due to substances. This also means the detectable presence of substances within the body, regardless of when or where they may have been consumed, having an alcohol concentration within the violation range specified by the laws of the State of Illinois, and/or having a positive test for other substances. With respect to employees subject to the Federal Motor Carrier Safety Administration, U.S. Department of Transportation, under the influence is defined in accordance with FMCSA regulation as having an alcohol concentration of 0.02 or greater.
- (6) "Substance" means any alcohol, drugs, or other substances (whether ingested, inhaled, injected subcutaneously, or otherwise) that have known mind altering or function-altering effects upon the human body or that impair one's ability to safely perform his or her work, specifically including, but not limited to, prescription drugs and over-the-counter medications; alcohol, drugs, and other substances made illegal under federal or state law; "synthetic or designer" drugs; illegal inhalants; "look-alike" drugs; amphetamines; cannabinoids (marijuana and hashish); cocaine; phencyclidine (PCP), and opiates; and any drugs or other substances referenced in Schedule I through V of 21 C.F.R. Part 1308 (whether or not such drugs or other substances are narcotics).
- (7) "Traceable in the employee's system" means that the results of a laboratory's analysis of the employee's urine or blood specimen is positive for the tested substance.

- (8) "Reasonable suspicion" means suspicion based upon: specific personal observations that the County's representatives can

describe concerning the employee's appearance, movements, behavior, speech, breath; detection of a prohibited substance in the area where an employee has/had been working; an unexplained decline in work performance or attendance; a workplace accident or safety violation

- (9) "Work related cause" means the employee has: incurred a work-related injury requiring medical attention at a medical facility; caused the injury of another person on County premises or during County time; caused damage to any County owned or leased property; or commits repeated and/or flagrant violations of safety standards.

(C)

Applicability.

- (1) This policy applies to all employees and may apply to volunteers of the County as well as candidates for employment with the County who have been given conditional offers of employment. Such persons are responsible to be familiar with and comply with this policy.
- (2) The provisions of this policy are subject to any federal, state, or local laws that may prohibit or restrict their applicability, and testing for substances shall be conducted and in accordance with and limited by such laws, notwithstanding any terms of this policy to the contrary.

(D)

Policy.

- (1) **Alcohol or Illegal Drugs or Substances.** The possession, sale, purchase, use or transfer of alcohol or an illegal drug or substance while on the County's premises or while on County's time is prohibited. In addition, employees may not report to work or be on County premises or County time under the influence of alcohol or with any traceable illegal drug or substance in their system. Any violation of this policy may result in immediate discharge and may subject an employee to legal action.
- (2) **Legal Drugs.** The County does not condone the abuse of legal drugs or working under the influence of legal drugs to the extent that job performance and/or safety is adversely affected. Employees using prescription and/or over-the-counter drugs are responsible for being aware of any potential effect such drugs may have on their judgment or ability to perform their duties.
- (3) **Pre-Employment Substance Testing.** Upon receipt of a contingent offer of employment, candidates may be subject to pre-employment substance testing. Individuals to whom a contingent offer is made whose pre-employment substance test returns positive (except with respect to prescription drugs and over-the-counter medications) will be ineligible for employment. Candidates who test positive may have their contingent offer of employment revoked.
- (4) **Random Selection Testing.** The County is a drug-free workplace and reserves the right to conduct random testing on all employees. All employees are subject to random testing for

substances. Where random testing is prohibited or restricted by

applicable federal, state or local statute or regulation, or other legally-binding agreement, the County will conform to all applicable laws, regulations, and agreements notwithstanding the provisions of this policy.

- (5) **Post-Accident Testing.** If the County has reasonable cause to believe that an employee has caused an on-the-job injury that is considered recordable under OSHA guidelines (i.e. requiring medical treatment) as a result of being under the influence, the supervisor may require the injured employee to undergo a post-accident substance test. Employees who operate vehicles owned by the County are subject to random, no-notice substance testing.
- (6) **Fitness for Duty.** Employees suspected of being unfit for duty as a result of the use or reasonably suspected use of substances may be subject to substance testing. Employees who have successfully completed a substance abuse or rehabilitation program will be required to submit to a fitness for duty substance test before being permitted to return to work.
- (7) Per FMCSA regulation, a driver subject to DOT regulations who is found to have an alcohol concentration of 0.01 or greater but less than 0.02 shall not perform, nor be permitted to perform, safety-sensitive functions for at least **twenty-four (24) hours**.
- (8) **Disciplinary Action.**
 - (a) Any employee who possesses, sells, purchases, uses or transfers alcohol or an illegal substance on County premises may be subject to immediate discharge.
 - (b) Any employee who reports to work under the influence of alcohol or with an illegal drug or substance traceable in his/her system may be subject to immediate disciplinary action up to and including discharge.
 - (c) An employee who refuses to sign a consent form or cooperate in providing a specimen for testing when required under this policy may be subject to immediate disciplinary action up to and including discharge.
 - (d) Any employee who refuses to participate in rehabilitation/treatment as recommended as a result of a positive test and evaluation by a substance abuse counselor may be subject to immediate discharge.

(E) **Testing Procedures.**

- (1) **Testing.** The County may require an employee or candidate to provide a urine specimen, submit to a blood test, provide hair or saliva samples, and/or undergo breath/alcohol testing for laboratory analysis at a medical clinic or other location as designated by the County, immediately upon the request of authorized County representatives or agents in accordance with this policy.
 - (a) Where the County has reasonable suspicion that an employee is under the influence of a substance, he or she will be removed from the work area and provided with

transportation to the place of testing. The County should

[2016]

I-651

- call the emergency contact indicated by the employee, or if unavailable, arrange for the employee to be transported home following the test.
- (b) Prior to submitting to testing, an employee or candidate may confidentially disclose to the independent medical examiner any prescription drugs or over-the-counter medications that he/she has taken or known medical condition that might interfere with an accurate test result. Such information will only be revealed to the County as permitted by law.
 - (c) At the discretion of the County, employees suspected of violating this policy may be placed on administrative leave without pay pending test results. If the test results are negative; the employee will be reimbursed for any salary lost during administrative leave.
 - (d) Specimens reported by the testing laboratory as adulterated or substituted will be considered a refusal to test, and may be grounds for immediate termination of employment or ineligibility for hire.
 - (e) Should a candidate or employee fail the initial drug test, he or she will be notified of the results and will not be allowed to perform work on behalf of the County. The candidate or employee will have the option of re-testing within **twenty-four (24) hours** at the County's expense.
 - (f) If the second test is also positive, the candidate or employee will have the opportunity to explain the results. The County retains the discretion to determine the appropriate disciplinary action following two positive drug tests.
 - (g) An employee who has been removed from the work area or barred from working as a result of violating this policy, may be subject to immediate discharge, and may not commence or return to work unless he or she provides sufficient documentation that he or she has tested negative for the presence of a substance and is not under the influence of a substance; has been approved to commence or return to work under the terms of this policy; and testing for the presence of a substance and the handling of test specimens was conducted in accordance with guidelines for laboratory testing procedures and chain-of-custody procedures established by the Substance Abuse and Mental Health Service Administration of the U.S. Department of Health and Human Services.
- (2) **Consent.** The employee must sign a consent form authorizing the medical clinic or other location as designated by the County to perform the aforementioned tests and release the results of the testing to the County.

- (3) **Chain of Custody Procedures.** At the time specimens are taken, standard "chain of custody" or "chain of possession"

- procedures will be followed and the employee shall be given a copy of these specimen collection procedures.
- (4) **Confidentiality.** The results of any testing shall be kept strictly confidential among the employee, the clinic/other designated location, any outside laboratory used for analysis, and the County. However, the County may use the results to decide upon an action to be taken towards an employee, or to the extent necessary, to defend its actions in any subsequent grievance, arbitration, or legal or other proceeding.
 - (5) **Treatment.** An employee who voluntarily informs the County that he/she has a drug or alcohol abuse problem and desires rehabilitation assistance may be granted a leave of absence, in accordance with the County's Family Medical Leave Act policy. The sole purpose of such leave is to obtain the necessary rehabilitation assistance. The employee may be required to periodically provide proof that he/she is participating in an appropriate rehabilitation or after-care program. Any employee who returns to work after completion of a rehabilitation program and who subsequently violates the substance abuse policy may be immediately discharged without regard to a request for further rehabilitation.
 - (6) **Searches.** Authorized County representatives or agents may conduct searches of personal effects, vehicles, lockers, desks and rooms for drugs/alcohol and related paraphernalia, dangerous weapons, County property or property of other employees, consumers, etc. Items discovered through such searches may be turned over to law enforcement authorities.
 - (7) Employees must notify the County within **five (5) days** of any criminal drug statute conviction.
 - (8) The County, with the development and implementation of this policy, is making a good faith effort to maintain a drug/alcohol-free workplace.

28-7-3 DISCRIMINATION AND HARASSMENT POLICY.

(A) **Statement of Policy.** It is the County's policy that it will not tolerate or condone discrimination or harassment on the basis of race, color, religion, gender, sexual orientation, genetic information, national origin, age, physical or mental disability, ancestry, marital status, military status, arrest record, or any other classification prohibited under federal

I-654

[2016]

or state law. The County will neither tolerate nor condone harassment of employees by

managers, supervisors, elected officials, co-workers, or non-employees with whom County employees have a business, service, or professional relationship. Retaliation against an employee who complains or reports any act of harassment in violation of this policy is prohibited. The County is committed to ensuring and providing a work place free of harassment. The County will take disciplinary action, up to and including termination, against an employee who violates this policy.

Sexual harassment is also prohibited by the County. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, or any other visual, verbal or physical conduct of a sexual nature when:

- (1) submission to or rejection of this conduct explicitly or implicitly affects a term or condition of individual's employment;
- (2) submission to or rejection of the conduct is used as the basis for an employment decision affecting the harassed employee or;
- (3) the harassment has the purpose or effect of unreasonably interfering with the employee's work performance or creating an intimidating, hostile or offensive work environment because of the persistent, severe or pervasive nature of the conduct.

Sexual harassment can occur in a variety of circumstances, including but not limited to the following:

- (1) The employee as well as the harasser may be a woman or a man. The employee does not have to be of the opposite sex.
- (2) The harasser can be the employee's supervisor, an agent of the employer, a supervisor in another area, a co-worker, or a non-employee.
- (3) The employee does not have to be the person harassed but could be anyone affected by the offensive conduct.
- (4) Unlawful sexual harassment may occur without economic injury to or discharge of the employee.
- (5) The harasser's conduct must be unwelcome.

Each employee must exercise his or her own good judgment to avoid engaging in conduct that may be perceived by others as sexual harassment or harassment based on any status protected by law. The following are illustrations of actions that the County deems inappropriate and in violation of our policy:

- (1) Unwanted sexual advances.
- (2) Offering employment benefits in exchange for sexual favors.
- (3) Making or threatening retaliation after a negative response to a sexual advance or after an employee has made or threatened to make a harassment complaint.
- (4) Visual conduct such as leering, making sexual gestures, displaying sexually suggestive objects or pictures, cartoons, calendars or posters.
- (5) Verbal conduct such as making or using derogatory comments, epithets, slurs, sexually explicit jokes, derogatory or suggestive comments about a person's body or dress.
- (6) Written communications (via hard copy, computer, or cell phone) of a sexual nature or containing statements which may be offensive to individuals in a particular protected group, such as racial or ethnic stereotypes or disabled individuals.

- (7) Physical conduct such as unwanted touching, assaulting, impeding or blocking movements.

(B)

Responsibilities.

- (1) **Supervisors.** Each supervisor shall be responsible for ensuring compliance with this policy, including the following:
 - (a) Monitoring the workplace environment for signs of discrimination or harassment;
 - (b) Stopping any observed acts of harassment and taking appropriate steps to intervene, whether or not the involved employees are within his/her line of supervision;
 - (c) Reporting any complaint of harassment or discrimination to the state's attorney; and
 - (d) Taking immediate action to limit the work contact between employees when there has been a complaint of harassment, pending investigation.
- (2) **Employees.** Each employee is responsible for assisting in the prevention of discrimination and harassment through the following acts:
 - (a) Refrain from participation in, or encouragement of, actions that could be perceived as harassment;
 - (b) Reporting acts of harassment to a supervisor; and
 - (c) Encouraging any employee who confides that he/she is being harassed to report these acts to a supervisor.

Failure to take action to stop known harassment may be grounds for discipline.

There is a clear line most cases between mutual attraction and a consensual exchange and unwelcome behavior or pressure for an intimate relationship. A friendly interaction between two persons who are receptive to one another is not considered unwelcome or harassment.

Employees are free for form social relationships of their own choosing. However, when one employee is pursuing or forcing a relationship upon another who does not like or want it, regardless of friendly intentions, the behavior is unwelcome sexual behavior. An employee confronted with these actions by a co-worker should inform the harasser that such behavior is offensive and tell the harasser to stop. You should assume that sexual comments are unwelcome unless you have clear unequivocal indications to the contrary. In other words, another person does not have to tell you to stop for your conduct to be harassment and unwelcome.

If you are advised by another employee that your behavior is offensive, you must immediately stop the behavior, regardless of whether you agree with the person's perceptions of your intentions.

The County does not consider conduct in violation of this policy to be within the course and scope of employment and does not sanction such conduct on the part of any employee, including supervisory and management employees.

(C) **Applicable Procedures.** The County takes allegations of discrimination and harassment very seriously. It will actively investigate all complaints.

It is helpful for the employee to directly inform the harasser that the conduct is unwelcome and must stop. The employee should use the county's complaint procedure to advise the County of any perceived discrimination or harassment.

- (1) **Bringing a Complaint.** Any employee of Clinton County, or an employee of a County official, who believes that there has been a violation of this policy may bring the matter to the attention of the County in one of the following ways:

- (a) Advising his or her supervisor; or
- (b) Advising the employee's supervisor, County State's Attorney, or the County Clerk in the event that the alleged harasser is the State's Attorney.

If the complaint involves someone in the employee's direct line of command, then the employee should go directly to the State's Attorney.

The complaint should be presented as promptly as possible after the alleged discrimination or harassment occurs.

- (2) **Resolution of a Complaint.** Promptly after a complaint is submitted, the County will undertake such investigation, corrective and preventive actions as are appropriate. In general, the procedures in resolving any complaints can (but will not necessarily) include any of the following items:

- (a) A meeting between the employee making the complaint and an individual designated by the County to investigate such complaints. Important data to be provided by the complaining employee includes the following:
 - (i) A description of the specific offensive conduct;
 - (ii) Identification of all person(s) who engaged in the conduct;
 - (iii) The location where the conduct occurred;
 - (iv) The time when the conduct occurred;
 - (v) Whether there were any witnesses to the conduct;
 - (vi) Whether conduct of a similar nature has occurred on prior occasions;
 - (vii) Whether there are any documents which would support the complaining employee's allegations;
 - (viii) What impact the conduct had on the complaining employee.
- (b) While not required, the County encourages anyone who makes a complaint under this policy to provide a written statement setting forth the above details and attaching any pertinent records.
- (c) After a written statement of complaint is submitted by the employee, the alleged offending employee should be contacted by a designated representative of the County. The alleged offending employee should be advised of the charges brought against him or her, and may be provided with a copy of the written statement of complaint made by the complaining employee. The alleged offending employee should have an opportunity to fully explain his or her side of the circumstances, and may also submit a written statement, if desired.

- (d) After the alleged offending employee is interviewed, any witnesses identified by either the complaining employee or the alleged offending employee may be interviewed individually.
- (e) Once this investigation is completed, the County will take such action as is appropriate based upon the information obtained in the investigation. In the event that the County finds merit in the charges made by the complaining employee, disciplinary action will be taken against the offending employee. This disciplinary action may, but need not necessarily, include:
 - (i) Verbal or written reprimand;
 - (ii) Placing the offending employee on probation for a period of time to be identified;
 - (iii) Delay in pay increases or promotions;
 - (iv) Suspending the offending employee from work without pay;
 - (v) Demotion;
 - (vi) Immediate termination.
- (f) Upon completion of the investigation, the County will advise the complaining employee of the results of the investigation, including action taken, if any, against the offending employee.

When investigating allegations of discrimination or harassment, the County looks at the whole record including, but not limited to, the nature of the allegations, the context in which the alleged incidents occurred, and the statements of the parties and witnesses. A determination on the allegations is made from the facts on a case-by-case basis.

- (3) **Non-Retaliation.** Under no circumstances will there be any retaliation against any employee making a complaint of discrimination or harassment. Any act of retaliation by any party directed against either a complaining employee, an accused employee, witnesses, or participants in the process will be treated as a separate and distinct charge and will be similarly investigated. Complaints of retaliation should be addressed to the State's Attorney or County Clerk.

If you have any questions concerning the County's policies on this matter, please see the State's Attorney. Further information may also be obtained from the Illinois Department of Human Rights, 312-814-6200, or the Equal Employment Opportunity Commission (EEOC), 800-669-4000.

(703)

28-7-4 PERSONAL APPEARANCE. It is the policy of Clinton County that each employee's dress, grooming and personal hygiene should be appropriate to the work situation.

The appearance of office workers and any employees who have regular contact with the public is to be governed by the following standards:

(A) Employees are expected to dress in a manner that is normally acceptable in similar business establishments. The wearing of suggestive attire is not permitted as it does not present a businesslike appearance.

(B) Hair should be clean, combed, and neatly trimmed or arranged. Shaggy, unkempt hair is not permissible regardless of length.

(C) Sideburns, mustaches, and beards should be neatly trimmed.

The personal appearance of employees who do not regularly meet the public is to be governed by the requirements of safety and comfort, but should still be as neat and businesslike as working conditions permit.

Certain employees may be required to meet special dress, grooming, and/or hygiene standards depending on the nature of their job.

Any employee who does not meet the standards of this policy will be required to take corrective action, which may include leaving the premises. Any work time missed because of failure to comply with this policy will not be compensated, and repeated violations of this policy will be cause for disciplinary action.

(704)

28-7-5 SOLICITATION. In an effort to assure a productive and harmonious work environment, persons not employed by the County may not solicit or distribute literature in the workplace.

Bulletin Boards – The posting of written solicitations on County Bulletin Boards is restricted. These bulletin boards display important information and employees should consult them frequently.

(705)

28-7-6 PROGRESSIVE DISCIPLINE. The following are recommended procedures for employee discipline consistent with good personnel management. The disciplinary steps would be dependent on the severity of the violation and other relevant considerations. The County reserves the right to bypass any or all steps in this policy depending on the circumstances of the conduct at issue. These steps may be utilized in the absence of a procedure provided by statute.

(A) **Verbal Warning.** This may be given prior to initiation of disciplinary action, and should be noted in the employee's personnel file as to the time and date of the infraction and the nature of the infraction. The employee shall be advised that there will be a notation in their personnel file.

(B) **Written Warning.** A written warning may be given to the employee if he/she continues to have difficulties in the same area. However, the department head may give a written warning to an employee after an oral warning, even if the problem area is different. Finally, the department head may issue a written warning if the violation or infraction is a serious nature, but does not justify dismissal. A copy of this warning should be included in the employee's personnel file, and each employee should sign and date a statement that he received the warning.

(C) **Suspension.** The department head may, as a disciplinary action, suspend an employee with or without pay. Upon evidence or reasonable suspicion of a serious offense against the county, another employee, a client or the public; and after consultation with the employee, the department head may order an employee absent from duties with or without

I-661

[2016]

pay for a period not to exceed **five (5) working days**. The department head shall, within

forty-eight (48) hours of such action, prepare a written report stating the grounds for such action and submit it to the suspended employee. An employee may appeal his/her suspension to the Chairman of the County Board, provided that the request for review is filed with the County Clerk within **ten (10) working days** of the receipt of the written report stating the reasons and duration of the suspension.

(D) **Dismissal.** Certain conduct, may result in discharge of the employee by the department head. The Elected/Appointed Official must prepare a written report of the grounds and the specific reasons for the dismissal, and must provide the same to the employee.
(706)

Conflict Repeal. Any and all policies, procedures or regulations previously adopted by the County or any agency, office or department which are inconsistent with the provisions of this Personnel Policy shall be hereby repealed to the extent they are inconsistent with the provisions of this Personnel Policy. In the event of conflict with the provisions of this Personnel Policy and any policy, procedure, rule or regulation previously adopted by this County or any agency, office or department thereof, the provisions of this Personnel Policy shall prevail. However, all specific provisions of a Collective Bargaining Agreement and/or an Employment Agreement which are directly contrary to a policy or procedure set forth herein shall control.

ARTICLE III – MUTUAL AID BOX ALARM SYSTEM

30-3-1 PURPOSE. It is recognized and acknowledged that in certain situations, such as, but not limited to, emergencies, natural disasters and man-made catastrophies, the use of an individual Member Unit's personnel and equipment to perform functions outside the territorial limits of the Member Unit is desirable and necessary to preserve and protect the health, safety and welfare of the public. It is further expressly acknowledged that in certain situations, such as the aforementioned, the use of other Member Unit's personnel and equipment to perform functions within the territorial limits of a Member Unit is desirable and necessary to preserve and protect the health, safety and welfare of the public. Further, it is acknowledged that coordination of mutual aid through the Mutual Aid Box Alarm System is desirable for the effective and efficient provision of mutual aid.

30-3-2 DEFINITIONS. For the purpose of this Agreement, the following terms as used in this agreement shall be defined as follows:

(A) **"Mutual Aid Box Alarm System (hereinafter referred to as "MABAS")"**. A definite and prearranged plan whereby response and assistance is provided to a Stricken Unit by the Aiding Unit(s) in accordance with the system established and maintained by the MABAS Member Units and amended from time to time.

(B) **"Member Unit"**. A unit of local government including but not limited to a city, village or fire protection district having a fire department recognized by the State of Illinois, or an intergovernmental agency and the units of which the intergovernmental agency is comprised which is a party to the MABAS Agreement and has been appropriately authorized by the governing body to enter into such agreement, and to comply with the rules and regulations of MABAS.

(C) **"Stricken Unit"**. A Member Unit which requests aid in the event of an emergency.

(D) **"Aiding Unit"**. A Member Unit furnishing equipment, personnel, and/or services to a Stricken Unit.

(E) **"Emergency"**. An occurrence or condition in a Member Unit's territorial jurisdiction which results in a situation of such magnitude and/or consequence that it cannot be adequately handled by the Stricken Unit and such that a Member Unit determines the necessity and advisability of requesting aid.

(F) **"Division"**. The geographically associated Member Units or unit which have been grouped for operational efficiency and representation of those Member Units.

(G) **"Training"**. The regular scheduled practice of emergency procedures during non-emergency drills to implement the necessary joint operations of MABAS.

(H) **"Executive Board"**. The governing body of MABAS comprised of Division representatives.

30-3-3 AUTHORITY AND ACTION TO EFFECT MUTUAL AID.

(A) The Member Units hereby authorize and direct their respective Fire Chief or his designee to take necessary and proper action to render and/or request mutual aid from the other Member Units in accordance with the policies and procedures established and maintained by the MABAS Member Units. The aid rendered shall be to the extent of available personnel and equipment not required for adequate protection of the territorial limits of the Aiding Unit. The judgment of the Fire Chief, or his designee, of the Aiding Unit shall be final as to the personnel and equipment available to render aid.

(B) Whenever an emergency occurs and conditions are such that the Fire Chief, or his designee of the Stricken Unit determines it advisable to request aid pursuant to this Agreement he shall notify the Aiding Unit of the nature and location of the emergency and the type and amount of equipment and personnel and/or services requested from the Aiding Unit.

(C) The Fire Chief, or his designee, of the Aiding Unit shall take the following action immediately upon being requested for aid:

- (1) Determine what equipment, personnel and/or services is requested according to the system maintained by MABAS.
- (2) Determine if the requested equipment, personnel, and/or services can be committed in response to the request from the Stricken Unit.

- (4) Notify the Stricken Unit if any or all of the requested equipment, personnel and/or services cannot be provided.

30-3-4 JURISDICTION OVER PERSONNEL AND EQUIPMENT. Personnel dispatched to aid a party pursuant to this Agreement shall remain employees of the Aiding Unit. Personnel rendering aid shall report for direction and assignment at the scene of the emergency to the Fire Chief or Senior Officer of the Stricken Unit. The party rendering aid shall at all times have the right to withdraw any and all aid upon the order of its Fire Chief or his designee; provided, however, that the party withdrawing such aid shall notify the Fire Chief or Senior Officer of the party requesting aid of the withdrawal of such aid and the extent of such withdrawal.

30-3-5 COMPENSATION FOR AID. Equipment, personnel, and/or services provided pursuant to this Agreement shall be at no charge to the party requesting aid; however, any expenses recoverable from third parties shall be equitably distributed among responding parties. Nothing herein shall operate to bar any recovery of funds from any state or federal agency under any existing statutes.

30-3-6 INSURANCE. Each party hereto shall procure and maintain, at its sole and exclusive expense, insurance coverage, including: comprehensive liability, personal injury,

property damage, worker's compensation, and, if applicable, emergency medical service professional liability, with minimum limits of **One Million Dollars (\$1,000,000.00)** auto and **One Million Dollars (\$1,000,000.00)** combined single limit general liability and professional liability. No party hereto shall have any obligation to provide or extend insurance coverage for any of the items enumerated herein to any other party hereto or its personnel. The MABAS may require that copies or other evidence of compliance with the provisions of this Section be provided to the MABAS. Upon request, Member Units shall provide such evidence as herein provided to the MABAS members.

30-3-7 INDEMNIFICATION. Each party hereto agrees to waive all claims against all other parties hereto for any loss, damage, personal injury or death occurring in consequence of the performance of this Mutual Aid Agreement; provided, however, that such claim is not a result of gross negligence or willful misconduct by a party hereto or its personnel.

Each party requesting or providing aid pursuant to this Agreement hereby expressly agrees to hold harmless, indemnify and defend the party rendering aid and its personnel from any and all claims, demands, liability, losses, suits in law or in equity which are made by a third party. This indemnity shall include attorney fees and costs that may arise from providing aid pursuant to this Agreement. Provided, however, that all employee benefits, wage and disability payments, pensions, worker's compensation claims, damage to or destruction of equipment and clothing, and medical expenses of the party rendering aid shall be the sole and exclusive responsibility of the respective party for its employees, provided, however, that such claims made by a third party are not the result of gross negligence or willful misconduct on the part of the party rendering aid.

30-3-8 NON-LIABILITY FOR FAILURE TO RENDER AID. The rendering of assistance under the terms of this Agreement shall not be mandatory if local conditions of the Aiding Unit prohibit response. It is the responsibility of the Aiding Unit to immediately notify the Stricken Unit of the Aiding Unit's inability to respond; however, failure to immediately notify the Stricken Unit of such inability to respond shall not constitute evidence of noncompliance with the terms of this Section and no liability may be assigned.

No liability of any kind or nature shall be attributed to or be assumed, whether expressly or implied, by a party hereto, its duly authorized agents and personnel, for failure or refusal to render aid. Nor shall there be any liability of a party for withdrawal of aid once provided pursuant to the terms of this Agreement.

30-3-9 TERM. This Agreement shall be in effect for a term of **one (1) year** from the date of signature hereof and shall automatically renew for successive **one (1) year** terms unless terminated in accordance with this Section.

Any party hereto may terminate its participation in this Agreement at any time, provided that the party wishing to terminate its participation in this Agreement shall give written notice to the Board of their Division and to the Executive Board specifying the date of termination, such notice to be given at least **ninety (90) calendar days** prior to the specified date of termination of participation. The written notice provided herein shall be given by personal delivery, registered mail or certified mail.

30-3-10 EFFECTIVENESS. This Agreement shall be in full force and effective upon approval by the parties hereto in the manner provided by law and upon proper execution hereof.

30-3-11 BINDING EFFECT. This Agreement shall be binding upon and inure to the benefit of any successor entity which may assume the obligations of any party hereto. Provided, however, that this Agreement may not be assigned by a Member Unit without prior written consent of the parties hereto; and this Agreement shall not be assigned by MABAS without prior written consent of the parties hereto.

30-3-12 VALIDITY. The invalidity of any provision of this Agreement shall not render invalid any other provision. If, for any reason, any provision of this Agreement is determined by a court of competent jurisdiction to be invalid or unenforceable, that provision shall be deemed severable and this Agreement may be enforced with that provision severed or modified by court order.

30-3-13 NOTICES. All notices hereunder shall be in writing and shall be served personally, by registered mail or certified mail to the parties at such addresses as may be designated from time to time on the MABAS mailing lists or, to other such addresses as shall be agreed upon.

30-3-14 GOVERNING LAW. This Agreement shall be governed, interpreted and construed in accordance with the laws of the State of Illinois.

30-3-15 EXECUTION IN COUNTERPARTS. This Agreement may be executed in multiple counterparts or duplicate originals, each of which shall constitute and be deemed as one and the same document.

30-3-16 EXECUTIVE BOARD OF MABAS. An Executive Board is hereby established to consider, adopt and amend from time to time as needed rules, procedures, by-laws and any other matters deemed necessary by the Member Units. The Executive Board shall consist of a member elected from each Division within MABAS who shall serve as the voting representative of said Division on MABAS matters, and may appoint a designee to serve temporarily in his stead. Such designee shall be from within the respective division and shall have all rights and privileges attendant to a representative of the Member Unit.

A President and Vice-President shall be elected from the representatives of the Member Units and shall serve without compensation. The President and such other officers as are provided for in the by-laws shall coordinate the activities of the MABAS.

30-3-17 DUTIES OF THE EXECUTIVE BOARD. The Executive Board shall meet regularly to conduct business and to consider and publish the rules, procedures and by-laws of the MABAS, which shall govern the Executive Board meetings and such other relevant matters as the Executive Board shall deem necessary.

30-3-18 RULES AND PROCEDURES. Rules, procedures and by-laws of the MABAS shall be established by the Member Units via the Executive Board as deemed necessary from time to time for the purpose of administrative functions, the exchange of information and the common welfare of the MABAS.

30-3-19 AMENDMENTS. This Agreement may only be amended by written consent of all the parties hereto. This shall not preclude the amendment of rules, procedures and by-laws of the MABAS as established by the Executive Board to this Agreement. The undersigned unit of local government or public agency hereby has adopted, and subscribes to, and approves this MUTUAL AID BOX ALARM SYSTEM Agreement to which this signature page will be attached, and agrees to be a party thereto and be bound by the terms thereof.

No application fee is required to be paid by any electricity utility that is paying the municipal electricity infrastructure maintenance fee pursuant to the Electricity Infrastructure Maintenance Fee Act.

33-10-5 ACTION ON PERMIT APPLICATIONS.

(A) **County Review of Permit Applications.** Completed permit applications, containing all required documentation, shall be examined by the Superintendent within a reasonable time after filing. If the application does not conform to the requirements of all applicable ordinances, codes, laws, rules, and regulations, the Superintendent shall reject such application in writing, stating the reasons therefor. If the Superintendent is satisfied that the proposed work conforms to the requirements of this Article and all applicable ordinances, codes, laws, rules, and regulations, the Superintendent shall issue a permit therefor as soon as practicable. In all instances, it shall be the duty of the applicant to demonstrate, to the satisfaction of the Superintendent, that the construction proposed under the application shall be in full compliance with the requirements of this Article.

(B) **Additional County Review of Applications of Telecommunications Retailers.**

- (1) Pursuant to Section 4 of the Telephone Company Act, 220 ILCS 65/4, a telecommunications retailer shall notify the County that it intends to commence work governed by this Article for facilities for the provision of telecommunications services. Such notice shall consist of plans, specifications, and other documentation sufficient to demonstrate the purpose and intent of the facilities, and shall be provided by the telecommunications retailer to the County not less than **ten (10) days** prior to the commencement of work requiring no excavation and not less than **thirty (30) days** prior to the commencement of work requiring excavation. The Superintendent shall specify the portion of the right-of-way upon which the facility may be placed, used or constructed.
- (2) In the event that the Superintendent fails to provide such specification of location to the telecommunications retailer within either (a) **ten (10) days** after service of notice to the County by the telecommunications retailer in the case of work not involving excavation for new construction or (b) **twenty-five (25) days** after service of notice by the telecommunications retailer in the case of work involving excavation for new construction, the telecommunications retailer may commence work without obtaining a permit under this Article.
- (3) Upon the provision of such specification by the County, where a permit is required for work pursuant to **Section 33-10-4** of this Article the telecommunications retailer shall submit to the County an application for a permit and any and all plans, specifications and documentation available regarding the facility to be constructed. Such application shall be subject to the requirements of paragraph (A) of this Section.

(C) **Additional County Review of Applications of Holders of State Authorization Under the Cable and Video Competition Law of 2007.** Applications by a utility that is a holder of a State-issued authorization under the Cable and Video Competition Law of 2007 shall be deemed granted **forty-five (45) days** after submission to the County, unless otherwise acted upon by the County, provided the holder has complied with applicable County codes, ordinances, and regulations.

33-10-6 EFFECT OF PERMIT.

(A) **Authority Granted; No Property Right or Other Interest Created.**

A permit from the County authorizes a permittee to undertake only certain activities in accordance with this Article on County rights-of-way, and does not create a property right or grant authority to the permittee to impinge upon the rights of others who may have an interest in the public rights-of-way.

(B) **Duration.** No permit issued under this Article shall be valid for a period

longer than **six (6) months** unless construction is actually begun within that period and is thereafter diligently pursued to completion.

(C) **Pre-Construction Meeting Required.** No construction shall begin

pursuant to a permit issued under this Article prior to attendance by the permittee and all major contractors and subcontractors who will perform any work under the permit at a pre-construction meeting. The pre-construction meeting shall be held at a date, time and place designated by the County with such County representatives in attendance as the County deems necessary. The meeting shall be for the purpose of reviewing the work under the permit, and reviewing special considerations necessary in the areas where work will occur, including, without limitation, presence or absence of other utility facilities in the area and their locations, procedures to avoid disruption of other utilities, use of rights-of-way by the public during construction, and access and egress by adjacent property owners.

(D) **Compliance With All Laws Required.** The issuance of a permit by the

County does not excuse the permittee from complying with other requirements of the County and applicable statutes, laws, ordinances, rules, and regulations.

33-10-7 REVISED PERMIT DRAWINGS. In the event that the actual locations of any facilities deviate in any material respect from the locations identified in the plans, drawings and specifications submitted with the permit application, the permittee shall submit a revised set of drawings or plans to the County within **ninety (90) days** after the completion of the permitted work. The revised drawings or plans shall specifically identify where the locations of the actual facilities deviate from the locations approved in the permit. If any deviation from the permit also deviates from the requirements of this Article, it shall be treated as a request for variance in accordance with **Section 33-10-21** of this Article. If the County denies the request for a variance, then the permittee shall either remove the facility from the right-of-way or modify the facility so that it conforms to the permit and submit revised drawings or plans therefor.

33-10-8 INSURANCE.

(A) **Required Coverages and Limits.** Unless otherwise provided by franchise, license, or similar agreement, each utility occupying right-of-way or constructing any facility in the right-of-way shall secure and maintain the following liability insurance policies insuring the utility as named insured and naming the County, and its elected and appointed officers, officials, agents, and employees as additional insureds on the policies listed in paragraphs (1) and (2) below:

- (1) Commercial general liability insurance, including premises-operations, explosion, collapse, and underground hazard (commonly referred as "X", "C", and "U" coverages) and products-completed operations coverage with limits not less than:
 - (a) **Five Million Dollars (\$5,000,000.00)** for bodily injury or death to each person;
 - (b) **Five Million Dollars (\$5,000,000.00)** for property damage resulting from any one accident; and
 - (c) **Five Million Dollars (\$5,000,000.00)** for all other types of liability;
- (2) Automobile liability for owned, non-owned and hired vehicles with a combined single limit of **One Million Dollars (\$1,000,000.00)** for personal injury and property damage for each accident;
- (3) Worker's compensation with statutory limits; and

- (4) Employer's liability insurance with limits of not less than **One Million Dollars (\$1,000,000.00)** per employee and per accident.

If the utility is not providing such insurance to protect the contractors and subcontractors performing the work, then such contractors and subcontractors shall comply with this Section.

(B) **Excess or Umbrella Policies.** The coverages required by this Section may be in any combination of primary, excess, and umbrella policies. Any excess or umbrella policy must provide excess coverage over underlying insurance on a following-form basis such that when any loss covered by the primary policy exceeds the limits under the primary policy, the excess or umbrella policy becomes effective to cover such loss.

(C) **Copies Required.** The utility shall provide copies of any of the policies required by this Section to the County within **ten (10) days** following receipt of a written request therefor from the County.

(D) **Maintenance and Renewal of Required Coverages.** The insurance policies required by this Section shall contain the following endorsement:

"It is hereby understood and agreed that this policy may not be canceled nor the intention not to renew be stated until **thirty (30) days** after receipt by the County, by registered mail or certified mail, return receipt requested, of a written notice addressed to the County Administrator of such intent to cancel or not to renew."

Within **ten (10) days** after receipt by the County of said notice, and in no event later than **ten (10) days** prior to said cancellation, the utility shall obtain and furnish to the County evidence of replacement insurance policies meeting the requirements of this Section.

(E) **Self-Insurance.** A utility may self-insure all or a portion of the insurance coverage and limit requirements required by paragraph (A) of this Section. A utility that self-insures is not required, to the extent of such self-insurance, to comply with the requirement for the naming of additional insureds under paragraph (A), or the requirements of paragraphs (B), (C) and (D) of this Section. A utility that elects to self-insure shall provide to the County evidence sufficient to demonstrate its financial ability to self-insure the insurance coverage and limit requirements required under paragraph (A) of this Section, such as evidence that the utility is a "private self insurer" under the Workers Compensation Act.

(F) **Effect of Insurance and Self-Insurance on Utility's Liability.** The legal liability of the utility to the County and any person for any of the matters that are the subject of the insurance policies or self-insurance required by this Section shall not be limited by such insurance policies or self-insurance or by the recovery of any amounts thereunder.

(G) **Insurance Companies.** All insurance provided pursuant to this Section shall be effected under valid and enforceable policies, issued by insurers legally able to conduct business with the licensee in the State of Illinois. All insurance carriers and surplus line carriers shall be rates "A-" or better and of a class size "X" or higher by A.M. Best Company.

33-10-9 INDEMNIFICATION. By occupying or constructing facilities in the right-of-way, a utility shall be deemed to agree to defend, indemnify and hold the County and its elected and appointed officials and officers, employees, agents and representatives harmless from and against any and all injuries, claims, demands, judgments, damages, losses and expenses, including reasonable attorney's fees and costs of suit or defense, arising out of, resulting from or alleged to arise out of or result from the negligent, careless or wrongful acts, omissions, failures to act or misconduct of the utility or its affiliates, officers, employees, agents, contractors or subcontractors in the construction of facilities or occupancy of the rights-of-way, and in providing or offering service over the facilities, whether such acts or omissions are authorized, allowed or prohibited by this Article or by a franchise, license, or similar agreement; provided, however, that the utility's indemnity obligations hereunder shall not apply to any injuries, claims, demands, judgments, damages, losses or expenses arising out of or resulting from the negligence, misconduct or breach of this Article by the County, its officials, officers, employees, agents or representatives.

33-10-10 SECURITY.

(A) **Purpose.** The permittee shall establish a Security Fund in a form and in an amount as set forth in this Section. The Security Fund shall be continuously maintained in accordance with this Section at the permittee's sole cost and expense until the completion of the work authorized under the permit. The Security Fund shall serve a security for:

- (1) The faithful performance by the permittee of all the requirements of this Article;
- (2) Any expenditure, damage, or loss incurred by the County occasioned by the permittee's failure to comply with any codes, rules, regulations, orders, permits and other directives of the County issued pursuant to this Article; and
- (3) The payment by permittee of all liens and all damages, claims, costs, or expenses that the County may pay or incur by reason of any action or non-performance by permittee in violation of this Article including, without limitation, any damage to public property or restoration work the permittee is required by this Article to perform that the County must perform itself or have completed as a consequence solely of the permittee's failure to perform or complete, and all other payments due the County from the permittee pursuant to this Article or any other applicable law.

(B) **Form.** The permittee shall provide the Security Fund to the County in the form, at the permittee's election, of cash, a surety bond in a form acceptable to the County, or an unconditional

letter of credit in a form acceptable to the County. Any surety bond or letter of credit provided pursuant to this paragraph shall, at a minimum:

- (1) Provide that it will not be canceled without prior notice to the County and the permittee;
- (2) Not require the consent of the permittee prior to the collection by the County of any amounts covered by it; and
- (3) Shall provide a location convenient to the County and within the State of Illinois at which it can be drawn.

(C) **Amount.** The dollar amount of the Security Fund shall be sufficient to provide for the reasonably estimated cost to restore the right-of-way to at least as good a condition as that existing prior to the construction under the permit, as determined by the Superintendent, and may also include reasonable, directly related costs that the County estimates are likely to be incurred if the permittee fails to perform such restoration. Where the construction of facilities proposed under the permit will be performed in phases in multiple locations in the County, with each phase consisting of construction of facilities in one location or related group of locations, and where construction in another phase will not be undertaken prior to substantial completion of restoration in the previous phase or phases, the Superintendent may, in the exercise of sound discretion, allow the permittee to post a single amount of security which shall be applicable to each phase of the construction under the permit. The amount of the Security Fund for phased construction shall be equal to the greatest amount that would have been required under the provisions of this paragraph (C) for any single phase.

(D) **Withdrawals.** The County, upon **fourteen (14) days'** advance written notice clearly stating the reason for, and its intention to exercise withdrawal rights under this paragraph, may withdraw an amount from the Security Fund, provided that the permittee has not reimbursed the County for such amount within the **fourteen (14) day** notice period. Withdrawals may be made if the permittee:

- (1) Fails to make any payment required to be made by the permittee hereunder;
- (2) Fails to pay any liens relating to the facilities that are due and unpaid;
- (3) Fails to reimburse the County for any damages, claims, costs or expenses which the County has been compelled to pay or incur by reason of any action or non-performance by the permittee; or
- (4) Fails to comply with any provision of this Article that the County determines can be remedied by an expenditure of an amount in the Security Fund.

(E) **Replenishment.** Within **fourteen (14) days** after receipt of written notice from the County that any amount has been withdrawn from the Security Fund, the permittee shall restore the Security Fund to the amount specified in paragraph (C) of this Section.

(F) **Interest.** The permittee may request that any and all interest accrued on the amount in the Security Fund be returned to the permittee by the County, upon written request for said withdrawal to the County, provided that any such withdrawal does not reduce the Security Fund below the minimum balance required in paragraph (C) of this Section.

(G) **Closing and Return of Security Fund.** Upon completion of the work authorized under the permit, the permittee shall be entitled to the return of the Security Fund, or such portion thereof as remains on deposit, within a reasonable time after account is taken for all offsets necessary to compensate the County for failure by the permittee to comply with any provisions of this Article or other applicable law. In the event of any revocation of the permit, the Security Fund, and any and all accrued interest therein, shall become the property of the County to the extent necessary to cover any reasonable costs, loss or damage incurred by the County as a result of said revocation, provided that any amounts in excess of said costs, loss or damage shall be refunded to the permittee.

(H) **Rights Not Limited.** The rights reserved to the County with respect to the Security Fund are in addition to all other rights of the County, whether reserved by this Article or otherwise authorized by law, and no action, proceeding or exercise of right with respect to said Security Fund shall affect any other right the County may have. Notwithstanding the foregoing, the County shall not be entitled to a double monetary recovery with respect to any of its rights which may be infringed or otherwise violated.

33-10-11 PERMIT SUSPENSION AND REVOCATION.

(A) **County Right to Revoke Permit.** The County may revoke or suspend a permit issued pursuant to this Article for one or more of the following reasons:

- (1) Fraudulent, false, misrepresenting, or materially incomplete statements in the permit application;
- (2) Noncompliance with this Article;
- (3) Permittee's physical presence or presence of permittee's facilities on, over, above, along, upon, under, across, or within the rights-of-way presents a direct or imminent threat to the public health, safety, or welfare; or
- (4) Permittee's failure to construct the facilities substantially in accordance with the permit and approved plans.

(B) **Notice of Revocation or Suspension.** The County shall send written notice of its intent to revoke or suspend a permit issued pursuant to this Article stating the reason or reasons for the revocation or suspension and the alternatives available to permittee under this **Section 33-10-11.**

(C) **Permittee Alternatives Upon Receipt of Notice of Revocation or Suspension.** Upon receipt of a written notice of revocation or suspension from the County, the permittee shall have the following options:

- (1) Immediately provide the County with evidence that no cause exists for the revocation or suspension;
- (2) Immediately correct, to the satisfaction of the County, the deficiencies stated in the written notice, providing written proof of such correction to the County within **five (5) working days** after receipt of the written notice of revocation; or
- (3) Immediately remove the facilities located on, over, above, along, upon, under, across, or within the rights-of-way and restore the rights-of-way to the satisfaction of the County providing written proof of such removal to the County within **ten (10) days** after receipt of the written notice of revocation.

The County may, in its discretion, for good cause shown, extend the time periods provided in this paragraph.

(D) **Stop Work Order.** In addition to the issuance of a notice of revocation or suspension, the County may issue a stop work order immediately upon discovery of any of the reasons for revocation set forth within paragraph (A) of this Section.

(E) **Failure or Refusal of the Permittee to Comply.** If the permittee fails to comply with the provisions of paragraph (C) of this Section, the County or its designee may, at the option of the County:

- (1) correct the deficiencies;
- (2) upon not less than **twenty (20) days** notice to the permittee, remove the subject facilities or equipment; or
- (3) after not less than **thirty (30) days** notice to the permittee of failure to cure the noncompliance, deem them abandoned and property of the County. The permittee shall be liable in all events to the County for all costs of removal.

33-10-12 CHANGE OF OWNERSHIP OR OWNER'S IDENTITY OR LEGAL STATUS.

(A) **Notification of Change.** A utility shall notify the County no less than **thirty (30) days** prior to the transfer of ownership of any facility in the right-of-way or change in identity of the utility. The new owner of the utility or the facility shall have all the obligations and privileges enjoyed by the former owner under the permit, if any, and all applicable laws, ordinances, rules and regulations, including this Article, with respect to the work and facilities in the right-of-way.

(B) **Amended Permit.** A new owner shall request that any current permit be amended to show current ownership. If the new owner fails to have a new or amended permit issued in its name, the new owner shall be presumed to have accepted, and agreed to be bound by, the terms and

conditions of the permit if the new owner uses the facility or allows it to remain on the County's right-of-way.

(C) **Insurance and Bonding.** All required insurance coverage or bonding must be changed to reflect the name of the new owner upon transfer.

33-10-13 GENERAL CONSTRUCTION STANDARDS.

(A) **Standards and Principles.** All construction in the right-of-way shall be consistent with applicable ordinances, codes, laws, rules and regulations, and commonly recognized and accepted traffic control and construction principles, sound engineering judgment and, where applicable, the principles and standards set forth in the following IDOT publications, as amended from time to time:

- (1) Standard Specifications for Road and Bridge Construction;
- (2) Supplemental Specifications and Recurring Special Provisions;
- (3) Highway Design Manual;
- (4) Highway Standards Manual;
- (5) Standard Specifications for Traffic Control Items;
- (6) Illinois Manual on Uniform Traffic Control Devices (92 Ill. Adm. Code § 545);
- (7) Flagger's Handbook; and
- (8) Work Site Protection Manual for Daylight Maintenance Operations.

(B) **Interpretation of Municipal Standards and Principles.** If a discrepancy exists between or among differing principles and standards required by this Article, the Superintendent shall determine, in the exercise of sound engineering judgment, which principles apply and such decision shall be final. If requested, the Superintendent shall state which standard or principle will apply to the construction, maintenance, or operation of a facility in the future.

33-10-14 TRAFFIC CONTROL.

(A) **Minimum Requirements.** The County's minimum requirements for traffic protection are contained in IDOT's Illinois Manual on Uniform Traffic Control Devices and this Code.

(B) **Warning Signs, Protective Devices, and Flaggers.** The utility is responsible for providing and installing warning signs, protective devices and flaggers, when necessary, meeting all applicable federal, state, and local requirements for protection of the public and the utility's workers when performing any work on the public rights-of-way.

(C) **Interference with Traffic.** All work shall be phased so that there is minimum interference with pedestrian and vehicular traffic.

(D) **Notice When Access is Blocked.** At least **forty-eight (48) hours** prior to beginning work that will partially or completely block access to any residence, business or institution, the utility shall notify the resident, business or institution of the approximate beginning time and duration of such work; provided, however, that in cases involving emergency repairs pursuant to **Section 33-10-20** of this Article, the utility shall provide such notice as is practicable under the circumstances.

(E) **Compliance.** The utility shall take immediate action to correct any deficiencies in traffic protection requirements that are brought to the utility's attention by the County.

33-10-15 LOCATION OF FACILITIES.

(A) **General Requirements.** In addition to location requirements applicable to specific types of utility facilities, all utility facilities, regardless of type, shall be subject to the general location requirements of this paragraph.

- (1) **No Interference with County Facilities.** No utility facilities shall be placed in any location if the Superintendent determines that the proposed location will require the relocation or displacement of any of the County's utility facilities or will otherwise interfere with the operation or maintenance of any of the County's utility facilities.

- (2) **Minimum Interference and Impact.** The proposed location shall cause only the minimum possible interference with the use of the right-of-way and shall cause only the minimum possible impact upon, and interference with the rights and reasonable convenience of property owners who adjoin said right-of-way.
- (3) **No Interference with Travel.** No utility facility shall be placed in any location that interferes with the usual travel on such right-of-way.
- (4) **No Limitations on Visibility.** No utility facility shall be placed in any location so as to limit visibility of or by users of the right-of-way.
- (5) **Size of Utility Facilities.** The proposed installation shall use the smallest suitable vaults, boxes, equipment enclosures, power pedestals, and/or cabinets then in use by the facility owner, regardless of location, for the particular application.

(B) **Parallel Facilities Located Within Highways.**

- (1) **Overhead Parallel Facilities.** An overhead parallel facility may be located within the right-of-way lines of a highway only if:
 - (a) Lines are located as near as practicable to the right-of-way line and as nearly parallel to the right-of-way line as reasonable pole alignment will permit;
 - (b) Where pavement is curbed, poles are as remote as practicable from the curb with a minimum distance of **two (2) feet (0.6m)** behind the face of the curb, where available;
 - (c) Where pavement is uncurbed, poles are as remote from pavement edge as practicable with minimum distance of **four (4) feet (1.2m)** outside the outer shoulder line of the roadway and are not within the clear zone;
 - (d) No pole is located in the ditch line of a highway; and
 - (e) Any ground-mounted appurtenance is located within **one (1) foot (0.3m)** of the right-of-way line or as near as possible to the right-of-way line.

- (2) **Underground Parallel Facilities.** An underground parallel facility may be located within the right-of-way lines of a highway only if:
- (a) The facility is located as near the right-of-way line as practicable and not more than **eight (8) feet (2.4m)** from and parallel to the right-of-way line;
 - (b) A new facility may be located under the paved portion of a highway only if other locations are impracticable or inconsistent with sound engineering judgment (e.g., a new cable may be installed in existing conduit without disrupting the pavement); and
 - (c) In the case of an underground power or communications line, the facility shall be located as near the right-of-way line as practicable and not more than **five (5) feet (1.5m)** from the right-of-way line and any above-grounded appurtenance shall be located within **one (1) foot (0.3m)** of the right-of-way line or as near as practicable.

(C)

Facilities Crossing Highways.

- (1) **No Future Disruption.** The construction and design of crossing facilities installed between the ditch lines or curb lines of County highways may require the incorporation of materials and protections (such as encasement or additional cover) to avoid settlement or future repairs to the roadbed resulting from the installation of such crossing facilities.
- (2) **Cattle Passes, Culverts, or Drainage Facilities.** Crossing facilities shall not be located in cattle passes, culverts, or drainage facilities.

- (3) **90 Degree Crossing Required.** Crossing facilities shall cross at or as near to a **ninety (90) degree** angle to the centerline as practicable.
- (4) **Overhead Power or Communication Facility.** An overhead power or communication facility may cross a highway only if:
 - (a) It has a minimum vertical line clearance as required by ICC's rules entitled, "Construction of Electric Power and Communication Lines" (83 Ill. Adm. Code 305);
 - (b) Poles are located within **one (1) foot (0.3m)** of the right-of-way line of the highway and outside of the clear zone; and
 - (c) Overhead crossings at major intersections are avoided.
- (5) **Underground Power or Communication Facility.** An underground power or communication facility may cross a highway only if:
 - (a) The design materials and construction methods will provide maximum maintenance-free service life; and
 - (b) Capacity for the utility's foreseeable future expansion needs is provided in the initial installation.
- (6) **Markers.** The County may require the utility to provide a marker at each right-of-way line where an underground facility other than a power or communication facility crosses a highway. Each marker shall identify the type of facility, the utility, and an emergency phone number. Markers may also be eliminated as provided in current Federal regulations. (49 C.F.R. §192.707 (1989)).

(D) **Facilities to be Located Within Particular Rights-of-Way.** The County may require that facilities be located within particular rights-of-way that are not highways, rather than within particular highways.

(E) **Freestanding Facilities.**

- (1) The County may restrict the location and size of any freestanding facility located within a right-of-way.
- (2) The County may require any freestanding facility located within a right-of-way to be screened from view.

(F)
installed only if:

Facilities Installed Above Ground. Above ground facilities may be

- (1) No other existing facilities in the area are located underground;
- (2) New underground installation is not technically feasible; and
- (3) The proposed installation will be made at a location, and will employ suitable design and materials, to provide the greatest protection of aesthetic qualities of the area being traversed without adversely affecting safety. Suitable designs include, but are not limited to, self-supporting armless, single-pole construction with vertical configuration of conductors and cable. Existing utility poles and light standards shall be used wherever practicable; the installation of additional utility poles is strongly discouraged.

(G)

Facility Attachments to Bridges or Roadway Structures.

- (1) Facilities may be installed as attachments to bridges or roadway structures only where the utility has demonstrated that all other means of accommodating the facility are not practicable. Other means shall include, but are not limited to, underground, underwater, independent poles, cable supports and tower supports, all of which are completely separated from the bridge or roadway structure. Facilities transmitting commodities that are volatile, flammable, corrosive, or energized, especially those under significant pressure or potential, present high degrees of risk and such installations are not permitted.
- (2) A utility shall include in its request to accommodate a facility installation on a bridge or roadway structure supporting data demonstrating the impracticability of alternate routing. Approval or disapproval of an

application for facility attachment to a bridge or roadway structure will be based upon the following considerations:

- (a) The type, volume, pressure or voltage of the commodity to be transmitted and an evaluation of the resulting risk to persons and property in the event of damage to or failure of the facility;
- (b) The type, length, value, and relative importance of the highway structure in the transportation system;
- (c) The alternative routings available to the utility and their comparative practicability;
- (d) The proposed method of attachment;
- (e) The ability of the structure to bear the increased load of the proposed facility;
- (f) The degree of interference with bridge maintenance and painting;
- (g) The effect on the visual quality of the structure; and
- (h) The public benefit expected from the utility service as compared to the risk involved.

(H) **Appearance Standards.**

- (1) The County may prohibit the installation of facilities in particular locations in order to preserve visual quality.
- (2) A facility may be constructed only if its construction does not require extensive removal or alteration of trees or terrain features visible to the right-of-way user or to adjacent residents and property owners, and if it does not impair the aesthetic quality of the lands being traversed.

33-10-16 CONSTRUCTION METHODS AND MATERIALS.

(A) **Standards and Requirements for Particular Types of Construction Methods.**

- (1) **Boring or Jacking.**

[2016]

I-748

- (a) **Pits and Shoring.** Boring and jacking under rights-of-way shall be accomplished from pits located at a minimum distance specified by the Superintendent from the edge of the pavement. Pits for boring or jacking shall be excavated no more than **forty-eight (48) hours** in advance of boring or jacking operations and backfilled within **forty-eight (48) hours** after boring or jacking operations are completed. While pits are open, they shall be clearly marked and protected by barricades. Shoring shall be designed, erected, supported, braced, and maintained so that it will safely support all vertical and lateral loads that may be imposed upon it during the boring or jacking operation.
- (b) **Wet Boring or Jetting.** Wet boring or jetting shall not be permitted under the roadway.
- (c) **Borings With Diameters Greater than Six (6) Inches.** Borings over **six (6) inches (0.15m)** in diameter shall be accomplished with an auger and following pipe, and the diameter of the auger shall not exceed the outside diameter of the following pipe by more than **one (1) inch (25mm)**.
- (d) **Borings with Diameters Six (6) Inches or Less.** Borings of **six (6) inches** or less in diameter may be accomplished by either jacking, guided with auger, or auger and following pipe method.
- (e) **Tree Preservation.** Any facility located within the drip line of any tree designed by the County to be preserved shall be bored under or around the root system.

- (2) **Trenching.** Trenching for facility installation, repair, or maintenance on rights-of-way shall be done in accord with the applicable portions of Section 603 IDOT's "Standard Specifications for Road and Bridge Construction".
- (a) **Length.** The length of open trench shall be kept to the practicable minimum consistent with requirements for pipe-line testing. Only one-half of any intersection may have an open trench at any time unless special permission is obtained from the Superintendent.
- (b) **Open Trench and Excavated Material.** Open trench and wind rowed excavated material shall be protected as required by Chapter 6 of the Illinois Manual on Uniform Traffic Control Devices. Where practicable, the excavated material shall be deposited between the roadway and the trench as added protection. Excavated material shall not be allowed to remain on the paved portion of the roadway. Where right-of-way width does not allow for wind rowing excavated material off the paved portion of the roadway, excavated material shall be hauled to an off-road location.
- (c) **Drip Line of Trees.** The utility shall not trench within the drip line of any tree designated by the County to be preserved.
- (3) **Backfilling.**
- (a) Any pit, trench, or excavation created during the installation of facilities shall be backfilled for its full width, depth, and length using methods and materials in accordance with IDOT's "Standard Specifications for Road and Bridge Construction". When excavated material is hauled away or is unsuitable for backfill, suitable granular backfill shall be used.
- (b) For a period of **three (3) years** from the date construction of a facility is completed, the utility shall be responsible to remove and restore any backfilled area that has settled due to construction of the facility. If so ordered by the Superintendent, the utility, at its expense, shall remove any pavement and backfill material to the top of the installed facility, place and properly compact new backfill material, and restore new pavement, sidewalk,

curbs, and driveways to the proper grades, as determined by the Superintendent.

- (4) **Pavement Cuts.** Pavement cuts for facility installation or repair shall be discouraged but may be permitted only upon location specific approval by the Superintendent and only if that portion of the roadway is closed to traffic.
- (a) Any excavation under pavements shall be backfilled and compacted as soon as practicable with granular material of CA-6 or CA-10 gradation, as designated by the Superintendent.
 - (b) Restoration of pavement, in kind, shall be accomplished as soon as practicable, and temporary repair with bituminous mixture shall be provided immediately. Any subsequent failure of either the temporary repair or the restoration shall be rebuilt upon notification by the County.
 - (c) All saw cuts shall be full depth.
 - (d) For all rights-of-way which have been reconstructed with a concrete surface/base in the last **seven (7) years**, or resurfaced in the last **three (3) years**, permits shall not be issued unless such work is determined to be an emergency repair or other work considered necessary and unforeseen

before the time of the reconstruction or unless a pavement cut is necessary for a J.U.L.I.E. locate.

(5) **Encasement.**

- (a) Casing pipe shall be designed to withstand the load of the highway and any other superimposed loads. The casing shall be continuous either by one-piece fabrication or by welding or jointed installation approved by the County.
- (b) The venting, if any, of any encasement shall extend within **one (1) foot (0.3m)** of the right-of-way line. No above-ground vent pipes shall be located in the area established as clear zone for that particular section of the highway.
- (c) In the case of water main or service crossing, encasement shall be furnished between bore pits unless continuous pipe or County approved jointed pipe is used under the roadway. Casing may be omitted only if pipe is installed prior to highway construction and carrier pipe is continuous or mechanical joints are of a type approved by the County. Bell and spigot type pipe shall be encased regardless of installation method.
- (d) In the case of gas pipelines of **60 psig** or less, encasement may be eliminated.
- (e) In the case of gas pipelines or petroleum products pipelines with installations of more than **60 psig**, encasement may be eliminated only if:
 - (i) extra heavy pipe is used that precludes future maintenance or repair and
 - (ii) cathodic protection of the pipe is provided;
- (f) If encasement is eliminated for a gas or petroleum products pipeline, the facility shall be located so as to provide that construction does not disrupt the right-of-way.

- (6) **Minimum Cover of Underground Facilities.** Cover shall be provided and maintained at least in the amount specified in the following table for minimum cover for the type of facility:

Type of Facility	Minimum Cover
Electric Lines	30 inches (0.8m)

Gas or Petroleum Products	30 inches (0.8m)
Water Line	Sufficient Cover to Provide Freeze Protection
Sanitary Sewer, Storm Sewer, Or Drainage Line	Sufficient Cover to Provide Freeze Protection

(B)

Standards and Requirements for Particular Types of Facilities.

(1) **Electric Power or Communication Lines.**

- (a) **Code Compliance.** Electric power or communications facilities within County rights-of-way shall be constructed, operated, and maintained in conformity with the provisions of 83 Ill. Adm. Code 305 (formerly General Order 160 of the Illinois Commerce Commission) entitled "Rules for Construction of Electric Power

and Communications Lines”, and the National Electrical Safety Code.

- (b) **Overhead Facilities.** Overhead power or communication facilities shall use single pole construction and, where practicable, joint use of poles shall be used. Utilities shall make every reasonable effort to design the installation so guys and braces will not be needed. Variances may be allowed if there is no feasible alternative and if guy wires are equipped with guy guards for maximum visibility.
- (c) **Underground Facilities.**
 - (i) Cable may be installed by trenching or plowing, provided that special consideration is given to boring in order to minimize damage when crossing improved entrances and side roads.
 - (ii) If a crossing is installed by boring or jacking, encasement shall be provided between jacking or bore pits. Encasement may be eliminated only if:
 - a. the crossing is installed by the use of “moles”, “whip augers”, or other approved method which compress the earth to make the opening for cable installation or
 - b. the installation is by the open trench method which is only permitted prior to roadway construction.
 - (iii) Cable shall be grounded in accordance with the National Electrical Safety Code.
 - (iv) **Burial of Drops.** All temporary service drops placed between **November 1** of the prior year and **March 15** of the current year, also known as snowdrops, shall be buried by **May 31** of the current year, weather permitting, unless otherwise permitted by the County. Weather permitting, utilities shall bury all temporary drops, excluding snowdrops, within **ten (10) business days** after placement.
- (2) **Underground Facilities Other Than Electric Power or Communication Lines.** Underground facilities other than electric power or communication lines may be installed by:

- (a) The use of "moles", "whip augers", or other approved methods which compress the earth to move the opening for the pipe;
 - (b) jacking or boring with vented encasement provided between the ditch lines or toes of slopes of the highway;
 - (c) open trench with vented encasement between ultimate ditch lines or toes of slopes, but only if prior to roadway construction; or
 - (d) tunneling with vented encasement, but only if installation is not possible by other means.
- (3) **Gas Transmission, Distribution and Service.** Gas pipelines within rights-of-way shall be constructed, maintained, and operated in a County approved manner and in conformance with the Federal Code of the Office of Pipeline Safety Operations, Department of Transportation, Part 192 – Transportation of Natural and Other Gas by Pipeline: Minimum Federal Safety Standards (49 CFR §192), IDOT's "Standard Specifications for Road and Bridge Construction", and all other applicable laws, rules, and regulations.

- (4) **Petroleum Products Pipelines.** Petroleum products pipelines within rights-of-way shall conform to the applicable sections of ANSI Standard Code for Pressure Piping. (Liquid Petroleum Transportation Piping Systems ANSI-B 31.4).
- (5) **Waterlines, Sanitary Sewer Lines, Storm Water Sewer Lines or Drainage Lines.** Water lines, sanitary sewer lines, storm sewer lines, and drainage lines within rights-of-way shall meet or exceed the recommendations of the current "Standard Specifications for Water and Sewer Main Construction in Illinois".
- (6) **Ground Mounted Appurtenances.** Ground mounted appurtenances to overhead or underground facilities, when permitted within a right-of-way, shall be provided with a vegetation-free area extending **one (1) foot (305mm)** in width beyond the appurtenance in all directions. The vegetation-free area may be provided by an extension of the mounting pad, or by heavy duty plastic or similar material approved by the Superintendent, shrubbery surrounding the appurtenance may be used in place of vegetation-free area. The housing for ground-mounted appurtenances shall be painted a neutral color to blend with the surroundings.

(C)

Materials.

- (1) **General Standards.** The materials used in constructing facilities within rights-of-way shall be those meeting the accepted standards of the appropriate industry, the applicable portions of IDOT's "Standard Specifications for Road and Bridge Construction", the requirements of the Illinois Commerce Commission, or the standards established by other official regulatory agencies for the appropriate industry.
- (2) **Material Storage on Right-of-Way.** No material shall be stored on the right-of-way without the prior written approval of the Superintendent. When such storage is permitted, all pipe, conduit, wire, poles, cross arms, or other materials shall be distributed along the right-of-way prior to and during installation in a manner to minimize hazards to the public or an obstacle to right-of-way maintenance or damage to the right-of-way and other property. If material is to be stored on right-of-way, prior approval must be obtained from the County.

- (3) **Hazardous Materials.** The plans submitted by the utility to the County shall identify any hazardous materials that may be involved in the construction of the new facilities or removal of any existing facilities.

(D) **Operational Restrictions.**

- (1) Construction operations on rights-of-way may, at the discretion of the County, be required to be discontinued when such operations would create hazards to traffic or the public health, safety, and welfare. Such operations may also be required to be discontinued or restricted when conditions are such that construction would result in extensive damage to the right-of-way or other property.
- (2) These restrictions may be waived by the Superintendent when emergency work is required to restore vital utility services.
- (3) Unless otherwise permitted by the County, the hours of construction are from **6:00 A.M. to 6:00 P.M.**

The County will make its permit record available to a utility for the purpose of identifying possible facilities. When notified of an excavation or when requested by the County or by J.U.L.I.E., a utility shall locate and physically mark its underground facilities within **forty-eight (48) hours**, excluding weekends and holidays, in accordance with the Illinois Underground Facilities Damage Prevention Act (220 ILCS 50/1 *et seq.*)

33-10-17 VEGETATION CONTROL.

(A) **Electric Utilities - Compliance with State Laws and Regulations.**

An electric utility shall conduct all tree-trimming and vegetation control activities in the right-of-way in accordance with applicable Illinois laws and regulations, and additionally, with such local franchise or other agreement with the County as permitted by law.

(B) **Other Utilities - Tree Trimming Permit Required.** Tree trimming that is done by any other utility with facilities in the right-of-way and that is not performed pursuant to applicable Illinois laws and regulations specifically governing the same, shall not be considered a normal maintenance operation, but shall require the application for, and the issuance of, a permit, in addition to any other permit required under this Article.

- (1) **Application for Tree Trimming Permit.** Applications for tree trimming permits shall include assurance that the work will be accomplished by competent workers with supervision who are experienced in accepted tree pruning practices. Tree trimming permits shall designate an expiration date in the interest of assuring that the work will be expeditiously accomplished.
- (2) **Damage to Trees.** Poor pruning practices resulting in damaged or misshapen trees will not be tolerated and shall be grounds for cancellation of the tree trimming permit and for assessment of damages. The County will require compensation for trees extensively damaged and for trees removed without authorization. The formula developed by the International Society of Arboriculture will be used as a basis for determining the compensation for damaged trees or unauthorized removal of trees. The County may require the removal and replacement of trees if trimming or radical pruning would leave them in an unacceptable condition.

(C) **Specimen Trees or Trees of Special Significance.** The County may require that special measures be taken to preserve specimen trees or trees of special significance. The required measures may consist of higher poles, side arm extensions, covered wire or other means.

(D) **Chemical Use.**

- (1) Except as provided in the following paragraph, no utility shall spray, inject or pour any chemicals on or near any trees, shrubs or vegetation in the County for any purpose, including the control of growth, insects or disease.

- (2) Spraying of any type of brush-killing chemicals will not be permitted on rights-of-way unless the utility demonstrates to the satisfaction of the Superintendent that such spraying is the only practicable method of vegetation control.

33-10-18 REMOVAL, RELOCATION, OR MODIFICATION OF UTILITY FACILITIES.

(A) **Notice.** Within **ninety (90) days** following written notice from the County, a utility shall, at its own expense, protect, support, temporarily or permanently disconnect, remove, relocate, change or alter the position of any utility facilities within the rights-of-way whenever the corporate authorities have determined that such removal, relocation, change or alteration, is reasonably necessary for the construction, repair, maintenance, or installation of any County improvement in or upon, or the operations of the County in or upon, the rights-of-way.

(B) **Removal of Unauthorized Facilities.** Within **thirty (30) days** following written notice from the County, any utility that owns, controls, or maintains any unauthorized facility or related appurtenances within the rights-of-way shall, at its own expense, remove all or any part of such facilities or appurtenances from the rights-of-way. A facility is unauthorized and subject to removal in the following circumstances:

- (1) Upon expiration or termination of the permittee's license or franchise, unless otherwise permitted by applicable law;

- (2) If the facility was constructed or installed without the prior grant of a license or franchise, if required;
- (3) If the facility was constructed or installed without prior issuance of a required permit in violation of this Article; or
- (4) If the facility was constructed or installed at a location not permitted by the permittee's license or franchise.

(C) **Emergency Removal or Relocation of Facilities.** The County retains the right and privilege to cut or move any facilities located within the rights-of-way of the County, as the County may determine to be necessary, appropriate or useful in response to any public health or safety emergency. If circumstances permit, the County shall attempt to notify the utility, if known, prior to cutting or removing a facility and shall notify the utility, if known, after cutting or removing a facility.

(D) **Abandonment of Facilities.** Upon abandonment of a facility within the rights-of-way of the County, the utility shall notify the County within **ninety (90) days**. Following receipt of such notice the County may direct the utility to remove all or any portion of the facility if the Superintendent determines that such removal will be in the best interest of the public health, safety and welfare. In the event that the County does not direct the utility that abandoned the facility to remove it, by giving notice of abandonment to the County, the abandoning utility shall be deemed to consent to the alteration or removal of all or any portion of the facility by another utility or person.

33-10-19 CLEANUP AND RESTORATION. The utility shall remove all excess material and restore all turf and terrain and other property within **ten (10) days** after any portion of the rights-of-way are disturbed, damaged or destroyed due to construction or maintenance by the utility, all to the satisfaction of the County. This includes restoration of entrances and side roads. Restoration of roadway surfaces shall be made using materials and methods approved by the Superintendent. Such cleanup and repair may be required to consist of backfilling, regrading, reseeding, resodding, or any other requirement to restore the right-of-way to a condition substantially equivalent to that which existed prior to the commencement of the project. The time period provided in this Section may be extended by the Superintendent for good cause shown.

33-10-20 MAINTENANCE AND EMERGENCY MAINTENANCE.

(A) **General.** Facilities on, over, above, along, upon, under, across, or within rights-of-way are to be maintained by or for the utility in a manner satisfactory to the County and at the utility's expense.

(B) **Emergency Maintenance Procedures.** Emergencies may justify noncompliance with normal procedures for securing a permit:

- (1) If an emergency creates a hazard on the traveled portion of the right-of-way, the utility shall take immediate steps to provide all necessary protection for traffic on the highway or the public on the right-of-way including the use of signs, lights, barricades or flags. If a hazard does not exist on the traveled way, but the nature of the emergency is such as to require the parking on the shoulder of equipment required in repair operations, adequate signs and lights shall be provided. Parking on the shoulder in such an emergency will only be permitted when no other means of access to the facility is available.
- (2) In an emergency, the utility shall, as soon as possible, notify the Superintendent or his or her duly authorized agent of the emergency, informing him or her as to what steps have been taken for protection of the traveling public and what will be required to make the necessary repairs. If the nature of the emergency is such as to interfere with the free movement of traffic, the County police shall be notified immediately.
- (3) In an emergency, the utility shall use all means at hand to complete repairs as rapidly as practicable and with the least inconvenience to the traveling public.

(C) **Emergency Repairs.** The utility must file in writing with the County a description of the repairs undertaken in the right-of-way within **forty-eight (48) hours** after an emergency repair.

33-10-21 VARIANCES.

(A) **Request for Variance.** A utility requesting a variance from one or more of the provisions of this Article must do so in writing to the Superintendent as a part of the permit application. The request shall identify each provision of this Article from which a variance is requested and the reasons why a variance should be granted.

(B) **Authority to Grant Variances.** The Superintendent shall decide whether a variance is authorized for each provision of this Article identified in the variance request on an individual basis.

(C) **Conditions for Granting of Variance.** The Superintendent may authorize a variance only if the utility requesting the variance has demonstrated that:

- (1) One or more conditions not under the control of the utility (such as terrain features or an irregular right-of-way line) create a special hardship that would make enforcement of the provision unreasonable, given the public purposes to be achieved by the provision; and
- (2) All other designs, methods, materials, locations or facilities that would conform with the provision from which a variance is requested are impracticable in relation to the requested approach.

(D) **Additional Conditions for Granting of a Variance.** As a condition for authorizing a variance, the Superintendent may require the utility requesting the variance to meet reasonable standards and conditions that may or may not be expressly contained within this Article but which carry out the purposes of this Article.

(E) **Right to Appeal.** Any utility aggrieved by any order, requirement, decision or determination, including denial of a variance, made by the Superintendent under the provisions of this Article shall have the right to appeal to the County Board, or such other board or commission as it may designate. The application for appeal shall be submitted in writing to the County Clerk within **thirty (30) days** after the date of such order, requirement, decision or determination. The County Board shall commence its consideration of the appeal at the Board's next regularly scheduled meeting occurring at least **seven (7) days** after the filing of the appeal. The County Board shall timely decide the appeal.

33-10-22 PENALTIES. Any person who violates, disobeys, omits, neglects or refuses to comply with any of the provisions of this Article shall be subject to fine in accordance with the penalty provisions of this Code. There may be times when the County will incur delay or other costs, including third party claims, because the utility will not or cannot perform its duties under its permit and this Article. Unless the utility shows that another allocation of the cost of undertaking the requested action is appropriate, the utility shall bear the County's costs of damages and its costs of installing, maintaining, modifying, relocating, or removing the facility that is the subject of the permit. No other administrative agency or commission may review or overrule a permit related cost apportionment of the County. Sanctions may be imposed upon a utility that does not pay the costs apportioned to it. **(See Section 1-1-20 for additional penalties.)**

33-10-23 ENFORCEMENT. Nothing in this Article shall be construed as limiting any additional or further remedies that the County may have for enforcement of this Article.

[See Section 1-1-20 for General Penalty Provisions]

(A) Prepare a plat of the subdivision in accordance with the requirements of **Articles V and VII** of this Code.

(B) If the subdivision lies within **one and one-half (1 ½) miles** of the corporate limits of any municipalities that have adopted and are enforcing subdivision regulations and a comprehensive plan on file with the County, the developer shall submit the preliminary plat to the Municipal Clerk of such municipalities for action by the appropriate jurisdiction body(s) to determine if said plat conforms with or exceeds the subdivision regulations and with streets, alleys, and public ground requirements, or proposals of the comprehensive plan of such municipalities. The municipality must approve the preliminary plat before said plat can be presented to the county for review.

(C) After the Municipality has approved the preliminary plat, or if the subdivision is within an area which has no subdivision control code is exercised by the municipality, then the preliminary plat shall be submitted to the Subdivision Coordinator for review. If the Subdivision Committee approves the plat, the developer shall proceed with the preparation of a final plat covering all or any part of the approved preliminary plat, with the plans for improvements, and with the installation of improvements required in **Article X** of this Code and the applicable provisions of the Municipal Subdivision Code.

(D) The final plat shall be submitted to and approved by the same agencies and the officials that approved the preliminary plat and also by the Zoning Administrator, but no plat lying within **one and one-half (1 ½) miles** of a municipality having a comprehensive plan shall be entitled to recording unless it conforms with or exceeds the streets, alleys and public grounds requirements of such plan or unless it has been approved by the municipality. Any plat that is not so filed within such period shall not be entitled to recordation without re-approval.

(G) Preliminary plat approval will remain in effect for a **one (1) year** period. The applicant may during this period submit all of or part of said preliminary plat for final approval. Whenever a large tract is intended to be developed in stages and only part of the tract is to be submitted for final approval, a preliminary plat for subdivision of the entire tract shall be submitted. The applicant may, by written mutual agreement with the County Board, have final approval of the last part of the plat delayed for a period not to exceed **three (3) years** from the date of the preliminary plat approval. All terms and conditions under which the preliminary plat approval was granted will not be changed. 34-8-1

FINAL PLAT APPROVAL.

The County Board shall not approve any final plat of subdivision (and said final plat shall not be entitled to recording) until:

- (A) All improvements required in the approved preliminary plat have been completed by the subdivider/developer, and inspected and accepted by the County Engineer; or
- (B) In accordance with this Article, the subdivider/developer has provided the County with legal assurance to guarantee the satisfactory completion of all required improvements.

34-8-2

PERFORMANCE GUARANTEE, BOND OR ESCROW AGREEMENT.

Final Plat shall be neither approved by the County Board Chairman nor recorded by the County Clerk unless the applicable following conditions are met:

(A) **Prior Installation.** The capital improvement or facilities intended to be dedicated to the County, Road District, other public body or acceptable private entity have been completed, inspected, and accepted prior to such approval; or

(B) **Surety Bond.** A surety bond by an insurance company authorized to do business in the State of Illinois or Irrevocable Letter of Credit shall be posted by the applicant with the County Treasurer as approved by the County Engineer before construction of the improvements or facilities is started. Such surety bond shall be equal to the amount determined by the County Engineer for the estimated construction cost of all improvements intended to be dedicated to the County Road District, other public body, or approved private legal entity. Performance of work necessary to complete construction and installation of the required improvements to be dedicated to the County Road District, other public body, or approved private legal entity shall be completed within **two (2) years** of the date of approval of the final plat, unless such time is extended by written agreement between the applicant and the County Engineer. If such improvements are not satisfactorily installed within the time period specified or required, then such surety bond or proportion thereof shall be forfeited by the applicant, and the proceeds of the surety bond shall be used to pay for the completion of installing such improvements in accordance with the requirements specified herein or the amount of the bond heretofore released, whichever is less; or

- (1) Order the County Treasurer to retain all escrowed funds needed to complete all the required improvements, and to return the balance if any of such funds to the developer; or
- (2) Require the developer to submit a new performance bond/escrow deposit in an amount sufficient to cover any increase in the cost of constructing the required improvements.

If the surety fails to perform on the bond or the escrow agent fails to remit within **thirty (30) days** after written request, the State's Attorney shall take immediate action to require performance.

34-8-3 SURETY RELEASE. The bond or an Irrevocable Letter of Credit shall remain in effect until such time as the County Clerk shall, by written authorization to the County Treasurer, release the surety from the obligation of the bond, which release may be partial and may occur from time to time, as improvements are completed and approved; provided, however:

(A) Authorization to release up to **ninety percent (90%)** of the bond amount or the Irrevocable Letter of Credit may be authorized by the County Clerk upon written notification from the County Engineer. Such authorization by the County Engineer shall only be given as improvements are installed equal in value to funds released.

(B) The remaining **ten percent (10%)** may only be released when the County Engineer notifies the Subdivision Coordinator, in writing, that all improvements have been completed in a satisfactory manner. The Subdivision Coordinator shall then notify the County Clerk that authorization may be given to release all funds. Whenever improvements are to be dedicated to another authority, school district, road district, park or other government, such improvements shall be accepted or approved before the release of all funds.

ARTICLE IX - MINIMUM STANDARDS OF DESIGN

34-9-1

GENERAL STATEMENT. The subdivider shall conform to the following principles and standards of land subdivision in the design of each subdivision or portion thereof. No preliminary plat shall be approved unless it conforms to the following minimum standards of design. The Subdivision Committee, in its review of the preliminary plat, will take into consideration the requirements of the county and the best use of the land being subdivided.

34-9-2

STREET PLANNING. The arrangement, character, extent, width and location of all streets shall be considered in their relation to existing and planned streets, to reasonable circulation of traffic, to topographic conditions, to runoff of storm water, to public convenience and safety, and in their appropriate relation to the proposed uses of the land to be served by such streets. Wherever possible and necessary, the arrangement of streets in new subdivisions shall provide for the continuation of existing streets in adjoining areas. Where adjoining unsubdivided areas may be subdivided, the arrangement of streets in a new subdivision shall make provision for the proper projection of streets into adjoining areas by carrying the new streets to the boundaries of the new subdivision at appropriate locations. No building shall be allowed in areas within a projected street continuation. In no case shall land be subdivided in such a manner that adjoining property be denied access.

A public street or streets shall be provided to afford convenient access to all property within the subdivision. A private street or thoroughfare may be permitted if access easements are provided for. When streets are required within the subdivision no less than one street of full width shall be provided to furnish the subdivision with access to an existing public highway.

(A) **Continuation of Adjoining Street System.** Where subdivision streets or rights-of-way are continuations or extensions of existing streets or rights-of-way, the width thereof shall be of the same or greater width as the existing street or right-of-way except that in no case shall the street or right-of-way in the subdivision be of less width than the minimum as provided herein. Dedication of half or portions of a street shall be discouraged, but may be permitted whenever there is no other logical method of platting.

(B) **Marginal Access Street.** Where the subdivision abuts on or contains an existing or proposed area service highway, the Subdivision Committee may require that marginal access streets be provided in order that no lots front on such existing or proposed area service highway. If the subdivision adjoins a non-access highway constructed by the Illinois Department of Transportation, the Subdivision Committee, upon the recommendation of the Illinois Department of Transportation, may require the reservation of a service road right-of-way with a minimum width of **sixty (60) feet**, which road shall parallel the highway and may have connections thereto at locations that are jointly approved by the County Engineer and Illinois Department of Transportation.

(C) **Private Reserve Strips.** Private reserve strips controlling access to streets shall be prohibited.

(D) **Street Names.** Proposed streets, which are obviously in alignment with others existing and named, shall bear the assigned name of the existing streets. In no case shall the name of

proposed streets duplicate or be phonetically similar to existing street names, irrespective of the use of the suffix, street, avenue, boulevard, drive, place, court, etc.

(E) **Private Lanes.** In cases where lots do not directly abut or have direct access to a public street, a private lane may be utilized provided the lane serves no more than **four (4) lots** but more than a single lot. If an additional lot or lots is platted or desires to access the private lane, all properties must meet all platting requirements herein, including but not limited to, the minimum street specifications and improvement standards and drainage requirements.

- (1) The private lane may be constructed in a manner consistent with typical driveway construction.
- (2) A maintenance agreement shall be recorded establishing the arrangement for which the private lane will be maintained.
- (3) The final plat shall include an access easement for all lots.
- (4) The final plat shall show the location and the width of the private lane.

- (5) The final plat shall include a certificate stating essentially as follows:

I, _____, owner of tract and the private lane shown hereon, declare that the private lane is not dedicated to the public, but shall remain private, to be maintained by and for the adjoining lot owners unless said lane(s) is accepted by the appropriate township or Clinton County, Illinois.

Signed _____

Date _____

- (6) Private lanes shall not be located closer than 1320 feet from another private lane on the same side of the existing public road.

34-9-3

STREET DESIGN STANDARDS.

The following design standards shall be considered minimum requirements and shall specifically apply to residential subdivisions. The requirements for nonresidential subdivisions shall be such as the Subdivision Committee deems appropriate for the type of development and use contemplated but in no event be less than the requirements of residential subdivisions. A typical cross-section of each type of roadway to be built shall be furnished.

(A) **Right-of-Way Width.** Right-of-way width should be determined by expected future extensions, volumes, land use type and density and the topographical conditions. The entire right-of-way shall be provided where any part of the subdivision is on both sides of the right-of-way. When the subdivision is located on only one side of an existing right-of-way, which is less than the required width, the subdivider shall dedicate additional right-of-way to meet the requirements, but not exceeding **one-half (1/2)** of the total required width. In cases where topography or other conditions make the dedication of the required minimum width of a street or part thereof impractical, the County Engineer may modify the right-of-way width requirements.

Additional right-of-way width may be required; the following represent minimums:

- | | | |
|-----|--------------------|---------|
| (1) | Arterial | a/ |
| (2) | Collector | 60 feet |
| (3) | Land Access Street | 50 feet |

a/ Design of area service highways shall conform to the Illinois Department of Transportation Design and Construction Policies, Standards and Specifications.

(B) **Pavement Widths.** Pavement width, shoulder to shoulder, shall not be less than the following:

- | | | |
|-----|--|---------|
| (1) | Arterial | a/ |
| (2) | Collector | 40 feet |
| | (Streets 24 feet wide with 8 foot shoulders) | |
| (3) | Land Access Street | 30 feet |
| | (Streets 20 feet wide with 5 foot shoulders) | |

a/ Design of area service highways shall conform to the Illinois Department of Transportation Design and Construction Policies, Standards and Specifications.

(C) **Street Grades.** Street grades shall not exceed the following unless otherwise approved by the County Engineer:

- (1) Grades of all streets shall not normally be greater than **seven percent (7%)**.
- (2) The profile of all streets shall be approved by the County Engineer. The profile shall show existing ground line and proposed grades.

- (3) Grades approaching intersections shall not exceed **five percent (5%)** for a distance of not less than **one hundred (100) feet** from the centerline of said intersection.
- (4) Surface cross-drainage shall not be permitted on any street.

(D) **Horizontal Curves.** Where a centerline deflection angle occurs a circular curve shall be introduced, having a centerline radius of not less than the following:

- | | | |
|-----|--------------------|----------|
| (1) | Collector Street | 200 feet |
| (2) | Land Access Street | 100 feet |

(E) **Tangents.** There shall be a tangent of not less than **one hundred (100) feet** provided between reverse curves on all streets.

(F) **Intersections.** Street intersections shall be laid out as follows:

- (1) Streets shall intersect as nearly as possible at right angles and no street shall intersect at less than **sixty degrees (60°)**.
- (2) Intersections, including driveways and private lanes, with county highways and state highways shall be at least **six hundred sixty (660) feet** apart measured from centerline to centerline, except where impractical or impossible due to existing property divisions or topography. Entrances on township roads shall be subject to the approval of the Township Highway Commissioner. Intersections with state highways shall also be approved by the Illinois Department of Transportation.
- (3) Land access street curb intersections shall be rounded by radii of at least **fifteen (15) feet**; intersections involving collector streets shall have radii of not less than **twenty-five (25) feet**.
- (4) Street intersections with centerline offsets of less than **one hundred twenty-five (125) feet** shall not be permitted.
- (5) Intersection of more than **two (2) streets** at **one (1)** point shall be prohibited.

(G) **Cul-de-Sac and Dead-End Streets.** Unless topography indicates a need for a greater length, cul-de-sac and dead-end streets, designed to be so permanently, shall be no longer than **one thousand (1,000) feet** and shall terminate in a circular open space having a radius at the outside of the pavement of at least **fifty (50) feet** and a radius at the outside of the right-of-way of at least **sixty (60) feet**. This length may be increased where topography or existing conditions prohibit a reasonable connection. Temporary stub streets shall be provided with a temporary turnabout at the terminus of such streets.

(H) **Alleys.** When required, alleys shall comply with the following requirements:

- (1) Alleys may be required in commercial and industrial districts, except that the Subdivision Committee may waive this requirement where other definite and assured provision is made for services access, such as off-street loading, unloading, and parking facilities.
- (2) Alleys are not permitted in residential districts, except when the Subdivision Committee determines special conditions warrant a secondary means of access.
- (3) Alleys, where provided to serve business area, shall have a right-of-way of not less than **twenty-four (24) feet**; where provided to serve residential blocks shall have a right-of-way width of not less than **twenty (20) feet**.
- (4) Dead-end alleys shall not be permitted, except where provided with adequate turn-around facilities at the dead-end, or where such dead-end alleys provide the only access to off-street parking or loading spaces.

These monuments must be placed at all corners, at each end of all curves, at the point where a curve changes its radius, at all angle points in any line and at all angle points along a meander line, the points to be not less than **twenty (20) feet** back from the normal water elevation of a lake or from the bank of a stream, except that when such corners or points fall within a street, or proposed future street, the monuments must be placed in the rights-of-way line of the street. All lot corners shall be monumented with iron pins or pipe.

The Developer may delay installation of lot marker monuments until completion of improvements provided that cost of placing said monuments shall be included in the improvement plan cost estimate and be subject to bonding requirements. The land surveyor shall submit letter stating desire to place monuments after improvements are completed in contract form guaranteeing maximum cost for installation.

MAINTENANCE: The Owner/Developer is responsible for maintaining the road two (2) years after all construction has been completed. The Owner/Developer will be required to have a performance guarantee for maintenance until the road is accepted by the road district highway commissioner.

EROSION AND SEDIMENT CONTROL: The National Pollutant Discharge Elimination System (NPDES) program of the Federal Clean Water Act imposes erosion and sediment control requirements for construction projects. All projects disturbing one or more of land that are under construction on or after March 10, 2003 are required to comply with NPDES Phase II rules. The owner/developer shall comply with all the current or future provisions of the NPDES Permit No. ILR 10, an individual permit or any other future applicable erosion and sediment control requirements unless the owner/developer or his engineer certifies in writing to the Clinton County Highway

If the developer fails or refuses to pay for all penalties for any NPDES violation part or all of the developer's performance guarantee may be used to pay for any or all penalties so that there will be no liens against the road and a township road district highway commissioner could accept it for maintenance. New roads must have permanent erosion controls in place prior to the release of the performance guarantee.

PENALTY: I understand that if my Engineer or Contractor fails or refuses to comply with the Clinton County requirements for the construction of subdivision roads part or all of my performance guarantee may be used by the Clinton County Highway Department to hire another Engineer or Contractor to do the necessary work. The Clinton County Highway Department will notify the Owner/Developer in writing when his Engineer or Contractor has not complied with the county requirements. The Owner/Developer may have up to thirty (30) days at the discretion of the County Engineer to comply with county requirements before the County Engineer hires another firm to do the required work.

If fabric and aggregate are placed on any subgrade that has not been approved in writing by the County Highway Department, additional rock will be required at these locations. The thickness and quantity of this additional rock will be determined by the Clinton County Engineer.

If prime, oil and chips are placed on any section of a rock surface that has not been approved in writing by the County Highway Department, additional applications of oil and chips and possibly other bituminous materials will be required at these locations. The type and quantity of additional material will be determined by the Clinton County Engineer.

MISCELLANEOUS: The Owner/Developer's Contractor must give two (2) working days notice to the Clinton County Highway Department when an onsite inspection is needed to approve the subgrade, rock surface or site grading for seeding.

ARTICLE II – RECORDER OF DEEDS

DIVISION I – TITLE TRANSFER TAX

36-2-1 **DEFINITIONS.** The following words shall have the meanings ascribed to them in this Article:

“Recordation” means the recording of deeds by the Recorder of Deeds.

“Person” means any natural individual, firm, partnership, association, joint stock company, joint adventure, public or private corporation, or a receiver, executor, trustee, conservator or other representative appointed by order of any court.

“Value” means the amount of the full actual consideration thereof, including the amount of any lien or lines assumed by the buyer.

36-2-2 **TAX IMPOSED.** A tax is imposed on the privilege of transferring title to real estate or beneficial interest in a land trust, as represented by the deed that is filed for recordation, at the rate of **Twenty-Five Cents (25¢)** for each **Five Hundred Dollars (\$500.00)** of value or fraction thereof stated in the declaration provided for in this Section. If, however, the real estate is transferred subject to a mortgage, the amount of the mortgage remaining outstanding at the time of transfer shall not be included in the basis of computing the tax.

Such tax shall be collected by the Recorder of Deeds through the sale of revenue stamps whose design, denominations and form shall be prescribed by the Recorder of Deeds. Except as provided in No. 4 of this Article, no deed or trust document shall be accepted for filing by the Recorder of Deeds unless County revenue stamps in the required amount have been purchased from the Recorder of Deeds. Such revenue stamp shall be affixed to the deed or trust document by the Recorder of Deeds either before or after recording as requested by the grantee. A person using or affixing a revenue stamp shall cancel it and so deface it as to render it unfit for reuse by marking it with his initials and the day, month and year when the affixing occurs. Such markings shall be made by writing or stamping in indelible ink or by perforating with a machine

or punch. However, the revenue stamp shall not be so defaced as to prevent ready determination of its denomination and genuineness.

At such time as the tax levied by this Article is paid, there shall be filed with the Recorder of Deeds a fully executed and completed copy of the "Real Estate Transfer Declaration" required by provisions of **35 ILCS 305/3**.

36-12-7 EXEMPTION FOR DISABLED VETERANS.

(A) Beginning on **January 1, 2004**, a manufactured home owned and used exclusively by a disabled veteran or the spouse or unmarried surviving spouse of the veteran as a home, is exempt from the tax imposed under this Article.

(B) As used in this Section:

"Disabled veteran" means a person who has served in the armed forces of the United States and whose disability is of such a nature that the federal government has authorized payment for purchase or construction of specially adapted housing as set forth in the United States Code, Title 38, Chapter 21, Section 2101.

The County Clerk shall forward a copy of the certification to local assessing officials. **(See 35 ILCS 515/7.5)**

36-12-8 FAILURE TO PAY TAX; LIEN. If any local services tax imposed by this Article is not paid when due, the County Treasurer of the County in which the manufactured home is located shall have a lien on the manufactured home for the amount of the tax, addition to the tax, penalty and interest due. The Treasurer shall notify the taxpayer in writing of the existence of the lien. Such lien shall terminate (i) unless the County Treasurer files with the County Recorder of the County in which the manufactured home is located a notice of lien within **one (1) year** of such tax due date or (ii) if the County Treasurer applies for judgment and order of sale for delinquent taxes on manufactured homes pursuant to the provisions of the Manufactured Home Local Services Tax Enforcement Act and the taxes are sold. From the time of the filing, the amount set forth in the certificate also constitutes a lien upon all property of the taxpayer then owned by him or thereafter acquired by him in the period before the expiration of the lien. Such liens have the same force, effect and priority as a judgment lien and continue for **ten (10) years** from the date of the recording unless sooner released or otherwise discharged. The County Treasurer may, at any time, release all or any portion of the property subject to any lien provided for in this Act or subordinate the lien to other liens if he determines that the taxes are sufficiently secured by a lien or other property of the taxpayer or that the release or subordination of the lien will not endanger or jeopardize the collection of the taxes.

If the owner of a manufactured home which the tax has not been paid does not make payment within **six (6) months** after a lien has been filed, civil action may be instituted by the collector for the amount of the tax, plus interest, penalties and costs. If sale of the property is ordered, the court may direct the sale to be made in cash or on such terms as it may deem in the best interests of all parties. The court may direct that such sale be held by the Sheriff or in open court. **(See 35 ILCS 515/8)**

36-12-9 INTEREST ON DELINQUENT TAXES; PENALTY FOR FRAUD. For taxable year 2003 and thereafter, if any local services tax, or part thereof, imposed by this Article is not paid on or before the due date for such tax, the taxpayer shall be required to pay a penalty of **Twenty-Five Dollars (\$25.00)** per month, or any portion thereof, not to exceed **One Hundred Dollars (\$100.00)**. If such failure to pay such tax is the result of fraud, there shall be added to the tax as a penalty an amount equal to **fifty percent (50%)** of the deficiency. **(See 35 ILCS 515/9)**

36-12-10 INVALIDITY OF PROVISIONS. If any section, subsection, sentence or clause of this Article shall be adjudged unconstitutional, such adjudication shall not affect the validity of the Article as a whole or of any section, sub-section, sentence or clause thereof not adjudged unconstitutional.

36-12-11 MANUFACTURED HOME DEALERS – NOTIFICATION. Manufactured home dealers shall, within **ten (10) days** after any retail sale and delivery of a manufactured home, notify the County Clerk of the County in which the point of delivery is located of the sale, the name of the purchaser, the point at which delivery to the purchaser was made, and the serial number and exterior measurements of the manufactured home.

36-12-12 NOTICE TO ASSESSOR OF OWNERSHIP CHANGE. An operator of a manufactured home park licensed under the provisions of the Mobile Home Park Act and any land owner on which an inhabited manufactured home is located shall notify the Supervisor of Assessments when a change in ownership occurs in a manufactured home located in such a park or on such land. (See 35 ILCS 515/10.1)**

36-12-13 MOVING PERMITS – PENALTY. Before any manufactured home subject to the tax imposed by this Article may be moved, the transporting company must obtain a permit from the Supervisor of Assessments office certifying that the tax on the manufactured home has been paid for the current tax period. 36-12-14 PENALTY. It shall be a violation of this Code to fail to submit information required under this Article or to knowingly submit any false information under this Article. **(See 35 ILCS 515/1 et seq.) [See Section 1-1-20 for Penalty.]**

If no return is filed within the time or manner provided by the controlling tax ordinance and prior to the County issuing a notice of tax delinquency or notice of tax

liability, then a failure to file penalty shall be assessed equal to **twelve percent (12%)** of the total tax due for the applicable reporting period for which the return was required to be filed. A late filing or payment penalty shall not apply if a failure to file penalty is imposed by the controlling ordinance.

36-13-12 **ABATEMENT.** The local tax administrator shall have the authority to waive or abate any late filing penalty, late payment penalty or failure to file penalty if the local tax administrator shall determine reasonable cause exists for delay or failure to make a filing.

36-13-13 **INSTALLMENT CONTRACTS.** The County may enter into an installment contract with the taxpayer for the payment of taxes under the controlling tax ordinance. The local tax administrator may not cancel any installment contract so entered unless the taxpayer fails to pay any amount due and owing. If the taxpayer fails to cure the delinquency within the **fourteen (14) day** period or fails to demonstrate good faith in restructuring the installment contract with the local administrator, the installment contract shall be canceled without further notice to the taxpayer.

A taxpayer filing a voluntary disclosure application must agree to pay the amount of tax due, along with interest of **one percent (1%)** per month, for all periods prior to the filing of the application but not more than **four (4) years** before the date of filing the application. A taxpayer filing a valid voluntary disclosure application may not be liable for any additional tax, interest, or penalty for any period before the date the application was filed. However, if the taxpayer incorrectly determined and underpaid the amount of tax due, the taxpayer is liable for the underpaid tax along with applicable interest on the underpaid tax, unless the underpayment was the result of fraud on the part of the taxpayer, in which case the application shall be deemed invalid and void. The payment of tax and interest must be made by no later than **ninety (90) days** after the filing of the voluntary disclosure application or the date agreed to by the local tax administrator. However, any additional amounts owed as a result of an underpayment of tax and interest previously paid under this Section must be paid within **ninety (90) days** after a final determination and the exhaustion of all appeals of the additional amount owed or the date agreed to by the local tax administrator, whichever is longer.

ARTICLE IV - REGULATIONS FOR SPECIFIC DISTRICTS

DIVISION I – AGRICULTURAL

40-4-1 "A" AGRICULTURAL DISTRICT. The carrying out of agricultural activities has long been, and continues to be, an important part of the way-of-life for Clinton County residents, and such activities provide a large portion of the income derived by the County's population. Thus, to promote and protect this mainstay of the local economy, it has been established as official policy that the County should protect, preserve, and encourage the pursuit of agriculture by its residents. The creation of the "A" Agricultural District is an integral part of that policy. The "A" District encompasses sparsely developed areas which, because of the fertility of the soil, topography, the availability of water, and other factors, including the suitability of the land for the raising of animals, have high agricultural productivity. The regulations for this district are intended to preserve such agricultural land by severely restricting the encroachment of non-agricultural uses and structures. The owners and renters of property, whether farm or non-farm, in this district should realize that they will likely encounter the smells, sights, and sounds attendant to agricultural operations. This Zoning Code encourages the conduct of lawful activity including the conduct of agriculture operations consistent with the principles established by this Zoning Code and other applicable ordinances of the County of Clinton and the laws of the State of Illinois.

(**Ord. No. 02-20-07; 2007**)

40-4-5 - 40-4-10 RESERVED.

40-4-11 "A-R" AGRICULTURAL/RESIDENTIAL DISTRICT. As stated in **Section 40-4-1**, the preservation of agricultural land has been established as County policy. However, it is recognized that some present and future County residents may desire to reside in a low-density rural setting. Thus, the "A-R" Agricultural/Residential District has been created to accommodate this desire. The "A-R" District encompasses various hilly/wooded areas scattered throughout the County's rural environs. The topography, soils, heavy tree cover, and other characteristics of these areas – and the consequent difficulty of extending public utilities and services to them – impose significant constraints on both large-scale farming and intensive urban development. However, land in this district is well-suited for low-density residential urban

development. Thus, the district regulations are designed to encourage construction of single-family homes on **three (3) acre** or larger tracts of land and to discourage development of incompatible uses. **(Ord. No. 02-20-07; 2007)**

ARTICLE VI - OFF-STREET PARKING

40-6-1 APPLICABILITY OF ARTICLE. Off-street parking shall be provided in accordance with this Article for all structures and uses erected or established after the effective date of this Code.

40-6-2 EXISTING OFF-STREET PARKING.

(A) Existing off-street parking located on the same lot as the use served shall not be reduced—or if already less than, shall not be further reduced--below the requirements and standards for similar new structures or uses.

(B) When an existing structure or use is damaged or destroyed and subsequently repaired or rebuilt, off-street parking equivalent to any maintained at the time of such damage or destruction shall be restored, but additional off-street parking need not be provided.

(C) Whenever the use of any structure or premises is intensified through addition of dwelling units, increased floor area, greater seating capacity, etc., additional off-street parking commensurate with such increases in use-intensity shall be provided.

(D) Whenever the existing use of a structure is changed to a different use, off-street parking shall be provided as required herein for such new use.

40-6-3 PARKING LOT DESIGN STANDARDS. All off-street parking lots shall conform to the standards indicated in the subsections which follow:

(A) **Spaces.** Each required off-street parking space shall be at least **ten (10) feet** wide and **twenty (20) feet** long. Every space shall be situated so that no part of any parked vehicle overhangs the public right-of-way.

(B) **Interior Aisles.** Aisles within parking lots shall be sufficiently wide to permit safe and efficient vehicular movement in the aisles, and into and out of parking spaces. Aisles designed for two-way traffic shall be at least **twenty-two (22) feet** wide. One-way aisles designed for **sixty (60) degree** parking shall be at least **eighteen (18) feet** wide.

(C) **Access Ways.**

- (1) Parking lots shall be designed so that ingress to or egress from a parking space is from an aisle or driveway, not directly from the public right-of-way.
- (2) No access way to any parking area shall be located within **thirty (30) feet** of any corner formed by the intersection of the rights-of-way of **two (2)** or more streets. At intersections where traffic control devices are installed, the Administrator may increase this requirement as necessary to prevent traffic hazards.
- (3) Parking area access ways and public streets shall be aligned to form--as closely as feasible--right angles.
- (4) The access way to every parking lot located in the Commercial or Industrial District shall be at least **twenty-four (24) feet** wide unless **two (2)** one-way drives, each **twelve (12) feet** wide, are provided.

40-6-4 LOCATION OF OFF-STREET PARKING. All off-street parking shall be located in conformity with the following requirements:

(A) **For Dwellings.** Parking spaces accessory to dwellings shall be located on the same lot as the dwelling. Such parking spaces shall not be located in any front yard except in the driveway, but may be located in the side or rear yards. Each parking space accessory to a multi-family dwelling shall be unobstructed so that no vehicle need be moved to allow another vehicle to enter/exit the parking area.

(B) **For Commercial/Industrial Uses.**

- (1) Every off-street parking space accessory to any commercial or industrial use shall be located within **five hundred (500) feet** of the use served; provided, that no portion of any parking lot for non-residential uses shall extend into any Residential District or into the Agricultural District except by written permission of the Administrator.
- (2) In the Commercial or Industrial District, off-street parking facilities for different buildings or uses may be provided collectively; but only if the total number of spaces so located together is not less than the sum of the separate requirements (if any) for each use, and only if all other pertinent regulations are observed.

40-6-5 COMPUTATION OF REQUIRED PARKING SPACES. In computing the number of parking spaces required by this Code, the Administrator shall apply the following rules:

(A) In computing parking space requirements based on the number of employees, the maximum number of employees on the premises at any period of the day shall be used. **"Employee parking" means one (1) parking space shall be required per one and one-half (1.5) employees"**, unless otherwise stated.

(B) In computing parking space requirements on the basis of building floor area, the **gross** floor area shall be used.

(C) Whenever it is necessary to translate gross parking lot area into number of parking spaces, **three hundred fifty (350) square feet** of gross area shall be deemed **one (1)** parking space.

(D) If computation of the number of parking spaces required by this Code results in a fractional space, any fraction of **one-half (.5)** or more shall be counted as **one (1) space**.

(E) No space or portion thereof needed to satisfy the minimum applicable requirement for number of off-street parking spaces shall be counted as part of the off-street parking spaces required for another structure or use.

40-6-6 DESIGN AND LOCATION OF OFF-STREET LOADING FACILITIES. If provided, all off-street loading facilities shall conform to the minimum standards indicated below:

(A) **Size Of Space.** Every required off-street loading space shall be at least **twelve (12) feet** wide and sufficiently long to accommodate the type of vehicle expected to use the space. In no case shall a vehicle being loaded or unloaded overhang into the public right-of-way.

(B) **Access Way.** Every off-street loading space shall have a safe means of vehicular access to a street or alley. Such access way shall be at least **twelve (12) feet** wide.

(C) **Surfacing.** Every off-street loading area shall be improved with a compacted stone base at least **seven (7) inches** thick.

40-6-7 NUMBER OF PARKING SPACES REQUIRED. Off-street parking spaces shall be provided as indicated in the table below. ARTICLE VII - NONCONFORMITIES

40-7-1 PURPOSE OF ARTICLE. The requirements imposed by this Code are designed to guide the use of land by encouraging the development of structures and uses that are compatible with the predominant character of each of the various districts. Lots, structures, and uses of land or structures that do not conform to the requirements of the district in which they are located impede appropriate development. For example, nonconformities are frequently responsible for truck traffic on residential streets, the overtaxing of parking facilities, the creation of nuisances, and/or the lowering of property values. **The regulations of this Article are intended to alleviate such existing/potential problems by encouraging the gradual elimination of nonconformities.**

40-7-2 NONCONFORMING LOTS. Any vacant lot that does not conform to **one (1)** or more of the lot size (area, dimensions) requirements of the district in which it is located may, nonetheless, be developed for any use permitted in that district if such vacant lot was recorded in the County Recorder of Deeds Office prior to the enactment of this Code and is at least **fifty (50) feet** wide and meets all setbacks and yard requirements of the zoning district in which it is located. No such lot may be developed unless it meets the minimum requirements established by the County and the Illinois Environmental Protection Agency for the provision of water and sewer service. **(Ord. No. 2015-03)**

40-7-3 TWO OR MORE LOTS IN COMMON OWNERSHIP. If **two (2)** or more lots or combinations of lots and portions of lots with continuous frontage were of record and in common ownership on the effective date of this Code, and if **one (1)** or more of those lots does not meet the minimum lot width, depth, and area requirements of the district in which it is located, the land involved shall be considered an individual parcel. No portion of any such parcel shall be developed except in compliance with this Code, nor shall any such parcel be divided so as to create a lot that does not meet the requirements of this Code.

40-7-4 NONCONFORMING STRUCTURES. Any otherwise lawful structure which exists on the effective date of this Code, but which could not be erected under the terms of this Code because of requirements/restrictions on lot size, height, setbacks, or other characteristics of the structure or its location on the lot may lawfully remain, subject to the following provisions.
(Ord. No. 05-04-02)

(A) **Enlargement, Alterations.** No such structure shall be enlarged or altered in any way which increases its nonconformity.

(B) **Relocation.** No such structure shall be relocated unless, after relocation, it will conform to all the regulations of the district in which it is located.

(C) **Reconstruction.** No such structure which is destroyed or damaged by any means shall be reconstructed if the Administrator determines that the cost of such reconstruction exceeds **fifty percent (50%)** of the structure's market value at the time of loss, unless after reconstruction the structure will conform to all applicable regulations of the district in which it is located. In the event the Administrator determines the estimated cost of reconstruction is less than **fifty percent (50%)** of the structure's market value at the time of

loss, repairs or reconstruction shall be permitted, provided such work starts within **six (6) months** from the date the damage occurred and is diligently prosecuted to completion.

The Administrator may require that the reconstruction cost estimate be made by a bona fide construction contractor, and that the structure's market value at the time of loss be determined by a licensed real estate appraiser. The owner of the damaged structure shall be responsible for obtaining these estimates for the Administrator.

40-7-5 NONCONFORMING USES. Any otherwise lawful use existing on the effective date of this Code which would not be allowed under the terms of this Code may lawfully continue, subject to the following provisions. **(Ord. No. 05-04-02)**

(A) **Maintenance.** Any structure housing a nonconforming use may be maintained through ordinary repairs.

(B) **Expansion of Use.** No nonconforming use shall be expanded so as to occupy a larger portion of the structure or lot than was occupied on the effective date of this Code.

(C) **Change of Use.** A nonconforming use shall not be changed except to a use permitted under the applicable district regulations.

(D) **Relocation.** No nonconforming use shall be moved, in whole or in part, unless such use, upon relocation, will conform to all pertinent regulations of the district in which it is proposed to be located.

(E) **Discontinuance of Use.** When a nonconforming use is discontinued or vacant for **twelve (12)** consecutive months or for **thirty (30) months** during any **three (3) year** period, the nonconforming use shall not thereafter be resumed. Any discontinuance caused by government action and without any contributing fault by the nonconforming user shall not be counted in calculating the length of discontinuance.

40-7-6 NONCONFORMITIES UNDER PERMIT AUTHORITY. The regulations of this Article shall not affect the terms of any permit issued prior to the effective date of this Code or any pertinent amendment thereto, provided that the work authorized by such permit is completed within a reasonable time.

ARTICLE VIII - ADMINISTRATION AND ENFORCEMENT

40-8-1 ZONING ADMINISTRATOR. The office of Zoning Administrator of Clinton County is hereby established. The Administrator shall be appointed by the County Board Chairman with the advice and consent of the County Board, and shall continue to hold office at the pleasure of the County Board. The Administrator is hereby authorized and directed to administer and enforce the provisions of this Code. This broad responsibility encompasses, but is not limited to, the following specific duties:

40-8-2 INITIAL CERTIFICATES OF ZONING COMPLIANCE. Upon the effective date of this Code, no land shall be created, no land shall be developed, no new use or structure shall be established or erected, and no existing use or structure shall be enlarged, extended, altered, relocated or reconstructed until an initial certificate of zoning compliance has been issued. **(See Section 40-3-15, Agricultural Exemption)** The Administrator shall not issue an initial certificate of zoning compliance unless, following consultation with technically

qualified persons as necessary, he determines that the proposed work conforms to the applicable provisions of this Code. **[NOTE: This Code was effective December, 1990]**

40-8-3 APPLICATION. Every applicant for an **Initial Certificate of Zoning Compliance** shall submit to the Administrator, in graphic and/or narrative form, all the items of information listed below that are applicable to the particular project. The Administrator shall decide which items are applicable. **(NOTE: Filing fee generally required.)**

The Administrator may renew **Initial Certificates of Zoning Compliance** for successive **one (1) year** periods upon written request, provided the applicant is making a good faith effort to complete the authorized work.

40-8-5 FINAL CERTIFICATES OF ZONING COMPLIANCE. No lot or part thereof recorded or developed after the effective date of this Code, and no structure or use, or part thereof, that has been erected, enlarged, altered, relocated, or reconstructed after the effective date of this Code shall be used, occupied or put into operation until a final certificate of zoning compliance has been issued. **(See Section 40-3-15, Agricultural Exemption)** The Administrator shall not issue a final certificate of zoning compliance until he has determined, **by inspection**, that the work authorized by the initial certificate of zoning compliance has been completed in accordance with approved plan. Failure to obtain a final certificate of zoning compliance shall constitute a separate violation of this Code.

40-8-6 CORRECTIVE ACTION ORDERS. Whenever the Administrator finds, by inspection or otherwise, that any lot, structure, or use, or work thereon is in violation of this Code, he shall so notify the responsible party, and shall order appropriate corrective action.

(A) **Contents of Order.** The order to take corrective action shall be in writing and shall include:

- (1) A description of the premises sufficient for identification;
- (2) A statement indicating the nature of the violation;

- (1) Served upon him personally;
- (2) Sent by registered mail to his last known address; or

(3) Posted in a conspicuous place on or about the affected premises.

(C) **Stop Order.** Whenever any work being done in violation of an **Initial Certificate of Zoning Compliance**, the Administrator's corrective action order may state that the violation must cease immediately. **(See Section 40-8-6(A)(4).)** In such case, the corrective action order is equivalent to a stop order.

40-8-7 EMERGENCY MEASURES. Notwithstanding any other provisions of this Code, whenever the Administrator determines that any violation of this Code poses an imminent peril to life or property, he may institute, without notice or hearing, any necessary proceedings to alleviate the perilous condition.

40-8-8 COMPLAINTS. Whenever any violation of this Code occurs, or is alleged to have occurred, any person may file a written complaint on forms provided by the Administrator. The Administrator shall record such complaints, promptly investigate, and, if necessary, institute appropriate corrective action.

40-8-9 FILING FEES. By resolution, the County Board shall establish (and may amend from time to time) a schedule of filing fees for the various permits and procedures listed in this Code. Said fees are intended to defray the administrative costs connected with the processing/conducting of such permits or procedures; the fees do not constitute a tax or other revenue-raising device. All such fees shall be paid by the applicant to the County Treasurer's office. A schedule of filing fees is included in Attachment A. All fees are non-refundable. No permit fees shall be charged to school districts or other units of local government. Hearing fees shall be assessed to all units of local government. **(Ord. No. 2015-05)**

40-8-10 PENALTIES.

(A) Any person who is convicted of a violation of this Code shall be guilty of a Class B misdemeanor and shall be fined not less than **Seventy-Five Dollars (\$75.00)**, nor more

than **One Thousand Dollars (\$1,000.00)**, plus costs. Each day on which a violation continues shall be considered a separate offense.

(B) Nothing contained in this Section shall prevent the County from taking any other lawful action that may be necessary to secure compliance with this Code.

(Ord. No. 2015-05)

40-9-12 STAY OF FURTHER PROCEEDINGS. An appeal stays all further action on the matter being appealed unless the Administrator certifies to the Board of Appeals, after the notice of appeal has been filed with him, that for reasons stated in the certificate, a stay would cause imminent peril to life or property. In such cases, further action shall not be stayed unless the Board of Appeals or the Circuit Court grants a restraining order for due cause, and so notifies the Administrator.

40-9-13 PUBLIC HEARING, NOTICE. The Board of Appeals shall hold a public hearing on every appeal within a reasonable time after the filing of the appeal notice. 40-9-15 **RESERVED.**

DIVISION III - SPECIAL USE PERMITS

40-9-16 **NATURE OF SPECIAL-USES.** This Code divides the County into various districts, and permits in each district as a matter of right only those uses which are clearly compatible with one another. Certain other uses, because of their special operational or physical characteristics, may or may not have a detrimental impact on nearby permitted uses, depending upon their precise location, manner of operation, and other factors. Such "special uses" require careful case-by-case review, and may be allowed only by the Clinton County Zoning Board of Appeals.

40-9-17 **APPLICATION.** Every applicant for a special-use permit shall submit to the Administrator, in narrative and/or graphics form, the items enumerated below. If the land in

question is within **one and one-half (1 ½) miles** of a municipality, the Administrator shall send copy of the application to the Clerk of that municipality. At the hearing, any interested party may appear and testify, either in person or by duly authorized agent or attorney. Notice indicating the time, date, and place of the hearing, and the nature of the proposed special-use shall be given not more than **thirty (30)** nor less than **fifteen (15) days** before the hearing:

- (A) By first-class mail to the applicant and to all parties whose property is adjacent to the property for which the special use permit is sought; and

(F) whether the proposed Special Use is compatible to adjacent uses and uses in the general vicinity; and

(G) the time period for which the Special Use Permit should be granted or any special requirements for certification of continued compliance with the terms of approval.

40-9-20 **FINDINGS OF FACT, TERMS OF RELIEF, REPORT OF RECORD.** The Zoning Board of Appeals shall render a decision on every Special Use Permit within a reasonable time after the public hearing on the application and a Report of Record shall be made and retained on file by the Zoning Administrator. A copy of the Report of Record shall be provided to the owner/applicant and copies transmitted to the County officials or other as required.

40-9-21 **REVOCATION.** The Zoning Board of Appeals may revoke a Special Use Permit issued under this Article if the proposal for which a permit has been issued is not carried out pursuant to the conditions and requirements of approval. **(55 ILCS 5/5-12009.5)**

DIVISION IV - VARIANCES

40-9-22 VARIANCES. A variance is a relaxation of the requirements of this Code that are applicable to a particular lot, structure, or use. The Zoning Board of Appeals may grant a variance if it is determined that there are practical difficulties or particular hardships in the way of carrying out the strict letter of any such regulations relating to the use, construction or alteration of buildings or structures or the use of land.

40-9-23 APPLICATION. Every application for a variance shall be filed with the Administrator on a prescribed form. The Administrator shall promptly transmit said application to the Board of Appeals together with any recommendation or comments he may wish to make. The application shall contain sufficient information to allow the Board of Appeals to make an information decision, and shall include, at a minimum, the following: **(NOTE: Filing fee required.)**

- (A) Name and address of the applicant;
- (B) Location of the lot, structure, or use for which the variance is sought;
- (C) Relationship of said lot, structure, or use to adjacent lots, structures, or uses;
- (D) Specific section(s) of this Code containing the regulations which, if strictly applied, would cause a serious problem; and
- (E) Any other pertinent information that the Administrator may require.

40-9-24 PUBLIC HEARING, NOTICE. The Board of Appeals shall hold a public hearing on each variance request within a reasonable time after the variance application is submitted to them. At the hearing any interested party (including any school district in which the property in question is located) may appear and testify, either in person or by duly authorized agent or attorney. All testimony shall be given under oath. Notice of the hearing shall be given not more than **thirty (30)** nor less than **fifteen (15) days** before the hearing:

- (A) By first-class mail to the applicant and to all parties whose property is adjacent to the property for which the variance is sought; and
- (B) By publication in a newspaper of general circulation within the County.

40-9-25 **CONTENTS OF NOTICE.** The notice of a public hearing on a variance request shall include the following information:

- (A) date, time, and place of said hearing;
- (B) name and address of the applicant;
- (C) the particular location of the real estate for which the variation is requested by legal description and street address, and if no street address then by locating such real estate with reference to any well-known landmark, road or intersection;
- (D) whether or not the applicant is acting for himself or in the capacity of agent or representative of a principal, and stating the name and address of the true principal;
- (E) whether the applicant is a corporation, and if a corporation, the correct names and addresses of all officers and directors, and of all stockholders or shareholders owning any interest in excess of **twenty percent (20%)** of all outstanding stock of such corporation;

(F) whether the applicant, or his principal if other than the applicant, is a business or entity doing business under an assumed name, and if so, the name and residence of all true owners of such business or entity;

(G) whether the applicant is a partnership, joint venture, syndicate or an unincorporated voluntary association, and if so, the names and addresses of all partners, joint ventures, syndicate members or members of the unincorporated voluntary association; and

(H) a brief statement describing the proposed variance.

40-9-26 STANDARDS FOR VARIANCES. The Board of Appeals shall not grant any variance unless, based upon the evidence presented to them, they determine that:

(A) The proposed variance is consistent with the general purpose of this Code **(See Section 40-1-1)**; and

(B) Strict application of the district requirements would result in great practical difficulties or hardship to the applicant, and prevent a reasonable return on the property; and

(C) The proposed variance is the minimum deviation from such requirements that will alleviate the difficulties/hardship, and allow a reasonable return on the property; and

(D) The plight of the applicant is due to circumstances not of his own making; and

(E) The circumstances engendering the variance request are peculiar and not applicable to other property within the district, and therefore, that a variance would be a more appropriate remedy than an amendment (rezoning); and

(F) The variance, if granted, will not alter the essential character of the area where the premises in question are located nor materially frustrate implementation of the County Comprehensive Plan.

40-9-27 TERMS OF RELIEF, FINDINGS OF FACT. The Board of Appeals shall render a decision on every variance request within a reasonable time after the public hearing. They shall specify the terms of relief granted (if any) in one statement and **their findings of fact** in another statement. The findings of fact shall clearly indicate the Board of Appeals' reasons for granting or denying any requested variance. A copy of the findings of fact shall be made and retained on file by the Administrator.

40-9-28 MINOR VARIANCE/ZONING ADMINISTRATOR. If the variance sought is a variation of **ten percent (10%)** or less of the established regulation as identified in this Code (location of structures or bulk requirements), then the Zoning Administrator may grant a variation with no public hearing required; provided:

(A) A notice of intent to grant such variation shall be sent by certified mail to all adjoining landowners, and

(B) If any adjoining landowner files a written objection with the administrative officials within **fifteen (15) days** of receipt of such notice, the variation shall only be considered by the Zoning Board of Appeals as provided for other variations. **(Ord. No. 02-07-02)**

(55 ILCS 5/5-12009)

40-9-29 RESERVED.

DIVISION V - AMENDMENTS

40-9-30 AMENDMENTS. The County Board may amend this Code in accordance with State law (**55 ILCS 5/5-12001**) and the provisions of this Code. Proposed alterations of district boundaries or proposed changes in the status of uses (permitted, special, prohibited) shall be deemed proposed amendments.

Initiation of Amendments:

(A) Text amendments may be proposed by the Zoning Committee of the Clinton County Board, the Zoning Board of Appeals, or the Zoning Administrator.

(Ord. No. 2015-05)

40-9-31 FILING. Every proposal to amend this Code shall be filed with the Administrator on a prescribed form, and shall include such information as the Administrator considers necessary to allow the County Board to make an informed decision. The person proposing an amendment shall also file a copy of his proposal with the **Soil and Water Conservation District (See 70 ILCS Sec. 405/22.02a)** and, if the land in question is located within **one and one-half (1 ½) miles** of a municipality, with the Clerk of that municipality. The Administrator shall promptly transmit copies of the proposal, together with any comments or recommendations he may wish to make, to the Board of Appeals. **(NOTE: Filing fee required.)**

40-9-32 PUBLIC HEARING, LOCATION. The Board of Appeals shall hold a public hearing on every amendment proposal within a reasonable time after said proposal has been submitted to them. At the hearing any interested party (including any school district in which the property in question is located) may appear and testify, either in person or by duly authorized agent or attorney. All testimony shall be given under oath.

40-9-33 NOTICE OF PUBLIC HEARING. Notice indicating the time, date, and place of the public hearing, and the nature of the proposed amendment shall be given not more than **thirty (30)** nor less than **fifteen (15) days** before the hearing:

(A) By first class mail to the applicant and to all parties whose property is adjacent to the property that would be rezoned (in the case of rezoning); and

(B) By publication in a newspaper of general circulation within the County.

(C) The applicant shall bear the expense of mailing the indicated notice to all adjacent property owners by return receipt mail and submitting a proof of service back to the Administrator listing all parties to whom the notice was sent and attaching the return receipt signed by someone at the addressee's address.

(Ord. No. 11-94-7)

40-9-34 ADVISORY REPORT. Within a reasonable time after the public hearing, the Board of Appeals shall submit an advisory report to the County Board. Said advisory report shall include a recommendation regarding adoption or rejection of the proposed amendment, and

the reasons therefor. If the proposed amendment involves a rezoning, the advisory report shall include findings of fact concerning each of the following matters:

- (A) Existing use(s) and zoning of the property in question;
- (B) Existing use(s) and zoning of other lots in the vicinity of the property in question;
- (C) Suitability of the property in question for uses already permitted under existing regulations;
- (D) Suitability of the property in question for the proposed use;
- (E) The trend of development in the vicinity of the property in question, including changes (if any) which may have occurred since the property was initially zoned or last rezoned;
- (F) The effect the proposed rezoning would have on implementation of the County Comprehensive Plan.

40-9-35 ACTION BY COUNTY BOARD. The County Board shall act on every proposed amendment at their next regularly scheduled meeting following submission of the aforementioned advisory reports. Without further public hearing, the County Board may pass any proposed amendment by simple majority vote except as indicated below.

40-9-36 EXCEPTIONS. The favorable vote of at least **three-fourths (3/4)** of all the members of the County Board is required to pass an amendment to this Code in the following instances:

- (A) In the case of a written protest against a proposed amendment, filed with the County Clerk, and signed or acknowledged by the owners of **twenty percent (20%)** of the land rezoned, or by the owners of **twenty percent (20%)** of the frontage immediately adjoining or across an alley therefrom, or by the owners of **twenty percent (20%)** of the frontage directly opposite the frontage proposed to be altered; or
- (B) In the case of a written protest against a proposed amendment that affects land located within **one and one-half (1 ½) miles** of the limits of a zoned municipality, provided that said written protest is:

- (1) submitted by the particular zoned municipality with limits nearest adjacent to the affected property; and
- (2) signed and acknowledged by the City Council or by the President and Board of Trustees of said municipality; and
- (3) filed with the County Clerk.

(C) In such cases, a copy of the written protest shall be served by the protestor or protestors on the applicant for the proposed amendment and a copy upon the applicant's attorney, if any, by certified mail at the address of such applicant and attorney shown in the application for the proposed amendment.

40-9-37 NOTICE TO APPLICANT OF WRITTEN PROTEST. In cases of written opposition to an amendment of this Code as prescribed in **Section 40-10-35**, a copy of the written protest shall be served by the protester or protesters on the applicant for the proposed amendment and a copy upon the applicant's attorney, if any, by certified mail at the address of such applicant and attorney shown in the application for the proposed amendment.
